The Book of Enoch R. H. CHARLES, D.LITT., D.D.,2016-07-24 A book of Jewish myth and thinking the Book of Enoch was a book that was widely used in the first century as a point of reference in Jewish belief While it is largely unknown exactly when the book was written it was known to have been written by the time of the New Testament since a passage in the book of Jude comes from this source While not canonical this book is an interesting tool to enlightening the myths Jews held onto at the time of Biblical writing *The Books of Enoch* R. H. Charles,2024-04-09 A collection of three key lost books of the bible offering insight into the origins of early Christianity In the early days of the Christian faith there were many writings only some of which became part of the canonical Bible But what of the other books known as apocryphal texts which of those are worth reading One of the most influential and well known of these apocryphal texts is The Books of Enoch a collection of three ancient Hebrew texts that contain teachings about angels demons the great flood as well as mystical prophecies This collection also includes two other important apocryphal books The Book of Jasher meaning upright or righteous describes the world s creation up until Moses death and is referenced throughout the Hebrew bible The Book of Jubilees is an ancient Jewish religious text that offers a retelling of the books of Genesis and Exodus Compiled together for modern readers these three apocryphal texts offer insight into the origins of early Christianity Readers will discover new details narratives and perspectives that will interest and even challenge modern readers Together these books provide a historical framework for readers interested in expanding their knowledge of biblical heritage **'The Real Scriptures' of God** James Platter,2012-08-14 Inside the covers of this book you will find the Real Scriptures of the Christian churches Many

church leaders know that other Christian churches hold to these books but they are only willing to state what they have been brain washed to believe that is about the other inferior books It isnt in the canon of scripture formed of course by the early Catholic Church at various stages and Councils from the fourth century A D therefore no one has the right to change what is in the canon of scripture and the Catholic Church changed it in their councils not in agreement of other Christians but to hide their offence at the words of God They would not even imagine that different churches have different scriptures and assume that the correct canon of scripture must be the one first declared by the Catholic Church and its priests but other priests must be considered demented or apostate but they are not affected by the changes they made to the canon of Scripture over many centuries They will not consider the canons of Orthodox Churches or others because they vary in different regions of the world So is European Christianity based in the Vatican City right about all its holy scriptures while everyone elses church scriptures are false scriptures Ethiopia it seems got most books of scripture right even with their translation into an ancient language

Enoch and Metatron Collection Scriptural Research Institute,2020-06-11 The five books of Enoch are a collection of books written in Semitic languages and often grouped together as the Book of Enoch or 1st Enoch The books were likely written at different points in time and different Semitic languages The first book was the Book of the Watchers which is generally considered to be the oldest book in the collection however the age of the book is debated The book is now known to have originated long before Christianity since the discovery of the Dead Sea Scrolls however was lost for well over a thousand years to Europeans and assumed to be a Christian era work when the Europeans rediscovered it in Ethiopia The five books of Enoch only survive in Ge ez the classical language of Ethiopia however do not survive intact and some sections of text do not survive Other books attributed to Enoch including the Secrets of Enoch which is also called the 2nd Book of Enoch however is not the same text as the Semitic 2nd Book of Enoch The Secrets of Enoch has only survived in the Old Slavonic language in the Balkan Peninsula and may be a partial paraphrase of the Book of the Watchers Another text attributed to Enoch is the Revelation of Metatron also called the Revelation of Metatron Book of the Palaces Book of Rabbi Ishmael the High Priest or the 3rd Book of Enoch however is not the same text as the Ethiopian 3rd Book of Enoch or any section of the Semitic books of Enoch The Revelation of Metatron is written as a sequel to the first five books of Enoch and is written from the perspective of Enoch in the sky where his angelic name was Metatron The Revelation of Metatron appears to have been written in Hebrew but includes several Greek and Latin words that have led scholars to assume the text is a Jewish text written in the Christian era The Revelation of Metatron is a medieval Jewish work that claims to have been written in the late 2nd century AD by Rabbi Ishmael the High Priest It is known by various names including the Sepher Hekhalot Book of the Palaces the 3rd Book of Enoch and the Book of Rabbi Ishmael the High Priest although its most common name is the Revelation of Metatron The earliest name for the work was likely the Sepher Hekhalot Book of the Palaces however all copies have been so reworked that it cannot be known for sure It is clear that Rabbi Ishmael did not

write it and his name which is in almost every verse was inserted to replace another name that the medieval publisher did not want associated with the book Rabbi Ishmael was the author of the book called Hekhalot Rabbati Greater Palaces sometime between 100 and 130 AD and his name was later used as a pseudonym by many authors of Merkabah literature between 200 and 1000 AD Books of Enoch Collection Scriptural Research Institute, 2020-05-01 The five books of Enoch are a collection of books written in Semitic languages and often grouped together as the Book of Enoch or 1st Enoch The books were likely written at different points in time and different Semitic languages The first book was the Book of the Watchers which is generally considered to be the oldest book in the collection however the age of the book is debated The book is now known to have originated long before Christianity since the discovery of the Dead Sea Scrolls however was lost for well over a thousand years to Europeans and assumed to be a Christian era work when the Europeans rediscovered it in Ethiopia The five books of Enoch only survive in Ge'ez the classical language of Ethiopia however do not survive intact and some sections of text do not survive The Ge'ez texts are believed to be translations from a Greek source which was itself a translation of an Aramaic source Many fragments of the Aramaic texts were discovered among the Dead Sea scrolls as well as Hebrew and Greek fragments The Aramaic texts are mostly the same as the Ge'ez texts however scroll 4Q209 also includes a section of text from 3rd Book of Enoch the Astronomical Book which is lost from the Ge'ez copies A few fragments of Greek translations have been found in Egypt in the past two centuries which generally match the Ge'ez translation A small fragment of a Latin translation was also preserved by the Vatican through the centuries which also matches the Ge'ez copies for a small fragment of 4th Book of Enoch Dream Visions The Book of Enoch, 1925 **THE BOOK OF ENOCH** Enoch, 2011-05-31 The Book of Enoch traditionally ascribed to Enoch the great grandfather of Noah is probably the most notable apocalyptic work outside the canonical Scriptures even though a short section of 1 Enoch 1 En 1:9 is quoted in the New Testament Letter of Jude 1:14-15 It may also be significant that the attribution Enoch the Seventh from Adam is apparently itself a section heading taken from 1 Enoch 1 En 60:8 Jude 1:14a and not from Genesis This book was omitted from the Bible by the Bishop's Conference at Nicea currently named Iznik Bursa province Turkey in 325AD for being too revelatory and evocative for the people of the time to comprehend Even so it has survived down the ages While the work is scriptural in nature many modern day fantasy writers have used and continue to use the content of the Book of Enoch as inspiration for their works The Apocalyptic Literature as distinct from the Apocalyptic Movement began to come into existence about the period 200-150 B.C. and the earliest portions of the Book of Enoch belongs to this period The Book of Enoch is considered as Scripture in the Epistle of Barnabas 16:4 and by many of the early Church Fathers who wrote that the Book of Enoch had been rejected by the Jews because it contained prophecies pertaining to Christ However later Fathers denied the canonicity of the book and some even considered the letter of Jude uncanonical because it refers to an apocryphal work By the 4th century it was mostly excluded from Christian lists of the Biblical canon and it was omitted from the canon

by most of the Christian church the Ethiopian Orthodox Church being an exception Works of an Apocalyptic character continued to be written for about three centuries the Second Fourth Book of Esdras one of the most remarkable Apocalypses belongs to the end of the first Christian century approximately There are Apocalypses of later date but the real period of the Apocalyptic Literature is from about 200 B C to about A D 100 its beginnings date therefore from a time prior to that great landmark in Jewish history the Maccab an Era Book of Enoch noah apocalyptic work canonical Scriptures New Testament Jude Enoch the Seventh from Adam Genesis Epistle of Barnabas Church Fathers rejected by the Jews Christ Biblical canon Christian church Ethiopian Orthodox Book of Esdras Jewish history Maccab an Era revelatory explicit terrifying shocking startling

Book of Enoch R. H. Charles, 2013-08-15 The Book of Enoch was known and valued by the earliest Christians and sheds light on many concepts found in the New Testament such as angels and demons future judgment the Messiah and the Messianic Kingdom the title Son of Man and the resurrection This new edition of R H Charles s classic translation includes a substantial new introduction by Paula Gooder in which she writes Despite the many exciting and revolutionary archaeological finds during the 20th century 1 Enoch remains one of the most important texts of its kind It is a broad anthology of apocalyptic traditions about the biblical character Enoch some easier to read and comprehend than others It arose out of its context This was a context riven by the harsh experience of conflict violence and fear for the future as the wars between rival Greek generals gave way first to the oppression of the Seleucid Antiochus IV Epiphanes then the disillusionment of Hasmonian rule followed by Roman invasion and further oppression It arose out of this context but spoke very clearly into and beyond it too reminding its readers in many different generations that the world around them was not all there was that judgement would come and the righteous would be rewarded It also reflected a view of the world shared by the majority if not all of the New Testament writers This was a world in which the things of heaven continually shaped the things of earth in which angels revealed secrets and in which God cared and intervened for his people 1 Enoch is thus worth reading in its own right but it is also vitally important for the many ways in which it illuminates the world language and theology of the New Testament
