The Huddled Masses Immigration And Inequality Kindle Single:

Invisible Migrant Nightworkers in 24/7 London Julius-Cezar MacQuarie, 2023-08-30 This book captures the hidden labour of migrant nightworkers in 24/7 London. It argues that late capitalism normalises nightwork yet refuses to recognise the associated problems from lack of decent working conditions to the seizure of the workers' private time for self-development, family and social life. The book shows how the articulation of nightworkers' subjectivities and socialities happens at the intersection between migration precarity and nightwork and traces how each of these dimensions magnifies the lived experience of the others. It further reveals that any possibilities for cooperation or solidarity in the workplace between migrant nightworkers become fragile and secondary to their survival of the nightshift. It also elucidates the mechanisms that hinder cohesion between vulnerable groups placed temporally and socially on a different par to the mainstream societies. As such, this book is an excellent resource for labour regulators, experts and student researchers in migration work and gender. The book offers a deeply empathic and engaging portrayal of the production of disciplined and exploitable manual labor in permanent nightshift cities. It cogently unpacks the experiences of embodied precarity through the largely unseen micro-practices of workplaces that entrap migrant laborers. The nightnographic component adds an original dimension to the inquiry. Violetta Zentai, Central European University.

The Huddled Masses Myth Kevin Johnson, 2003-12-01 Despite rhetoric that suggests that the United States opens its doors to virtually anyone who wants to come here, immigration has been restricted since the nation began. In this book, Kevin R. Johnson argues that immigration policy reflects the social hierarchy that prevails in American society as a whole and that immigration reform is intertwined with the struggle for civil rights. *The Huddled Masses Myth* focuses on the exclusion of people of color, gays and lesbians, people with disabilities, the poor, political dissidents and other disfavored groups, showing how bias shapes the law. In the nineteenth century, for example, virulent anti-Asian bias excluded would-be immigrants from China and severely restricted those from Japan. In our own time, people fleeing persecution and poverty in Haiti generally have been treated much differently from those fleeing Cuba. Johnson further argues that although domestic minorities, whether citizens or lawful immigrants, enjoy legal protections and might even be courted by politicians, they are regarded as subordinate groups and suffer discrimination. This book has particular resonance today as the public debates the uncertain status of immigrants from Arab countries and of the Muslim faith.

One Mighty and Irresistible Tide Jia Lynn Yang, 2020-05-19 Winner of the Z. C. Calo Book Prize, Shortlisted for the Arthur Ross Book Award, Longlisted for the Andrew Carnegie Medal for Excellence. A New York Times Book Review Editors' Choice. A powerful and cogent Bethanne Patrick Washington Post account of the twentieth-century battle for immigration reform that set the stage for today's roiling debates. The idea of the United States as a nation of immigrants is at the core of the American narrative. But in 1924, Congress instituted a system of ethnic quotas so stringent that it choked off large-scale immigration for decades, sharply curtailing arrivals from southern and eastern Europe and outright banning those from

nearly all of Asia In a riveting narrative filled with a fascinating cast of characters from the indefatigable congressman Emanuel Celler and senator Herbert Lehman to the bull headed Nevada senator Pat McCarran Jia Lynn Yang recounts how lawmakers activists and presidents from Truman through LBJ worked relentlessly to abolish the 1924 law Through a world war a refugee crisis after the Holocaust and a McCarthyist fever a coalition of lawmakers and activists descended from Jewish Irish and Japanese immigrants fought to establish a new principle of equality in the American immigration system Their crowning achievement the 1965 Immigration and Nationality Act proved to be one of the most transformative laws in the country s history opening the door to nonwhite migration at levels never seen before and changing America in ways that those who debated it could hardly have imagined Framed movingly by her own family s story of immigration to America Yang s One Mighty and Irresistible Tide is a deeply researched and illuminating work of history one that shows how Americans have strived and struggled to live up to the ideal of a home for the huddled masses as promised in Emma Lazarus s famous poem

Immerse yourself in the artistry of words with is expressive creation, Discover the Artistry of **The Huddled Masses Immigration And Inequality Kindle Single** .
