The Headmasters Wager:

The Headmaster's Wager Vincent Lam, 2024-07-09 From Giller Prize winner internationally acclaimed and bestselling author Vincent Lam comes a superbly crafted highly suspenseful and deeply affecting novel set against the turmoil of the Vietnam War Percival Chen is the headmaster of the most respected English school in Saigon He is also a bon vivant a compulsive gambler and an incorrigible womanizer He is well accustomed to bribing a forever changing list of government officials in order to maintain the elite status of the Chen Academy He is fiercely proud of his Chinese heritage and quick to spot the business opportunities rife in a divided country He devotedly ignores all news of the fighting that swirls around him choosing instead to read the faces of his opponents at high stakes mahjong tables But when his only son gets in trouble with the Vietnamese authorities Percival faces the limits of his connections and wealth and is forced to send him away In the loneliness that follows Percival finds solace in Jacqueline a beautiful woman of mixed French and Vietnamese heritage and Laing Jai a son born to them on the eve of the Tet offensive Percival's new found happiness is precarious and as the complexities of war encroach further and further into his world he must confront the tragedy of all he has refused to see Blessed with intriguingly flawed characters moving through a richly drawn historical and physical landscape *The Headmaster's Wager* is a riveting story of love betrayal and sacrifice

The Headmasters Mark Morton, 2024-02-06 How do you learn from the past if there isn't one Sixty years ago something awful happened Something that killed everyone except the people at Blue Ring Something that caused the Headmasters to appear But Maple doesn't know what it was Because talking about the past is forbidden Everyone at Blue Ring has a Headmaster They sink their sinewy coils into your skull and control you using your body for backbreaking toil and your mind to communicate with each other When someone dies their Headmaster transfers to someone new But so do the dead person's memories and if one of those memories surfaces in the new host's mind their brain breaks That's why talking about the past is forbidden Maple hates this world where the past can't exist and the future promises only more suffering And she hates the Headmasters for making it that way But she doesn't know how to fight them until memories start to surface in her mind from someone who long ago came close to defeating the Headmasters But whose memories are they Why aren't they harming her And how can she use them to defeat the Headmasters Maple has to find the answers herself unable to tell anyone what she's experiencing or planning not even Thorn the young man she's falling in love with Thorn who has some forbidden secrets of his own

The Wager Edwin Matthews, 2012-04-05 *The Wager* traces the events which take place in a tough comprehensive school on a day to day basis throughout one academic year Simon Brown the school's cynical head of science discovers that the school is overstaffed and that some teachers are to be made redundant at the end of the year He realises that he and his best friend Wilson are the prime candidates for the push Rather than informing his friend of the situation he keeps the information to himself and secretly tries to ingratiate himself with the school's new head teacher *The Wager* tracks Simon's attempts to save his own job at his friend's expense Besides

being a cynic Simon is also a gambler He and Wilson make a wager as to whether their new head teacher will survive the year Their new head turns out to be a disastrous appointment wholly without charisma and alienated from pupils and teachers alike As staff morale deteriorates and the behaviour of students worsens the ethos of the school begins to decline Throughout the turmoil Simon delivers his acerbic views on events which unfold around him Due to his gambling Simon's wife decides to leave him Not one to get depressed over such a triviality he decides to pursue an attractive young maths teacher by the name of Sophie Lawrence and strange events start to occur in Simon's life both at home and at work A laugh out loud novel packed with twists and turns The Wager will appeal to fans of comic fiction we bet it will make you chuckle Edwin is inspired by J D Salinger Joseph Heller and Ken Kesey **The Headmasters Papers** Richard A. Hawley, 2012-07-25 John Greeve is the headmaster The 30 years of his life at The Wells School have been rich challenging and full of meaning But now John Greeve's precisely ordered world is crumbling The values he so passionately believes in are being threatened by forces he cannot accept John Greeve is a man at the crossroads fighting for the decency of his school for the survival of his family and finally stripped of everything for his very life **Moon and the Mars** Kia Corthron, 2021-09-07 An exploration of NYC and America in the burgeoning moments before the start of the Civil War through the eyes of a young biracial girl the highly anticipated new novel from the winner of the Center for Fiction's First Novel Prize Corthron a true heir to James Baldwin presents a startlingly original exposure of the complex roots of American racism Naomi Wallace MacArthur Genius Playwriting Fellow and author of One Flea Spare In Moon and the Mars set in the impoverished Five Points district of New York City in the years 1857-1863 we experience neighborhood life through the eyes of Theo from childhood to adolescence an orphan living between the homes of her Black and Irish grandmothers Throughout her formative years Theo witnesses everything from the creation of tap dance to P T Barnum's sensationalist museum to the draft riots that tear NYC asunder amidst the daily maelstrom of Five Points work hardship and camaraderie Meanwhile white America's attitudes towards people of color and slavery are shifting painfully transformationally as the nation divides and marches to war As with her first novel The Castle Cross the Magnet Carter which was praised by Viet Thanh Nguyen Robin D G Kelley and Angela Y Davis among many others Corthron's use of dialogue brings her characters to life in a way that only an award winning playwright and scriptwriter can do As Theo grows and attends school her language and grammar change as does her own vocabulary when she's with her Black or Irish families It's an extraordinary feat and a revelation for the reader Moon and the Mars Corthron's latest masterpiece is an absorbing story of family and community of Africans and Irish of settler and native of slavery and abolition of a city and a nation wracked by Civil War and racist violence of love won and lost Robin D G Kelley author of Thelonious Monk The Life and Times of an American Original Report Great Britain. Report of the Department of Science and Art of the Committee of Council on Education ,1896 *Head Masters* Stephen Tomlinson,2005-02-13 Contributes to a better understanding of Horace Mann and the educational reform movement he advanced Head Masters challenges the assumption that phrenology the study of the conformation of the skull as it relates to mental faculties and character played only a minor and somewhat anecdotal role in the development of education Stephen Tomlinson asserts instead that phrenology was a scientifically respectable theory of human nature perhaps the first solid physiological psychology He shows that the first phrenologists were among the most prominent scientists and intellectuals of their day and that the concept was eagerly embraced by leading members of the New England medical community Following its progression from European theorists Franz Joseph Gall Johan Gasper Spurzheim and George Combe to Americans Horace Mann and Samuel Gridley Howe Tomlinson traces the origins of phrenological theory and examines how its basic principles of human classification inheritance and development provided a foundation for the progressive practices advocated by middle class reformers such as Combe and Mann He also elucidates the ways in which class race and gender stereotypes permeated 19th century thought and how popular views of nature mind and society supported a secular curriculum favoring the use of disciplinary practices based on physiology This study ultimately offers a reconsideration of the ideas and theories that motivated education reformers such as Mann and Howe and a reassessment of Combe who though hardly known by contemporary scholars emerges as one of the most important and influential educators of the 19th century
