

LAST PLACE ON EARTH

MEET

Sons of the Great Action
by Lawrence Thompson

1940

The year of Britain's supreme agony—
Hitler's great blunder,
and America's march toward war

"The book that I have read on World War II recalls as many poignant moments, and comes up far behind in many startling surprises, a heroic high action in itself, with brilliant long planning for the largest possible stakes. Thompson's *son of Anthony* is a greater history to can write like this."

—Gen. S. L. A. Marshall, USA, R. (Ret.)

"One could say the business and wisdom almost of an experienced officer, the author's obvious effort, his description of the events of 1940 has made me feel that if other "historians" could possess the know-how of this volume, they might find enlightenment that would be helpful. Certainly every reader will find here illumination and confirmation, however useful, some of the conventional myths." — Louis A. Weitzman (History Book Club Review)

"A book for the big reader that will bring the hours of study to many readers to read it. A stirring and instructive account." — J. L. Thompson (in *The American Historical Review*)

The Formation of the Chinese Communist Party Yoshihiro Ishikawa, 2013 Official Chinese narratives recounting the rise of the Chinese Communist Party CCP tend to minimize the movement's international associations Conducting careful readings and translations of recently released documents in Russian Japanese and Chinese Ishikawa Yoshihiro builds a portrait of the party's multifaceted character revealing the provocative influences that shaped the movement and the ideologies of its competitors Making use of public and private documents and research Ishikawa begins the story in 1919 with Chinese intellectuals who wrote extensively under pen names and in fact plagiarized or translated many iconic texts of early Chinese Marxism Chinese Marxists initially drew intellectual sustenance from their Japanese counterparts until Japan clamped down on leftist activities The Chinese then turned to American and British sources Ishikawa traces these networks through an exhaustive survey of journals newspapers and other intellectual and popular publications He reports on numerous early meetings involving a range of groups only some of which were later funneled into CCP membership and he follows the developments at Soviet Russian gatherings attended by a number of Chinese representatives who claimed to speak for a nascent CCP Concluding his narrative in 1922 one year after the party's official founding Ishikawa clarifies a traditionally opaque period in Chinese history and sheds new light on the subsequent behavior and attitude of the party
