The Fatal Equilibrium

James Forder

The Fatal Equilibrium:

Fatal Equilibrium Marshall Jevons, 1986-07-12 At Harvard tenure decisions are a matter of life or death For Dennis Gossen the economics department whiz kid currently being considered for tenure it's definitely death When he's turned down by the high and mighty Promotion and Tenure Committee Gossen commits suicide A Question of Cost Accounting Or does he It's hard to imagine why a young man with a brilliant scholarly future at Harvard or not would come up with an equation in which the opportunity cost of killing himself a high price considering his potential earnings would be outweighed by the emotional cost of failing to receive tenure Or Utility Then two members of the P and T Committee are murdered and it becomes clear to Professor Henry Spearman of the Economics Department that the killer must be on the committee But which of his illustrious colleagues would have significantly increased his or her utility i.e. happiness by murdering a faculty member or two Or three

International Finance And Open-economy Macroeconomics: Theory, History, And Policy (2nd Edition) Hendrik Van Den Berg, 2016-02-22 International Finance and Open Economy Macroeconomics provides a complete theoretical historical and policy focused account of the international financial system that covers all of the standard topics such as foreign exchange markets balance of payments accounting macroeconomic policy in an open economy exchange rate crises multinational enterprises and international financial markets The book uses the 1944 Bretton Woods Conference as a unifying theme to relate the many controversial issue It is written in a lively manner to bring real world events into the discussion of all of the concepts topics and policy issues There is also emphasis on the history of economic thought in order to explain how economists in different time periods dealt with international financial issues

Q-23 Paul R. Theroux, 2013-10-01 Q 23 is a revolutionary new chemical formula But Roger Pate a research chemist who discovers it does not expect to be murdered for it Fortunately his friend Kurt Strong a private investigator is not naive about those who prefer squelching innovation that threatens the status quo But the clock is ticking and both men must anticipate an escalating and violent situation in order to outwit a powerful enemy Unexpectedly the benign world of research and development takes on a sinister cast and ordinary men must do extraordinary things to survive

The Theory of International Business Mark Casson, 2016-09-22 Demonstrating why economic modelling is so important in understanding international business this stimulating and highly original book sets out a new and exciting research agenda in international business studies The author explains what economic models are how they are constructed and the way in which they can be used It illustrates how models clarify important issues in international business explaining empirical anomalies analyzing strategies and evaluating government policies towards multinational firms There are detailed discussions of monopoly and competition in the global economy the international division of labour supply chain coordination and the strategic implications of sunk costs in R D Based on this discussion the book proposes a radical reformulation of the

Economic Logic, Fifth Edition Mark Skousen,2017-10-31 In Economic Logic Mark Skousen offers a step by step approach to economics showing how microeconomics and macroeconomics are logically linked together The fully revised fifth edition introduces a major breakthrough in macroeconomics a top line in national income accounting called Gross Output Also included a powerful four stage universal model of the economy a new growth diagram a new diagram of the optimal size of government and new alternatives to the standard Aggregate Supply and Aggregate Demand curves Economic Logic is also the first and only textbook to begin with a profit and loss income statement to demonstrate the dynamics of the economy To aid students in comprehending the economic lessons many other disciplines are integrated into the study of economics including finance business marketing management history and sociology **Murder at the Margin** Marshall

Jevons,2024-05-14 Professor and amateur sleuth Henry Spearman uses economics to try to solve a murder while on a Caribbean vacation Cinnamon Bay seems like the ideal Caribbean getaway But for Harvard economist and amateur detective Henry Spearman it offers an unexpected and decidedly different diversion murder With the police at a loss Spearman investigates on his own following a rather different set of laws those of economics Theorizing and hypothesizing Spearman sets himself on the killer s trail as it winds from the perfect beaches and manicured lawns of a resort to the bustling old port of Charlotte Amalie to the perilous hiking trails of a dense forest Can Spearman crack the case using economics and before it s too late **Conduct and Supernatural** Lionel Spencer Thornton,1915 *Milton Friedman* James Forder,2019-07-05

This book examines the work of Milton Friedman which is amongst the most significant in modern economics and equally amongst the most contentious Although Friedman became most famous for his views on money and monetary policy as well as his public writings a large and important part of his work concerned other aspects of economics All parts of Friedman s work are considered here as is his account of his own life By focussing on what Friedman wrote rather than what later authors have written about him this volume seeks to analyse the character qualities and development of the arguments he made This text is important for anyone interested in this both celebrated and reviled figure in economics James Forder clarifies messages in Friedman s writing that have otherwise so often been obscured by academic and public controversy
