Folklore and Social Media Andrew Peck, Trevor J. Blank, 2020-12-07 Ten years after the publication of the foundational edited collection *Folklore and the Internet* Andrew Peck and Trevor J Blank bring an essential update of scholarship to the study of digital folklore *Folklore and Social Media* A unique virtual hybridized platform for human communication social media is more dynamic ubiquitous and nuanced than the internet ever was by itself and the majority of Americans use it to access and interact with digital source materials in more advanced and robust ways This book features twelve chapters ranging in topics from legend transmission and fake news to case studies of memes joke cycles and Twitter hashtag campaigns and offers fresh insights on digital heritage and web archiving The editors and contributors take both the digital and folklore elements seriously because social media fundamentally changes folk practices in new though often invisible ways Social media platforms encourage hybrid performances that appear informal and ordinary while also offering significant space to obfuscate backstage behaviors through editing and retakes The result is that expression online becomes increasingly reminiscent of traditional forms of face to face interaction while also hiding its fundamental differences *Folklore*

and Social Media demonstrates various ways to refine methods and analyses in order to develop a better understanding of the informal and traditional dynamics that define an era of folklore and social media. It is an invaluable addition to the literature on digital folklore scholarship that will be of interest to students and scholars alike. Contributors: Sheila Bock, Peter M. Broadwell, Bill Ellis, Jeana Jorgensen, Liisi Laineste, John Laudun, Linda J. Lee, Lynne S. McNeill, Ryan M. Milner, Whitney Phillips, Vwani Roychowdhury, Timothy R. Tangherlini, Tok Thompson, Elizabeth Tucker, Kristiana Willsey. Names in Times of Crisis Paola Cotticelli-Kurras, 2025-08-11. This volume addresses the fields of naming and branding in particular company and brand names, names in slogans and advertising language in general, and all other proper names that are of economic interest in times of crisis. The contributions analyze both advertising on social media as well as printed material concerning commercial names, slogans for climate advertising, pandemic situations, new branding and communication strategies in critical times such as war and energetic decency. The focus of the volume lies in stimulating reflections on how communication with consumers has changed on current advertising and marketing strategies and on naming in the face of sustainability and fairness. The current war scenario and the resulting problems concerning energy supplies, the increased migration in the Western European nations, and the political and social pressure to implement ambitious climate goals lead the economy and advertising agencies to profound reconsiderations. Joke Mechanics Hugo Raines, AI, 2025-05-05. Joke Mechanics explores the science and art of comedy by dissecting the underlying structures that make jokes effective across diverse cultures. It investigates why some jokes resonate universally while others fail, focusing on the core elements of joke construction, the psychology of humor appreciation, and the impact of cultural context. One intriguing fact is that despite surface level differences, the book argues fundamental cognitive and structural principles of joke construction remain remarkably consistent across cultures. Another highlight is the exploration of how cognitive biases and emotional states influence our appreciation of humor. The book progresses through three key sections: examining joke structure, delving into the psychological underpinnings of humor perception, and investigating the cultural and linguistic factors that shape humor. This multifaceted approach, drawing from linguistics, psychology, and cultural studies, sets Joke Mechanics apart by offering a systematic, evidence-based framework for understanding and creating jokes. By deconstructing jokes into their basic components, the book provides valuable insights for anyone seeking to understand the mechanics of humor and its impact on communication and social interaction. **Humour in Self-Translation** Margherita Dore, 2022-10-15. This book explores an important aspect of human existence: humor in self-translation, a virtually unexplored area of research in Humour Studies and Translation Studies. Of the select group of international scholars contributing to this volume, some examine literary texts from different perspectives: sociological, philosophical, or post-colonial, while others explore texts in more extraneous fields such as standup comedy or language learning. This book sheds light on how humour in self-translation induces thoughts on social issues, challenges stereotypes, contributes to recast individuals in novel forms of identity, and facilitates reflections on our own

sense of humour This accessible and engaging volume is of interest to advanced students of Humour Studies and Translation Studies *Not Just a Laughing Matter* King-fai Tam, Sharon R. Wesoky, 2017-08-28 This book offers the first comprehensive and in depth exploration of the way Chinese humor fits into broader discourses on Chinese identity and modernity in an increasingly globalized world throughout the period of modern China It brings together the expertise of scholars from a variety of disciplines history literature linguistics anthropology sociology and the study of popular culture to examine the many forms and modes in which political humor is expressed in modern China films cartoons the visual arts oral performances and online satire *Manatee's Best Friend* Sylvia Liu, 2021-08-03 Perfect for fans of Catherine Hapka a heart warming story about a girl who must find her voice with lots of manatee and dolphin fun along the way Becca Wong Walker may be so shy that most people at school think she doesn't speak at all but why should she care She has more important things to worry about Missy the manatee who visits the dock in Becca's backyard and Becca's only friend hasn't been seen for a long time When Missy finally does return she has a new baby with her Becca wants to be excited but more than ever inconsiderate boaters are speeding through the river putting the lives of Missy and her baby in terrible danger One day Becca spots a dolphin in the river too By bonding over the dolphin and manatees Becca finally starts to make friends at school But when Becca takes a video that goes viral it seems like it will be harder than ever to save the manatees and trying might just tear Becca's new friendships apart *The Internet and the 2016 Presidential Campaign* Jody C Baumgartner, Terri L. Towner, 2017-08-22 Although many developments surrounding the Internet campaign are now considered to be standard fare there were a number of new developments in 2016 Drawing on original research conducted by leading experts *The Internet and the 2016 Presidential Campaign* attempts to cover these developments in a comprehensive fashion How are campaigns making use of the Internet to organize and mobilize their ground game To communicate their message The book also examines how citizens made use of online sources to become informed follow campaigns and participate Contributions also explore how the Internet affected developments in media reporting both traditional and non traditional about the campaign What other messages were available online and what effects did these messages have had on citizens' attitudes and vote choice The book examines these questions in an attempt to summarize the 2016 online campaign **The View from Flyover Country** Sarah Kendzior, 2018-04-17 Collection of essays originally written between 2012 and 2014 *Just Don't Be an Asshole* Kara Kinney Cartwright, 2020-03-24 Take it from a mom who raised two teenage boys into actual humans yes they can and do change This is her tough love and candid advice on being a good guy in a world full of assholes Have you ever returned the family car with less than a quarter tank left Or gotten a technical in a rec league basketball game If so you might be an asshole or you're at least acting like one But there's hope for you yet As it turns out everyone needs to learn one major lesson to safely avoid asshole territory Other people are also humans Whoa This frank funny and necessary guidebook contains everything young men need to know to have positive

interactions make better decisions and recognize when they're being jerks Things like just don't be an asshole To your family Parents are not your servants To your friends They'll laugh at you not with you At work No one wants to hear your podcast idea To women Are you up doesn't qualify as romance Online If you wouldn't do it in real life don't do it In real life People unlike you are also people To yourself It's okay not to have all the answers And if someone got you this book don't be an asshole to them Instead consider this a gentle nudge in a different direction The Dark Web: Breakthroughs in Research and Practice Management Association, Information Resources, 2017-07-12

White, 2023-05-25 This cultural history reveals how cats became the undisputed mascot of the internet an essential look at life online Ryan Milner author of The World Made Meme

Journalists and their readers seem to need no explanation for the line The internet is made of cats Everyone understands the joke but few know how it started A Unified Theory of Cats on the Internet is the first book to explore the history of how the cat became the internet's best friend Internet cats can differ in dramatic ways from the goth cats of Twitter to the glamourpusses of Instagram to the giddy nonsensical silliness of Nyan Cat But they all share common traits and values Bringing together fun anecdotes thoughtful analyses and hidden histories of the communities that built the internet Elyse White shows how japonisme punk culture cute culture and the battle among different communities for the soul of the internet informed the sensibility of online felines Internet cats offer a playful and useful way to understand how culture shapes and is shaped by technology Western culture has used cats for centuries as symbols of darkness pathos and alienation The communities that helped build the internet represented themselves as outsiders with snark and alienation at the core of their identity Thus cats became the sine qua non of cultural literacy for the Extremely Online as well as an everyday medium of expression for the rest of us Whatever direction the internet takes next the series of tubes is likely to remain cat shaped

The Religion Virus [not for sale on Google Play] Craig A. James, 2010-03 Why do some beliefs become extinct while others adapt and flourish James shows us how genetic evolution and cultural evolution though operating at different rates are one and the same Recent science has gone a long way toward explaining the origin of religious belief in evolutionary terms but Craig James has cracked open the mystery of its tenacity Religion does not exist for us it exists for its own sake Like a selfish gene or a parasite the religion virus catches a free ride in the minds of our species infecting our history and culture
