The Guardian Protection League English Edition:

The Guardian Protection League Barbara Butterfield, 2015-06-12 Walking away from problems is one thing walking away from one's personal relationship with Jesus Christ is something else and that's just the path Sarah chooses to take. Willful disobedience to God. It's this path that leads her life on a frustrating sorrowful downward spiral. Journey with Sarah as she discovers that decisions one makes in life can also have a devastating effect on others. Learn with her that obedience to the will of God is always the best path anyone can ever take. Above all, discover with Sarah that Jesus is always with you in every storm and every calm. *UKSSSC Patwari/Lekhpal Exam Book (English Edition) - Uttarakhand Subordinate Service Selection Commission - 18 Practice Tests (1800 Solved MCQs)* EduGorilla Prep Experts, Best Selling Book in English Edition for UKSSSC Patwari Lekhpal Recruitment Exam with objective type questions as per the latest syllabus given by the UKSSSC. American Economist and Tariff League Bulletin ..., 1896 **Global Justice, Kant and the Responsibility to Protect** Heather Roff, 2013-06-26 This book provides an innovative contribution to the study of the Responsibility to Protect and Kantian political theory. The Responsibility to Protect (R2P) doctrine has been heralded as the new international security norm to ensure the protection of peoples against genocide, ethnic cleansing, war crimes and crimes against humanity. Yet for all of the discussion, endorsements and reaffirmations of this new norm, R2P continues to come under fire for its failures, particularly and most recently in the case of Syria. This book argues that a duty to protect is best considered a Kantian provisional duty of justice. The international system ought to be considered a state of nature where legal institutions are either weak or absent and so duties of justice in such a condition cannot be considered peremptory. This book suggests that by understanding the duty's provisional status, we understand the necessity of creating the requisite executive, legislative and judicial authorities. Furthermore, the book provides three innovative contributions to the literature: study and practice of R2P and Kantian political theory; it provides detailed theoretical analysis of R2P; it addresses the research gap that exists with Kant's account of justice in states of nature and it presents a more comprehensive understanding of the metaphysics of justice as well as R2P. This book will be of much interest to students of the Responsibility to Protect, humanitarian intervention, global ethics, international law, security studies and international relations.
