Ranger Games Ben Blum, 2017-09-12 A gloriously good writer Ranger Games is both surprising and moving A memorable novelistic account Jennifer Senior New York Times Intricate heartrending and morally urgent **Ranger Games** is a crime story like no other Alex Blum was a good kid a popular high school hockey star from a tight knit Colorado family He had one goal in life endure a brutally difficult selection program become a U S Army Ranger and fight terrorists for his country He poured everything into achieving his dream In the first hours of his final leave before deployment to Iraq Alex was supposed to fly home to see his family and beloved girlfriend Instead he got into his car with two fellow soldiers and two strangers drove to a local bank in Tacoma and committed armed robbery The question that haunted the entire Blum family was Why Why would he ruin his life in such a spectacularly foolish way At first Alex insisted he thought the robbery was just another exercise in the famously daunting Ranger program His attorney presented a case based on the theory that the Ranger indoctrination mirrored that of a cult In the midst of his own personal crisis and in the hopes of helping both Alex and his splintering family cope Ben Blum Alex's first cousin delved into these mysteries growing closer to Alex in the process As he probed further Ben began to question not only Alex but the influence of his superior Luke Elliot Sommer the man who planned the robbery A charismatic combat veteran Sommer's manipulative tendencies combined with a magnetic personality pulled Ben into a relationship that put his loyalties to the test **The Outside Edge** Robert Kelsey, 2015-03-05 The brand new book from the international bestselling self help author Robert Kelsey's internationally bestselling self help books have helped tens of thousands of people overcome fear of failure and under confidence Now Robert is back and is here to debunk

the ever pervasive myths around the trail blazing rebel outsider Our culture celebrates outsiders while in reality slamming the door in their face The modern world craves innovation while alienating original thinkers It encourages creativity while shutting out all but a privileged few from individualistic expression What a waste Yet achieving great things as a genuine outsider is possible Outsiders can find their own way succeeding without compromising their individuality They just need to forge an edge The Outside Edge is all about learning to harness the unique vantage point you possess in order to give yourself the edge required to succeed It will show you when to embrace your outsider status and go against convention and when to play the game do as the insiders do and make sure you can get progress Think of The Outside Edge as a manual for positively directing your insecurity awkwardness and role confusion towards a meaningful future shaped and pursued on your own terms By getting The Outside Edge you can Identity and understand the causes of feeling like an outsider Accept yourself while focusing on finding meaning for your life Motivate yourself using strong goals often harnessing creativity Acquire the skills needed to succeed on your own terms Avoid pitfalls such as poor judgement negativity and extremism

When Texas Prison Scams Religion Michael G. Maness, 2023-05-22 When Texas Prison Scams Religion exposes corruption in the Texas Department of Criminal Justice especially in the abuse of religion In many ways this book is a literature review of 1 800 plus works that defends freedom of conscience in prison while exposing the unconstitutionality of the seminary program that buys faith with favor from prisoners The state veritably ordains the prisoner a Field Minister that represents the offices of the Governor TDCJ Director and wardens throughout the prison Therein TDCJ lies about neutrality in a program all about Christian missions and lies again in falsely certifying elementary Bible students as counselors Why is the director sponsoring psychopaths counseling psychopaths In fact TDCJ pays 314 million a year to UTMB for psychiatric care and receives not a single report of the care given and worse for UTMB generates no reports itself The underbelly TDCJ's executive culture of cover up is exposed TDCJ has hired the lowest qualified of the applicant pool many times in the last 25 years and regularly destroys statistics on violence TDCJ Dir Collier led the prison to model Louisiana Warden Burl Cain the most scandal ridden in penal history according to a host of published news stories for 20 years Therein Collier led TDCJ to favor the smallest segment of religious society within Evangelical Dominionism Texas has no business endorsing the truth of any religion over another We close with a proposal that utilizes the 400 000 000 hours of officer contact over ten years as a definitive influence in contrast to a commissioner that spends less than 10 minutes on each decision Maness has been lobbying Austin for 15 years to definitively access staff for his 100 000 Mothers 1% Certainty Parole Texas Constitutional Amendment which would revolutionize prison culture and save Texans millions of the dollars

J. Esau, 2022-06-15 The hitchhiker seemed harmless He was dressed in a blue suit and a colorful sweater accessorized with a grey cap and tan shoes He carried nothing It was the morning of June 8 1927 when the Chandler family picked up the well dressed man in Minnesota and dropped him at the Canadian border They had unwittingly transported notorious serial killer The Gorilla Man who had strangled more than twenty women from one end of the United States to the other He would later murder Emily Patterson and 14 year old Lola Cowan in Winnipeg His identity was unknown Written by Alvin A J Esau The Gorilla Man Strangler Case Serial Killer Earle Nelson is a detailed historical account of the Canadian manhunt capture and identification of Earle Leonard Nelson an escapee from a California mental institution Drawing on archival sources it is the first reliable biography of Nelson who was hung in Manitoba on January 13 1928 This case study also deals with various political and professional issues that arose in the pretrial trial and post trial periods and spotlights the clash between Nelson's court appointed defence attorney James Stitt and psychiatrist Dr Alvin Mathers along with the chilling role of Canada's so called official hangman Arthur Ellis all information that has never been published before Esau also raises various enduring issues about the social construction of serial killers debates about capital punishment psychopathy the scope of the insanity defence the effect of pretrial publicity and the trial as public entertainment

Black-and-White Thinking Kevin Dutton, 2021-01-05 A groundbreaking and timely book about how evolutionary biology can explain our black and white brains and a lesson in how we can escape the pitfalls of binary thinking Several million years ago natural selection equipped us with binary black and white brains Though the world was arguably simpler back then it was in many ways much more dangerous Not coincidentally the binary brain was highly adept at detecting risk the ability to analyze threats and respond to changes in the sensory environment a drop in temperature the crack of a branch was essential to our survival as a species Since then the world has evolved but we for the most part haven't Confronted with a panoply of shades of gray our brains have a tendency to force quit to sort the things we see hear and experience into manageable but simplistic categories We stereotype pigeon hole and above all draw lines where in reality there are none In our modern interconnected world it might seem like we are ill equipped to deal with the challenges we face that living with a binary brain is like trying to navigate a teeming city center with a map that shows only highways In Black and White Thinking the renowned psychologist Kevin Dutton pulls back the curtains of the mind to reveal a new way of thinking about a problem as old as humanity itself While our instinct for categorization often leads us astray encouraging polarization rigid thinking and sometimes outright denialism it is an essential component of the mental machinery we use to make sense of the world Simply put unless we perceived our environment as a chessboard our brains wouldn't be able to play the game Using the

latest advances in psychology neuroscience and evolutionary biology Dutton shows how we can optimize our tendency to categorize and fine tune our minds to avoid the pitfalls of too little and too much complexity He reveals the enduring importance of three super categories fight or flight us versus them and right or wrong and argues that they remain essential to not only convincing others to change their minds but to changing the world for the better Black and White Thinking is a scientifically informed wake up call for an era of increasing extremism and a thought provoking uplifting guide to training our gray matter to see that gray really does matter

31 Murders Alvin A.J. Esau, 2024-02-20 Many decades before Ted Bundy roamed the country there was serial killer Earle Nelson During the 1920s this geographically mobile killer went

from city to city His modus operandi involved getting into a house by pretending to be a person looking for a room to rent or inspecting a house that was for sale and then strangling the landlady often followed by having sex with the dead body Robbery was frequently a secondary motive After Nelson was captured in Canada in 1927 it was commonly reported that he had killed 21 women and a baby during the 1926-27 period But were these the only cases linked to him The author examines an additional nine unsolved murders of landladies two of which have never been dealt with in previous literature Based on decades of archival research the author examines all 31 murders relying on primary sources when available and a wide variety of secondary sources For each murder the book provides biographical sketches of the victim outlines the police investigation and the various suspects and covers any subsequent attempts to link Nelson to the crime by identification evidence of witnesses or by fingerprints
