The End Of Reason A Response To The New Atheists:

The End of Reason Zondervan, 2009-09-01 FOR DISTRIBUTION OUTSIDE THE USA When Sam Harris wrote his book Letter to a Christian Nation stating that Christians display murderous intolerance Dr Ravi Zacharias felt called to answer The End of Reason is a clear and powerful response to the utter bankruptcy of Harris's New Atheism as it explains the true nature of God the foundation for evil in the world and the basis of true morality **The End of Reason** Ravi

Zacharias, 2008-09-09 When you pray are you talking to a God who exists Or is God nothing more than your imaginary friend like a playmate contrived by a lonely and imaginative child When author Sam Harris attacked Christianity in Letter to a Christian Nation reviewers called the book marvelous and a generation of readers hundreds of thousands of them were drawn to his message Deeply troubled Dr Ravi Zacharias knew that he had to respond In The End of Reason Zacharias underscores the dependability of the Bible along with his belief in the power and goodness of God He confidently refutes Harris's claims that God is nothing more than a figment of one's imagination and that Christians regularly practice intolerance and hatred around the globe If you found Sam Harris's Letter to a Christian Nation compelling the book you are holding is exactly what you need Dr Zacharias exposes the utter bankruptcy of this worldview And if you haven't read Harris's book Ravi's response remains a powerful passionate irrefutably sound set of arguments for Christian thought The clarity and hope in these pages reach out to readers who know and follow God as well as to those who reject God **A New Theist**

Response to the New Atheists Kevin Vallier, Joshua Rasmussen, 2019-11-11 In response to the intellectual movement of New Atheism this volume articulates a New Theist response that has at its core a desire to engage in productive and depolarizing dialogue To ensure this book is of interest to atheists and theists alike a team of experts in the field of philosophy of religion offer an assessment of the strongest New Atheist arguments The chapters address the most pertinent questions about God including politics and morality and each essay shows how a reflective theist might deal with points raised by the New Atheists This volume is a serious academic engagement with the questions asked by New Atheism As such it will be of significant interest to scholars working in the philosophy of religion and theology as well as those engaged in religious studies generally **Systematic Atheology** John R. Shook, 2017-12-01 Atheology is the intellectual effort to

understand atheism defend the reasonableness of unbelief and support nonbelievers in their encounters with religion This book presents a historical overview of the development of atheology from ancient thought to the present day It offers in depth examinations of four distinctive schools of atheological thought rationalist atheology scientific atheology moral atheology and civic atheology John R Shook shows how a familiarity with atheology's complex histories forms and strategies illuminates the contentious features of today's atheist and secularist movements which are just as capable of contesting each other as opposing religion The result is a book that provides a disciplined and philosophically rigorous examination of atheism's intellectual strategies for reasoning with theology Systematic Atheology is an important contribution to the

philosophy of religion religious studies secular studies and the sociology and psychology of nonreligion *The Grand Weaver: How God Shapes Us Through the Events of Our Lives* Ravi Zacharias, 2010 With inspiring stories and thought provoking questions Ravi Zacharias traces the multiple threads of our lives describing how the unseen hand of God guides our joys our tragedies our daily humdrum to weave a pattern of divine providence and meaning [A Christian Apologetic For Christian Apologists](#) Lance Waldie, 2013-01-09 The Christian faith is based on historical truths that if properly understood can be defended as truth and not wishful thinking In a day and age where it is said that truth does not exist or that truth is whatever people believe it is Christians must stand up and present the truth of Jesus Christ in a loving and clear way We are to be prepared at all times to defend our faith why we believe that Jesus is the Christ the Son of God This book lays out the traditional arguments for the existence of God proves that there must be only one God for anything to exist that does exist and then it demonstrates that the only God is Jesus Christ Moreover the Bible is shown to be reliable and believable for it is the logical avenue through which God if He exists would communicate with His people **Has Christianity Failed You?** Ravi Zacharias, 2010-07-06 In 2006 Ravi Zacharias International Ministries RZIM held an open forum at the Fox Theater in Atlanta to address the subject Has Christianity Failed You Tickets were sold for the event and to the complete surprise of everyone the event was sold out with a capacity crowd of over 5 000 People lined up offering to buy tickets from folks in line for higher prices Before the event an RZIM cameraman walked the streets and asked people if they had rejected the faith they held at one time One answered that because of a Christian s rejection of his gay lifestyle he had done just that Another answered that she had left her faith because she had fallen into adultery and could never live it down in the church Others had their own reasons Some said it was just intellectually untenable in an age of reason They chose to come to the event to judge if there were adequate answers It is estimated that for every one person who writes a letter or attends an event there are one thousand who agree If the Atlanta crowd was any indication the question is real and troubling Why is it that many live with silent doubt many leaving the evangelical fold for something else Is there something wrong with the message the communicator the hearer or is it all three It s time to ask the hard questions of what it means to be a follower of Jesus Christ and why it seems as though God has made it so hard to continue believing In fact the son of a prominent US Senator phoned me with that very question Why has God made it so hard to believe in Him Such skepticism is not just representative of the hostile it also represents many honest questioners This book attempts to lay out the response to those within as well as those outside the Christian faith so as to understand what it is we believe and why it is so hard to do so More to the point Why it is actually so hard to deny God and still make sense out of life In the end the answers should be both felt and real with the added truth that God is nearer than you think He desires that we sense Him very near to us and not distant But closeness comes at a cost just as any relationship of love and commitment does *Apologetics for the Twenty-first Century* Louis Markos, 2010 Using the work of C S Lewis as a starting point Markos examines the key popular apologists and arguments

that shape the intellectual defense of the Christian faith today **A Sceptic's Guide to Atheism** Peter S Williams, 2013-09-01 This is an accessible response to the contemporary anti God arguments of the new atheists Dawkins Dennett Harris Hitchens Grayling etc Atheism has become militant in the past few years with its own popular mass media evangelists such as Richard Dawkins and Daniel Dennett In this readable book Christian philosopher Peter S Williams considers the arguments of the new atheists and finds them wanting Williams explains the history of atheism and responds to the claims that belief in God causes more harm than good religion is about blind faith and science is the only way to know things science can explain religion away there is not enough evidence for God the arguments for God s existence do not work Williams argues that belief in God is more intellectually plausible than atheism **Religion and the New Atheism** Amarnath Amarasingam, 2010 The term new atheism has been given to the recent barrage of bestselling books written by Richard Dawkins Sam Harris Daniel Dennett Christopher Hitchens and others These books and their authors have had a significant media presence and have only grown in popularity over the years This book brings together scholars from religious studies science sociology of science philosophy and theology to engage the new atheism and place it in the context of broader scholarly discourses This volume will serve to contextualize and critically examine the claims arguments and goals of the new atheism so that readers can become more informed of some of the debates with which the new atheists inevitably and at times unknowingly engage This collection will prove to be most valuable to readers who wish to understand the implications and phenomenal success of the new atheism from a multidisciplinary perspective The editor is to be congratulated for assembling such an impressive list of contributions John F Haught Senior Fellow Science Religion Woodstock Theological Center George town University The new atheism a species of secular fundamentalism has excited a great deal of comment and controversy in recent years Religion and the New Atheism raises the discourse to a new level Randall Balmer Episcopal Priest and author of The Making of Evangelicalism Amarasingam s collection of original essays dealing with various aspects of the recent work of new atheists is a most engaging read The chapters included offer a wide array of perspectives touching on numerous aspects and angles of New Atheism and its relationship to contemporary religion While I most definitely did not agree with all of the contributions in the volume and while I am generally more supportive of the new atheists than I am of their detractors I found this volume over all to be a compelling engrossing and provocative contribution Phil Zuckerman Associate Professor of Sociology Pitzer College Author of Society Without God *The Publishers Weekly*, 2008 [A Reasonable Response](#) William Lane Craig, Joe Gorra, 2013-09-01 Followers of Jesus need not fear hard questions or objections against Christian belief In A Reasonable Response renowned Christian philosopher and apologist William Lane Craig offers dozens of examples of how some of the most common challenges to Christian thought can be addressed including Why does God allow evil How can I be sure God exists Why should I believe that the Bible is trustworthy How does modern science relate to the Christian worldview What evidence do we have that Jesus rose from the

dead Utilizing real questions submitted to his popular website ReasonableFaith.org Dr Craig models well reasoned skillful and biblically informed interaction with his inquirers A Reasonable Response goes beyond merely talking about apologetics it shows it in action With cowriter Joseph E Gorra this book also offers advice about envisioning and practicing the ministry of answering people's questions through the local church workplace and in online environments Whether you're struggling to respond to tough objections or looking for answers to your own intellectual questions A Reasonable Response will equip you with sound reasoning and biblical truth

A Definition and Critique of Postmodernism Bruce Proctor, 2012 Bruce A Proctor is a native of Dallas Texas but spent most of his youth growing up in Los Angeles California He graduated from Oklahoma Christian College B A in 1973 from Dallas Theological Seminary Th M in 1981 and Louisiana Baptist University Ph D in 2011 Bruce has held various ministerial positions including pastor youth counselor and pastor prison ministry leader and college professor Bruce has taught Bible Exposition Theology Old and New Testament history and Church History at various Christian schools Southern Bible Institute D Edwin Johnson Bible Institute both in Dallas TX True Vine Baptist Bible Institute in Spencer OK and at the Ministry Training Institute an extension of Oklahoma Baptist University in Shawnee OK Bruce and his wife Patricia reside in San Antonio Texas They have eight adult children Postmodernism is difficult to define because it rejects absolute meaning However I found it worth trying to define it by looking at other authors' attempts to define it It was easier for me to describe than define it Much discussion is also given to the definition of the emergent church movement including its fundamental tenets and marks along with signs of drifting toward it Next the idea of postmodernism is weaved into the description of condemned mankind according to Romans 1:18-32 The description given is clearly relevant to the postmodern mindset as men who suppress the truth in unrighteousness verse 18 In my conclusion I discuss the power of truth and the loss of truth due primarily to a loss of focus However in the Person of Jesus Christ Truth arose from the dead and marches on victoriously despite the postmodern spirits of delusions

The Fallacy of Fine-Tuning Victor J. Stenger, 2011-04-15 A number of authors have noted that if some physical parameters were slightly changed the universe could no longer support life as we know it This implies that life depends sensitively on the physics of our universe Does this fine tuning of the universe suggest that a creator god intentionally calibrated the initial conditions of the universe such that life on earth and the evolution of humanity would eventually emerge In his in depth and highly accessible discussion of this fascinating and controversial topic the author looks at the evidence and comes to the opposite conclusion He finds that the observations of science and our naked senses not only show no evidence for God they provide evidence beyond a reasonable doubt that God does not exist

The God Who Is There Leader's Guide D. A. Carson, 2010-07 Eminent evangelical theologian provides a basic introduction to the faith that traces the story of redemption through the Bible

Christianity's Dangerous Idea Jonas E. Alexis, 2010 Today many in Hollywood and the media have declared open warfare on the family education and Christianity in general Intellectuals have labeled religion particularly Christianity as mere wish fulfillment or a

virus of the mind something to be eradicated at all costs In Christianity s Dangerous Idea Jonas Alexis picks up where he left off in his previous books and continues to examine the ideological fallacies that have been fabricated in order to attack Christianity and the people who promote those fallacies This latest book is a tour de force of rigorous logic and testable evidence for the Christian worldview from history science experience common sense and final destiny More importantly Alexis subjects the rivals of Christianity to the same rigorous testing Christianity s Dangerous Idea clearly demonstrates the destructive nature of popular atheistic and anti Christian philosophies spread throughout Western culture by such famous people as Friedrich Nietzsche Sigmund Freud Carl Jung David Cronenberg Steven Spielberg Alan Moore William S Burroughs Philip K Dick Bruce Lee Ayn Rand Bart D Ehrman Richard Dawkins and many more In a scholarly yet readable fashion Alexis shows that what the ancient Greeks often referred to as the cult of Dionysus has become mainstream in our modern age

The Case Against Moral Atheism Ken Wheeler,2014-09-26 What if you decided today that God did not exist Would that change your morality Would you still turn in an honest tax return Why If you are a single mother having a difficult time making ends meet would you steal from the cash drawer at work to buy food for your baby Why not If an adult decided to prey on young children why would that be morally different than a crocodile feasting on a baby monkey at the watering hole in the jungle Why has the law of the jungle changed just because the jungle is now Wall Street and the Internet If humanity evolved from primordial slime pools who gets to declare that the pedophile is a criminal and the croc is just functioning according to his evolved DNA Why should a person adopt moral values if he believes a Creator God does not exist Does the Chaos Theory provide an answer to that question or is it just an attempt by the Atheist to fill in the blank with anything but God while avoiding the obvious and logical challenges produced by the concept of a Godless morality The Case Against Moral Atheism challenges anyone who does not believe in a moral law giver above mankind to consider why they should live moral lives if this life is all there is

Jesus Is the Way, Truth, Life Michael Pietrzyk,2020-08-19 If you cannot comfortably say with confidence that Jesus died for your sins and opens the door of salvation for you or that you deny Jesus then this book is for you So many Christians take Jesus for granted and so many people do not understand His torment and the suffering He endured for us We began a spiritual journey when we enter this world We have a natural body and a world full of responsibilities to challenge us on our journey We are influenced by many outside sources and personal interactions with our family members and friends Ultimately we make the most important decision of our life Do we believe in God and accept Jesus as our Savior or do we reject God and accept atheism When you analyze the facts of the life of Jesus his loving teachings his horrible suffering death and miraculous resurrection you come to understand He did it for you Jesus is the Way the Truth and the Life His teaching brings light into your life Jesus is the gateway to eternal happiness when we leave this world Atheism with its evil influence wants to drag you down and have you reject God Atheists are in total denial about God Jesus supernatural experiences something from nothing and the wisdom in the formation of this universe and mankind

Atheists want you to believe you will simply rot in the ground and accept life with no future hope If you are an atheist don't laugh at this thought and concern As a Christian I care for you and your soul That is certainly more than what the atheistic thinking has in mind for you Atheism under the influence of Satan offers you nothing but the door way to eternal conscious separation from God This book is a direct challenge to the thoughts and beliefs of the atheist I wrote this book with the hope it just might stir the mind of a non believer Then believing the Holy Spirit will do the rest *"Truth and Proof for the Christian Worldview" A Comprehensive Summary of Christian Apologetics* Kelly J. Walters, 2022-11-22 Why is there something rather than nothing That's the quintessential philosophical question in mankind's search not only for the existence of the universe but also for the existence meaning and purpose of life That question forms the essence for this informative and enlightening book in which author Dr Kelly J Walters reveals both the answer Jesus Christ and the abundant evidential proof Everyone longs to know the answers to universally profound questions like Is God real or What is the true creation story of the universe and of humankind or Is there an afterlife These questions are vast extreme and complex While there are many theories the ultimate empirical and factual answers are impossible to definitively prove for both theist and naturalistic scientism alike Both sides require faith In *Truth and Proof for the Christian Worldview* Dr Walters offers evidence and rational proof defending the one position that provides the best logical experiential and noncontradictory answer for all the above questions Christianity Atheist turned Christian Dr Walters delves into this convincing evidence providing an organized and scholarly summary and presentation of the detailed research available for Christian apologetics He teaches on a plethora of topics including comparative religion worldviews key logical arguments and formal proofs for God the origins of the universe and life evolution and creationism theories who is Jesus Christ what is true Christianity and more The evidence related to these theological and scientific topics rationally serve to defend clarify and prove the truth for the reality of the one true God of the Bible as creator of the universe and life *The Debaters of This Age* Steven H Propp, 2019-02-05 It is June 2018 as an unusual group of scholars professors lecturers and students gather in a California hotel They are all attendees of an Apologetics conference intended to join qualified representatives of Christian Deist and Atheist thought for a two week no holds barred debate and discussion of their respective positions that will ultimately be included in a book published after the conference Evangelical Christianity is represented by advocates of Evidentialist and Presuppositionalist approaches to Apologetics Catholicism liberal Christianity and Deism are also well supported The Atheist perspective is advocated by a polemical author and a college professor notorious for attacking the views of his Christian students As the participants argue over controversial issues such as cosmology evolution The Bible historical evidence for Jesus the resurrection biblical prophecies and the problem of evil intellectual fireworks result But what will result when such a volatile and eclectic group is placed face to face for more than two weeks *The Debaters of this Age* is the tale of what happens inside a California hotel in 2018 when a group of intellectuals gather to vigorously discuss the religious issues of our time
