**Fleet Air Arm Boys: True Tales from Royal Navy Men and Women Air and Ground Crew, Volume 2** Steve Bond, 2021-10-27 Since the end of World War 2 the primary role of the Royal Navy's Fleet Air Arm has been airborne power projection the ability rapidly to respond to any trouble spot across the globe and to protect the interests of the United Kingdom and its partner nations The principal tools in that response were the strike aircraft which took the offensive to the aggressor Although from 2010 to 2020 fixed wing carrier aviation was not part of the Fleet Air Arm with the advent of the navy's two new aircraft carriers HMS Queen Elizabeth and HMS Prince of Wales that capability has been restored This renewed focus has not only seen the return of flying high performance aircraft from a carrier but also the regeneration of the necessary skills and courage needed to cope with the extremes of weather and the nature of air operations in a very high risk environment However the lessons of the past have not been forgotten and so many of those previous experiences are related within these pages true stories of the last 76 years from aircrew maintainers aircraft handlers and many other supporting staff both men and women Following on from the success of volume one this second volume covers every fixed wing aircraft type flown from carriers in the strike anti

submarine warfare and the vital airborne early warning roles from Scimitars to Hunters Buccaneers to Skyraiders and many more plus an extensive fleet of land based aircraft As with the first volume involvement in operations such as Suez the Beira Patrol the Falklands Belize Bosnia and elsewhere is included Despite the intensity and all to frequent tragedy of operations the esprit de corps and the ability to find the necessary release through laughter shine through Here are the words of the man and women themselves profusely illustrated in black and white and color Speech and Drama ,1969
