A detailed collage artwork by Tammy Kushnir. The central focus is a small, realistic bird, possibly a warbler, perched on a dark, textured book. The book is bound with a thick, brown rope that loops and knots around it. To the left of the book, there is a nest-like structure made of dry, light-colored grass and twigs. The entire composition is set against a blurred green background. In the foreground, there are various found objects, including a large, ornate metal piece with a circular pattern, a small wooden disc, and some loose white threads. The overall aesthetic is one of creative reuse and artistic expression.
