Horrible Prettiness Robert Allen, 2000-11-09 Robert Allen's compelling book examines burlesque not only as popular entertainment but also as a complex and transforming cultural phenomenon When Lydia Thompson and her controversial female troupe of British Blondes brought modern burlesque to the United States in 1868 the result was electric Their impertinent humor streetwise manner and provocative parodies of masculinity brought them enormous popular success and the condemnation of critics cultural commentators and even women's rights campaigners Burlesque was a cultural threat Allen argues because it inverted the normal world of middle class social relations and transgressed norms of proper feminine behavior and appearance Initially playing to respectable middle class audiences burlesque was quickly relegated to the shadow world of working class male leisure In this process the burlesque performer lost her voice as burlesque increasingly revolved around

the display of her body Locating burlesque within the context of both the social transformation of American theater and its patterns of gender representation Allen concludes that burlesque represents a fascinating example of the potential transgressiveness of popular entertainment forms as well as the strategies by which they have been contained and their threats defused Dame Kathleen Kenyon Miriam C Davis,2016-09-16 Dame Kathleen Kenyon has always been a larger than life figure likely the most influential woman archaeologist of the 20th century In the first full length biography of Kenyon Miriam Davis recounts not only her many achievements in the field but also her personal side known to very few of her contemporaries Her public side is a catalog of major successes discovering the oldest city at Jericho with its amazing collection of plastered skulls untangling the archaeological complexities of ancient Jerusalem and identifying the original City of David participating in the discipline s most famous all woman excavation at Great Zimbabwe Her development with Sir Mortimer Wheeler of stratigraphic trenching methods has been universally emulated by archaeologists for over half a century Her private life her childhood as daughter of the director of the British Museum her accidental choice of a career in archaeology her working at bombed sites in London during the blitz and her solitary retirement to Wales are generally unknown Davis provides a balanced and illuminating picture of both the public Dame Kenyon and the private person

Detectives carrying out the latest investigation into Janner are working on the theory that he abused children with Beck Abuse of Trust first published in 1998 has long been viewed by social work professionals as an important audit of this case Gosling and the BBC journalist Mark D Arcy his co author investigate how Beck and his cronies came to rampage through children s homes in Leicestershire for more than a decade Despite complaints from children they continued their reign of terror for 13 years aided by at best incompetence at Leicestershire County Council Leicestershire Police and the Crown Prosecution Service Hundreds of children in the care of the local authority were damaged and some tragically died One is suspected now of being murdered At the time Beck was brought to justice for the scandal allegations that the local MP Greville Janner was also involved were roundly dismissed in the House of Commons where Janner was supported by his fellow Leicestershire MPs

REVIEWS Today when the pendulum seems to swinging again to start disbelieving claims by survivors that they were sexually abused the republication of a book examining one of the first major child sex scandals is a timely reminder of what victims faced in the 1970s and 1980s Abuse of Trust looks at the case of the long dead Frank Beck a charismatic social worker who got away with abusing possibly up to 200 children for two decades before finally being caught and convicted It is particularly relevant as Alexis Jay s child sex abuse inquiry is planning to resurrect the dire situation in Leicestershire social services at the time with an examination of the role of the then local MP Greville Janner who was facing multiple charges of child sexual abuse at the time of his death last year The book written by two diligent journalists Mark D Arcy a BBC Parliament correspondent and Paul Gosling an ex Leicester councillor and an experienced freelance journalist I would recommend this book to anyone who wants to remind themselves about the sheer nastiness brutality and cover ups that seem to dog this area
