The Inquisitors Manual:

The Inquisitors' Manual António Lobo Antunes, 2004-04-08 Like a Portuguese version of *As I Lay Dying* but more ambitious António Lobo Antunes's eleventh novel chronicles the decadence not just of a family but of an entire society a society morally and spiritually vitiated by four decades of totalitarian rule In this his masterful novel António Lobo Antunes one of the most skillful psychological portraitists writing anywhere renders the turpitude of an entire society through an impasto of intensely individual voices *The New Yorker* The protagonist and anti hero Senhor Francisco a powerful state minister and personal friend of Salazar expects to be named prime minister when Salazar is incapacitated by a stroke in 1968 Outraged that the President Admiral Américo Tomás appoints not him but Marcelo Caetano to the post Senhor Francisco retreats to his farm in Setúbal where he vaguely plots a coup with other ex ministers and aged army officers who feel they've been snubbed or forgotten But it's younger army officers who in 1974 pull off a coup the Revolution of the Flowers so called since no shots were fired carnations sticking out of the butts of the insurgents' rifles ending 42 years of dictatorship Senhor Francisco more paranoid than ever accuses all the workers at his farm of being communists and sends them away with a brandished shotgun remaining all alone a large but empty shadow of his once seeming omnipotence to defend a decrepit farm from the figments of his imagination When the novel opens Senhor Francisco is no longer at the farm but in a nursing home in Lisbon with a bedpan between his legs having suffered a stroke that left him largely paralyzed No longer able to speak he mentally reviews his life and loves His loves In fact the only woman he really loved was his wife Isabel who left him early on when their son João was just a tiny boy Francisco takes up with assorted women and takes sexual advantage of the young maids on the farm the steward's teenage daughter and his secretaries at the Ministry but he can never get over the humiliation of Isabel having jilted him for another man Many years later he spots a commonplace shop girl named Mil who resembles his ex wife He sets the girl and her mother up in a fancy apartment makes her wear Isabel's old clothes and introduces her to Salazar and other government officials as his wife and everyone goes along with the ludicrous sham because everything about Salazar's Estado Novo New State was sham from the rickety colonial empire in Africa to the emasculate political leaders in the home country themselves monitored and controlled by the secret police Once the system of shams tumbles like a castle of cards Francisco's cuckoldry glares at him with even greater scorn than before and all around him lie casualties Mil and her mother return to their grubby notions shop more hopeless than ever because the mother is dying and Mil is suddenly a spinster without prospects The steward with no more farm to manage moves his family into a squalid apartment and gets a job at a squalid factory The minister's son raised by the housekeeper grows up to be good hearted but totally inept so that his ruthless in laws easily defraud him of his father's farm which they turn into a tourist resort The minister's daughter Paula whom he had by the cook and who was raised by a childless widow in another town is ostracized after the Revolution because of who her father was even though she hardly ever knew him Isabel the ex wife also

ends up all alone in a crummy kitchenette in Lisbon but she isn't a casualty of Senhor Francisco or of society or of a political regime but of love of its near impossibility Disillusioned by all the relationships she had with men she stoutly resists Francisco's ardent attempts to win her back preferring solitude instead We have to go to the housekeeper Titina this novel's most compelling character to find hope of salvation however unlikely a source she seems Unattractive and uneducated Titina never had a romantic love relationship though she secretly loved her boss who never suspected She ends up like him in an old folks home and like him she spends her days looking back and dreaming of returning to the farm in its heyday Old age is a great equalizer And yet the two characters are not equal Titina retains her innocence But it's not the innocence of helpless inability the case of Jo o Francisco's son nor is it the pathetic innocence of Romeu the emotionally and mentally undeveloped co worker by whom Paula has a son Titina isn't helpless or ingenuous and she isn't immune to the less than flattering human feelings of jealousy impatience and anger But she never succumbs to baser instincts She knows her worth and cultivates it She is a proud woman but proud only of what she really is and what she has really accomplished in life At one level and it operates at many The Inquisitorssssss Manual is an inquiry into the difficult coexistence of self affirmation and tenderness toward others Their correct balance which equals human dignity occurs in the housekeeper

The Inner Lives of Medieval Inquisitors Karen Sullivan,2011-03-15 There have been numerous studies in recent decades of the medieval inquisitions most emphasizing larger social and political circumstances and neglecting the role of the inquisitors themselves In this volume Karen Sullivan sheds much needed light on these individuals and reveals that they had choices both the choice of whether to play a part in the orthodox repression of heresy and more frequently the choice of whether to approach heretics with zeal or with charity In successive chapters on key figures in the Middle Ages Bernard of Clairvaux Dominic Guzm n Conrad of Marburg Peter of Verona Bernard Gui Bernard D licieux and Nicholas Eymerich Sullivan shows that it is possible to discern each inquisitor making personal moral choices as to what course of action he would take All medieval clerics recognized that the church should first attempt to correct heretics through repeated admonitions and that if these admonitions failed it should then move toward excluding them from society Yet more charitable clerics preferred to wait for conversion while zealous clerics preferred not to delay too long before sending heretics to the stake By considering not the external prosecution of heretics during the Middles Ages but the internal motivations of the preachers and inquisitors who pursued them as represented in their writings and in those of their peers The Inner Lives of Medieval Inquisitors explores how it is that the most idealistic of purposes can lead to the justification of
