The Hidden God

Cleanth Brooks

The Hidden God:

The Hidden God Lucien Goldmann, 1964 **The Hidden God** Lucien Goldmann, 2016-07-12 This remarkable text first published in 1964 was a landmark of its era and remains in the words of Michael Lwy a work of remarkable richness Drawing on Georg Lukcs History and Class Consciousness Lucien Goldmann applies the concept of world visions to flesh out the similarities between Pascal s Penses and Kant s critical philosophy contrasting them with the rationalism of Descartes and the empiricism of Hume For Goldmann a leading exponent of the most fruitful method of applying Marxist ideas to literary and philosophical problems the tragic vision marked an important phase in the development of European thought as it moved from rationalism and empiricism to the dialectical philosophy of Hegel Marx and Lukcs Here he offers a general approach to the problems of philosophy of literary criticism and of the relationship between thought and action in human society The Hidden God Mary Lea Bandy, Antonio Monda, Museum of Modern Art (New York, N.Y.), 2003 offers a range of approaches to cinema s explorations of a hidden or absent God through a group of essays by thirty five writers who discuss some fifty movies p 11 *The Hidden God* Edgar Sheffield Brightman, 1940 *The Hidden God* Ladislaus Boros, 1973 **Close Encounters with God** Dr. Reginald O. Crosley, 2014-07-09 Close Encounters with God presents a study of multiple close encounters with Yahweh the name of God in Hebrew Scripture These encounters enable us to have a clearer portrayal of the self revealed God one who is different from the conceptualized deity envisioned through such means as transcendental meditation vision quest or mystical rapture By rediscovering the true personality of the self revealed God we will be able to understand the great mysteries of the universe that have baffled mankind for millennia Why do the blameless suffer Why does evil persist in the world Why do the wicked prosper Must the chosen people suffer the destiny of martyrdom And why should Yahweh remain the hidden God **The Hidden God** Cleanth Brooks, 1963 **Histories of the Hidden God** April D DeConick, Grant Adamson, 2016-04-08 In Western religious traditions God is conventionally conceived as a humanlike creator lawgiver and king a being both accessible and actively present in history Yet there is a concurrent and strong tradition of a God who actively hides The two traditions have led to a tension between a God who is simultaneously accessible to humanity and yet inaccessible a God who is both immanent and transcendent present and absent Western Gnostic esoteric and mystical thinking capitalizes on the hidden and hiding God He becomes the hallmark of the mystics Gnostics sages and artists who attempt to make accessible to humans the God who is secreted away Histories of the Hidden God explores this tradition from antiquity to today The essays focus on three essential themes the concealment of the hidden God the human quest for the hidden God and revelations of the hidden God **The Hidden God** Samuel E. Balentine, 1983 **The Presence Of A Hidden God** Dennis James Kennedy, 2008 Citing highly relevant examples from history and contemporary life a study guides believers to the obvious conclusion that God is found in Jesus Christ and He can be found through faith repentance prayer Bible reading and study meditation giving and sharing one s faith *Martin Luther's Hidden God* Timothy Scott

Landrum,2022-04-05 The presence of evil in a world said by God to be good is perhaps humanity's most vexing challenge Where is God in all this is a universal cry The answers are as numerous and varied as those offering them but little is accomplished it seems to ease the pain of a God who doesn't behave according to law logic or rationale Into this melee Martin Luther waded with his distinction between God preached and God not preached and hiding Though not always appreciated Luther's thought speaks to the various dimensions of the problem and proclaims a definitive answer Martin Luther's Hidden God traces the origins of Luther's thought on the matter explores how his teaching compliments and conflicts with the teaching offered by certain post Reformation Lutheran theologians and philosophers of religion before distilling his thought into a preliminary apologetic for the problem of evil and divine hiddenness that spans the breadth of the issue from a uniquely Lutheran perspective **The hidden God** Cleanth Brooks,1964 **The Hidden God** Lucien

Goldmann,2016-07-12 A new edition of a major philosophical work This remarkable text first published in 1964 was a landmark of its era and remains in the words of Michael L. Wy a work of remarkable richness Drawing on Georg Lukács History and Class Consciousness Lucien Goldmann applies the concept of world visions to flesh out the similarities between Pascal's Pensées and Kant's critical philosophy contrasting them with the rationalism of Descartes and the empiricism of Hume For Goldmann a leading exponent of the most fruitful method of applying Marxist ideas to literary and philosophical problems the tragic vision marked an important phase in the development of European thought as it moved from rationalism and empiricism to the dialectical philosophy of Hegel Marx and Lukács Here he offers a general approach to the problems of philosophy of literary criticism and of the relationship between thought and action in human society *The Hidden God*

Ryan White,2015-08-18 The Hidden God revisits the origins of American pragmatism and finds a nascent posthumanist critique shaping early modern thought By reaching as far back as the Calvinist arguments of the American Puritans and their struggle to know a hidden God this book brings American pragmatism closer to contemporary critical theory Ryan White reads the writings of key American philosophers including Jonathan Edwards Ralph Waldo Emerson William James and Charles Sanders Peirce against modern theoretical works by Niklas Luhmann Richard Rorty Jacques Derrida Sharon Cameron Cary Wolfe and Gregory Bateson This juxtaposition isolates the distinctly posthumanist form of pragmatism that began to arise in these early texts challenging the accepted genealogy of pragmatic discourse and common definitions of posthumanist critique Its rigorously theoretical perspective has wide implications for humanities research enriching investigations into literature history politics and art **The Hidden God** John C. Portavella,2013 **The Hidden God**

Cleanth Brooks,1963-01-01 The clarity of style for which Mr Brooks has long been noted is displayed to advantage in this newest book of his criticism Originally delivered as lectures at a faculty conference of people interested in theology the critical studies have special importance for all readers who would like a fresh perspective on five distinguished literary figures whose Christian commitment has been regarded as nonexistent or nebulous Mr Brooks believes that whatever a

writer has to say about mankind Christianity or culture in general is most significantly explained through his achievements as an artist and for that reason the critic here deals with the characteristic literary work of each author rather than with his theology or philosophy

The Hidden God Marius Timmann Mjaaland, 2015-11-15 In this phenomenological reading of Luther Marius Timmann Mjaaland shows that theological discourse is never philosophically neutral and always politically loaded Raising questions concerning the conditions of modern philosophy religion and political ideas Marius Timmann Mjaaland follows a dark thread of thought back to its origin in Martin Luther Thorough analyses of the genealogy of secularization the political role of the apocalypse the topology of the self and the destruction of metaphysics demonstrate the continuous relevance of this highly subtle thinker

The Hidden God, 1942 [Histories of the Hidden God](#) April D DeConick, Grant Adamson, 2016-04-08 In Western religious traditions God is conventionally conceived as a humanlike creator lawgiver and king a being both accessible and actively present in history Yet there is a concurrent and strong tradition of a God who actively hides The two traditions have led to a tension between a God who is simultaneously accessible to humanity and yet inaccessible a God who is both immanent and transcendent present and absent Western Gnostic esoteric and mystical thinking capitalizes on the hidden and hiding God He becomes the hallmark of the mystics Gnostics sages and artists who attempt to make accessible to humans the God who is secreted away *Histories of the Hidden God* explores this tradition from antiquity to today The essays focus on three essential themes the concealment of the hidden God the human quest for the hidden God and revelations of the hidden God

Close Encounters with God Reginald O. Crosley, 2010-08 By rediscovering the true personality of the Self revealed God we will be able to understand the great mysteries of the universe that have baffled us for millennia These include the suffering of the blameless the persistence of evil in the world the atoning power of blood sacrifice the prosperity of the wicked the necessity of a new birth or translation of time to eternity the destiny of martyrdom for some of the chosen people and why Yahweh remains the hidden God *Close Encounters With God* presents a study of multiple close encounters with Yahweh the name of God in Hebrew Scripture These encounters will enable us to have a clearer portrayal of the Self revealed God one who is different from the conceptualized deity envisioned through transcendental meditation vision quest or mystical rapture This book is an invitation to acknowledge the revelation of His own person by God Himself in multiple close encounters with mortal men and women in our sacred Scriptures as opposed to his conceptualization by human intuition or imagination Dr Reginald O Crosley is a practicing physician of internal medicine and nephrology in Baltimore Originally from Haiti he emigrated to the United States in 1967 He has previously published his poetry in Montreal and in Paris and has also written on alternative medicine the metaphysics of African traditions and the Second Coming of Christ Publisher's website <http://www.strategicpublishinggroup.com/title/CloseEncountersWithGod.html>

Unveiling the Energy of Verbal Art: An Emotional Sojourn through **The Hidden God**

In a global inundated with screens and the cacophony of quick conversation, the profound energy and mental resonance of verbal art often diminish into obscurity, eclipsed by the constant assault of sound and distractions. Yet, set within the musical pages of **The Hidden God**, a fascinating perform of fictional brilliance that impulses with natural thoughts, lies an wonderful journey waiting to be embarked upon.
