Floyd, 2021 This book is about the author s my life including my ancestors who came into Colonial America from Northern Ireland in 1746 This book is also about me growing up on the farm There are episodes given such as the time when I was about 10 years old and had the chore of taking two gallons of skim milk to feed about eight 200 pounds pigs their desert so to speak On at least one occasion the pigs surrounded me and ran into the pail of skim milk resulting in me getting a skim milk bath My educational journey started in a two room country school where the eighth grade included four girls and me My educational journey continued through high school University undergraduate and graduate school where the high light of my learning was the spookiness of quantum physics My goal began to be realized when I started doing and leading biomedical research activity in 1974 and then after 30 plus years of research and over 200 peer reviewed research papers I was awarded the Discovery Research Metal from the research society I helped found several years earlier It is important to note that my relative that came from Northern Ireland was a Loyalist Colonel in command of a militia in the Revolutionary War Several of my close relatives were in the Civil War on the Union side Many of their graves are within one half mile of the farm where I grew up At least two of my close relatives died in a Confederate prison in Virginia President Abe Lincoln s birthplace was about sixty five miles away from the home farm

Grace, Grit and Gratitude Grace Gawler, 2008 In 1975 Grace Gawler had a promising future A brilliant young vet nurse planning to study veterinary medicine she received a lucrative modelling offer which would have paid her university fees Concurrently her boyfriend lost his leg to bone cancer Grace was at a vital choice point either pursue glamorous well paid modelling work while studying to become a vet or support her boyfriend through his dying months The latter meant foregoing her personal and financial independence and lifelong dreams of becoming a vet Grace chose to support Ian Believing that his cancer was curable she directed her passion into his healing dedicating 18 hour days focussing on juicing massages and pain management whilst researching every cure imaginable With just a few weeks to live Ian proposed Grace accepted taking him to the Philippines for a healing honeymoon the beginning of a long road to recovery He survived and together they

established the Gawler Foundation helping thousands of cancer patients gain hope and lead better lives Now a mother of four and with Ian in remission Grace developed her own methods for helping women with breast cancer and authored her first book WOMEN OF SILENCE in 1994 Life was good Disaster struck in 1997 Ian left the family then her own major health crisis began Soon the healer of thousands was struggling for her own life For nine years she battled on with little support Horrendously ill she faced death many times A beautiful woman her shining light was almost extinguished With amazing tenacity drive and passion Grace survived Near death experiences have enhanced her passion for living which bursts through in this book her enthusiasm for life is contagious Her only struggle is to contain the adjectives she uses Now an international wellness leader this modern day heroine inspires all with her story of GRACE GRIT AND GRATITUDE The Boy Next Door Emlyn Rees, Josie Lloyd, 2013-02-07 Is it true what they say about first loves being forever As the 1980s dawn in the sleepy English village of Rushton Mickey and Fred are next door neighbours and best friends in and out of scrapes from the day they re born They re convinced that nothing will ever keep them apart But they re wrong Fifteen years later Mickey is beginning a new phase of her life with a small flower shop in London Meanwhile Fred s life is also changing he s set to marry his girlfriend in just a few short weeks Then he bumps into Mickey for the first time since their worlds fell apart As they pick up the threads of their friendship Fred and Mickey relive their glory days growing up in Rushton But can they ever really overcome the devastating events that once tore them apart *Rest in Peace* Gary Laderman, 2003-03-06 Though it has often been passionately criticized as fraudulent exploitative even pagan the American funeral home has become nearly as inevitable as death itself an institution firmly embedded in our culture But how did the funeral home come to hold such a position What is its history And is it guilty of the charges sometimes leveled against it In *Rest in Peace* Gary Laderman traces the origins of American funeral rituals from the evolution of embalming techniques during and after the Civil War and the shift from home funerals to funeral homes at the turn of the century to the increasing subordination of priests ministers and other religious figures to the funeral director throughout the twentieth century In doing so he shows that far from manipulating vulnerable mourners as Jessica Mitford claimed in her best selling *The American Way of Death* 1963 funeral directors are highly respected figures whose services reflect the community s deepest needs and wishes Indeed Laderman shows that funeral directors generally give the people what they want when it is time to bury our dead He reveals for example that the open casket often criticized as barbaric provides a deeply meaningful moment for friends and family who must say goodbye to their loved one But he also shows how the dead often come back to life in the popular imagination to disturb the peace of the living Drawing upon interviews with funeral directors major historical events like the funerals of John F Kennedy and Rudolf Valentino films television newspaper reports proposals for funeral reform and other primary sources *Rest in Peace* cuts through the rhetoric to show us the reality and the real cultural value of the American funeral

The Discovery of the Ark of the Covenant Alan

Wilson,Barum Blackett,2007-08-29 British history records that there were tow major migrations form the near east into Britain in antiquity One was the fleet migration form Syria led by Albyne around 1560 BC and the other was the second fleet migration from the Trojan Dardanelles areas in Western Turkey led by Brutus around 504 BC Ancient alphabet inscriptions and other tangible and written records show that the second migration was that of the Ten Tribes of Israel The same ancient Alphabet is found all the way along the British migration routes form Palestine to Assyria through Asia Minor to the Aegean and to Etruscan Italy and Rhaetian Switzerland In Britain the Ten Tribes were known as the Khumry This research began in 1976 some 31 years ago and it has met with nothing but opposition and obstruction Around 1360 BC Moses has the fabulous box called the Ark of the Covenant made This holy box was the national talisman of the Hebrew nation It was revered as the place of the presence of the god Yahweh and the most holy thing belonging to the Hebrew nation Aeries of events that included the Ark being seen as an invincible means of military success and in one disaster being captured by the Philistines ended when King David placed the Ark in the care of the family of Obed Edom and he took the Ark to Jerusalem around 975 BC along with the family of Obed Edom The next King was Solomon and he built a celebrated temple in Jerusalem to house the Ark where annually the high priest entered the holy of holies chamber to serve the divine box Nothing much is said of the Ark until c 790 BC the Judean King Ahaziah attached the Israelite King Jehoash and was totally defeated The victorious Jehoash then went to Jerusalem where he took everything from the palace and everything from the temple and he also took away the family of Obed Edom who are the family mentioned several times in the Bible as guardians of the Ark guardians of the Ark Therefore Jehoash removed the Ark from Jerusalem and took it north to Samaria Nothing is said in the Biblical record

of the Ark being anywhere near Jerusalem after this event in circa 790 BC In 740 736 BC the Judean King Ahaz paid a huge bribe to the Assyrian Emperor Tiglathpileser III to attack King Pekah of Ten Tribe Israel and as a result Israel was totally crushed by the Assyrian army A large number of Israelite nobles and leaders were immediately deported north to areas around Harran from where the patriarch Abraham has begun his migrations In successive campaigns by the Assyrian emperors Shalmaneser IV Sargon II and Sennacherib great numbers of the Israelite nation were deported north and up into the areas north of Harran In 702 BC Sennacherib recorded how he deported 200 120 people in one mass exodus The Assyrian records unmistakably and persistently call the Ten Tribes as the Khumry It is a virtual certainty that these deported Ten Tribes took the Ark with them from Israel Sennacherib was murdered by two of his sons in c 687 BC and civil war Convulsed the Assyrian Empire and as the heir Esarhaddon fought the murders the massed Ten Tribes took the opportunity to move westwards across both the upper branches of the Y shaped Euphrates river as described in the Book of Esdras II They moved slowly and unstoppably through Siasia Minor and the Greeks recorded their migration as that of the Kimmerio Khumry There is a record of the Khumry having the Ark with them on this journey from north of Assyria through Asia Minor and to the Dardanelles Finally around 650 BC the nation split into two and one half migrated to Italy whilst the other half remained in the areas around Byzantium until circa 504 BC when they gathered on the island of Lemnos before sailing to Britain in the fleets An inscribed stone that was found on Lemnos in 1876 and now in the Athens museum that records this gathering and the intent to sail to Britain Either the Ark was taken to Etrurian Italy in circa 650 BC or it remained near the Dardanelles until around 504 BC before being brought into Britain The fact is that the Greal or Holy Greal is simply a record and a comparison would be that the Bible the Koran the American Declaration of Independence or the Two Tablets brought down the mountain by Moses would all be greals Britain is the land of the Holy Greal The search was begun to locate the Ark in Britain and this proved to be relatively straightforward but technically different The persistent ancient legend in the area north of Cardiff is that a great chest lies buried and this chest is guarded by two Cigfrangawr Giant Ravens It is not difficult to perceive that this great chest is the Ark that has two golden Cherubim fearsome dragons figures What emerged was that these had been a direct transfer of culture from Israel to Britain and all across the hills of South Wales there are gigantic mounds and these huge mounds are named and set out in a pattern to mirror the pattern of the major stars in the heavens Then there are several ancient tales that tell of the great plants moving on their orbits and being in conjunction with the main stars of the various constellations The journeys of the planets seen as moving and not fixed stars are tracing out routes that can be followed around the Star t Mound Maps on the ground In short our British ancestors left us clear records of where to go The Ark is at a place where the giant mound marks the start Regulus in Leo the Lion the Judean emblem The ancient place name is The Enclosure of the Ark and the central area is The Place of Worship The top of the large hillock has clearly been molded by the hand of man and satellite photography showed spoil heaps tumbling down the slopes from a

tunnel excavated horizontally to underground chambers Five very ancient drainage systems of the type used in antiquity to drain and keeps chambers dry are clearly evident Amazingly the Above sea Levels readings of satellite photography proved absolutely that the top 60 feet of this low dome shaped hill is a man made construction This is unassailable incontrovertible and absolute scientific proof of the highest order Ground penetrating radar and other methods shows at least two underground chambers and deep reading g electronic metal detection identifies a large non ferrous box of around four feet long and two feet wide This is the precise size of the Ark of the Covenant An approach has been made to the Welsh National Assembly and hopefully something positive will at last be done to restore Khumric British heritage cultures and history
