Analyses the crisis faced by the Balkan states at the end of the Cold War the turbulent events that followed and Western policy towards the region Routledge Handbook of Critical Obesity Studies Michael Gard,Darren Powell,José Tenorio,2021-12-30 The Routledge Handbook of Critical Obesity Studies is an authoritative and challenging guide to the breadth and depth of critical thinking and theory on obesity Rather than focusing on obesity as a public health crisis to be solved this reference work offers divergent and radical strategies alongside biomedical and positivist discourses Comprised of thirty nine original chapters from internationally recognised academics as well as emerging scholars the Handbook engages students academics researchers and practitioners in contemporary critical scholarship on obesity encourages engagement of social science and related disciplines in critical thinking and theorising on obesity enhances critical theoretical and methodological work in the area highlighting potential gaps as well as strengths relates critical scholarship to new and evolving areas of obesity related practices policies and research This multidisciplinary and international collection is designed for a broad audience of academics researchers students and practitioners within the social and health sciences including sociology obesity science public health medicine sports studies fat studies psychology nutrition science education and disability studies **The Fiber Guardian's Favorite High Fiber Foods: A List of the Right Foods to Lose Weight, Feel Better, and Live Longer** Jordan Ring,2016-07-27 Do you need to lose weight Do you want to feel better Do you want to live longer This book will show you eleven foods that will do this for you and more You will learn Where you can find the food and the foods origins Health benefits you can expect to achieve if you begin eating these high fiber foods Each of these foods are awesome for your health in general but each one has some very unique benefits Awesome recipes including my family s super secret banana bread recipe Each chapter will hopefully convince you that these high fiber foods are awesome and you should add them to your diet right away I know that losing weight is not easy but making small changes to your diet each and every day will guarantee you success in the long run It worked for me and it can surely work for you You also might be wondering who the Fiber Guardian actually is Well it s the person that wrote this book More information can be found at my website www.fiberguardian.com but in short I am an expert on all things fiber I personally utilized a high fiber diet on the direction of my doctor and lost a significant amount of weight through this method I have been able to keep the weight off for

the last 4 years now and my weight has been very consistent This was NOT Because I went on some radical diet It was because I chose to make small lifestyle changes including adding different types of foods to my diet I once found myself truly questioning what foods were good for me and what foods weren't as well as thinking that any of these good foods would surely taste bad This is NOT the case You can absolutely still enjoy food but the key is choosing the right foods This is what my book will teach you You will find out that foods like oatmeal apples and blueberries can be delicious fun and nutritious all at the same time Are you ready to begin this journey Are you ready to feel the power of an apple in your hands Are you ready to recognize popcorn for what it truly is A delicious food that is actually good for you Are you ready to be awed by the health benefits of bananas Let's do this

Food and Social Media Signe Rousseau, 2012-06-14 Social media platforms have quickly become integral to most people's lives both privately and professionally This is the first book to illuminate the trend of relying on social media in the food world Engaging in social media is fun but it is also rapidly becoming the platform for self promotion and branding This entertaining narrative offers an historical account of the major changes brought about by the Internet and also explores the polarities that underlie the challenges of adaptation including exclusivity versus democracy professionalism versus amateurism and business versus pleasure Loaded with insight into the current scene it discusses controversies such as celebrity chefs tweeting wars ethics and the accusations of plagiarizing of recipes and etiquette concerning the practice of photographing a meal to blog about it Food and Social Media will appeal to anyone with an interest in food and media as well as those who enjoy using any of the social media formats including blogs Yelp Facebook YouTube Twitter and more to participate in a digital food community

Food Economics Henning O. Hansen, 2013-05-02 Food and food markets still enjoy a pivotal role in the world economy and the international food industry is moving towards greater consolidation and globalization with increased vertical integration and changes to market structure Companies grow bigger in order to obtain economies of scale and issues and such as food security quality obesity and health are ever important factors This book describes the link between food markets and food companies from a theoretical and a business economics perspective The relationships trends and impacts on the international food market are presented and the topic is related to actual business conditions Each chapter is accompanied by questions and assignments designed to help students in their learning

Routledge Handbook of Law and the COVID-19 Pandemic Joelle Grogan, Alice Donald, 2022-05-16 The COVID 19 pandemic not only ravaged human bodies but also had profound and possibly enduring effects on the health of political and legal systems economies and societies Almost overnight governments imposed the severest restrictions in modern times on rights and freedoms elections parliaments and courts Legal and political institutions struggled to adapt creating a catalyst for democratic decline and catastrophic increases in poverty and inequality This handbook analyses the global pandemic response through five themes governance and democracy human rights the rule of law science public trust and decision making and states of emergency and exception Containing 12 thematic commentaries and 25 chapters on

countries of diverse size wealth and experience of COVID 19 it represents the combined effort of more than 50 contributors including leading scholars and rising voices in the fields of constitutional international public health human rights and comparative law as well as political science and science and technology studies Taking stock after the onset of global emergency this book provides essential analysis for politicians policy makers jurists civil society organisations academics students and practitioners at both national and international level on the best and most concerning practices adopted in response to COVID 19 and key insights into how states and multilateral institutions should reform adapt and prepare for future emergencies

Children's Literacy Practices and Preferences Jane Sunderland, Steven Dempster, Joanne Thistlethwaite, 2016-03-31 Over the past few decades there have been intense debates in education surrounding children's literacy achievement and ways to promote reading particularly that of boys The Harry Potter book series has been received enthusiastically by very many children boys and girls alike but has also been constructed in popular and media discourses as a children's particularly a boys literacy saviour Children's Literacy Practices and Preferences Harry Potter and Beyond provides empirical evidence of young people's reported literacy practices and views on reading and of how they see how the Harry Potter series as having impacted their own literacy The volume explores and debunks some of the myths surrounding Harry Potter and literacy and contextualizes these within children's wider reading

Systemic Liquidity Risk and Bipolar Markets Clive M. Corcoran, 2012-11-26 The dramatic and well chronicled crisis of 2007-8 marked a watershed moment for all stakeholders in global capital markets In the aftermath financial markets have become even more tightly coupled as correlations in returns across multiple asset classes have been at historically elevated levels Investors and fund managers are to a much larger degree than previously and often much more than they realize subject to the risk of severe wealth destruction The ultimate hazard which is not adequately characterized by the widely touted notion of tail risk is the systemic risk which arises when liquidity in markets completely evaporates Not only did this happen in the second half of 2008 but it has been repeated episodically since then most notably in May 2010 in an incident known as the Flash Crash and in the fall of 2011 when correlations were at historically elevated levels Conventional asset allocation tools and techniques have failed to keep pace with the changing financial landscape which has emerged since 2008 In addition to the preponderance of algorithmic trading and the associated changes in the liquidity characteristics of financial markets a new paradigm of risk on risk off asset allocation has emerged Risk on risk off is a widely adopted style of trading and macro allocation strategy where positions are taken in several closely aligned asset classes depending on the prevailing sentiment or appetite for risk The consequences of the day to day and intraday switching between either a risk on or risk off tactical strategies poses significant new challenges to investors who are still making investment decisions with outmoded notions from traditional asset allocation theory How can one cushion the impact of systemically threatening events when the ability to exit financial instruments becomes almost non-existent How can one trust the integrity of financial models and orthodox

macro financial theory which have become increasingly discredited Can central bankers be relied upon to become the counter parties of last resort and provide a safety net under the financial system These vital questions and many others need to be addressed by everyone who has a stake in modern financial markets and they are addressed in Systemic Liquidity Risk and Bipolar Markets Proper functioning markets require fractiousness or divided opinion and this needs to be lubricated by communications from central bankers economic forecasters corporate executives and so on As long as such messages and market conditions remain ambiguous providing asymmetric information to different market players then the conditions are present to enable systemic liquidity to be preserved Seen in this context the prevailing paradigm of bipolar risk on risk off asset allocations is both a prerequisite to liquid markets and also paradoxically when one side of the polarity becomes too extreme a major source of systemic instability Should such polarities become critically unbalanced and should the signals received by market players become symmetrically disadvantageous as they were in the fall of 2008 then an even more substantial systemic liquidity crisis than that seen in those troubled times is a dangerous possibility Apart from the practical risk management tools and tactics that are recommended in Systemic Liquidity Risk and Bipolar Markets there is a provocative and cogent narrative to provide anxious and perplexed investors with a coherent explanation of the post GFC financial environment and which should assist them in navigating the choppy waters ahead **Hearty** andrea

bennett,2024-09-03 Thoughtful wide ranging essays exploring food as a source of pleasure practical creativity and sustenance Food is the primary way andrea bennett connects with the world They worked in the restaurant industry for a decade and though they don t eat much meat and can t eat gluten they take as much pleasure in food as Jeffrey Steingarten Anthony Bourdain or Guy Fieri When they want to show someone they care they cook them a meal The essays in Hearty offer a snapshot of the North American cultural relationship to food and eating Hearty dives deep into specific foods such as chutney carrots and ice cream but also explores appetite and desire in food media the art of substitution seed saving and the triumphs and trials of being a home gardener how the food system works and doesn t and complex societal narratives around health and pleasure Combining journalism cultural commentary and personal reflection Hearty follows bennett s curiosity into kitchens gardens fields and factories offering a compassionate and compelling perspective on food from seed to table

Garfield,2022-11-30 In this sweeping chronicle of guaran a glossy leaved Amazonian vine packed with more caffeine than any other plant Seth Garfield develops a wide ranging approach to the history of Brazil itself The story begins with guaran as the pre Columbian cultivar of the Sater Maw people in the Lower Amazon region where it figured centrally in the Indigenous nation s origin stories dietary regimes and communal ceremonies During subsequent centuries of Portuguese colonialism and Brazilian rule guaran was reformulated by settlers scientists folklorists food technologists and marketers Whether in search of pleasure profits professional distinction or patriotic markers promoters imparted new meanings to guaran and found new uses for it Today it is the namesake ingredient of a multibillion dollar soft drink industry and a beloved national symbol Guaran s journey elucidates human impacts on Amazonian ecosystems the circulation of knowledge goods and power and the promise of modernity in Latin America s largest nation For Garfield the beverage s history reveals not only the structuring of inequalities in Brazil but also the mythmaking and ordering of social practices that constitute so called traditional and modern societies

Blurring Intelligence Crime Willem Bart de Lint,2021-03-14 This book explores the conundrum that political fortune is dependent both on social order and big constitutive crime An act of outrageous harm depends on rules and protocols of crime scene discovery and forensic recovery but political authorities review events for a social agenda so that crime is designated according to the relative absence or presence of politics In investigating this problem the book introduces the concepts intelligence crime and critical forensics It also reviews as an exemplar of this phenomenon apex crime a watershed event involving government in the support of a contested political and social order and its primary opponent as the obvious offender which is then subject to a confirmation bias Chapters feature case study analysis of a selection of familiar high profile crimes in which the motives and actions of security or intelligence actors are considered as blurred or smeared depending on their interconnection in transactional political events or according to friend enemy status

Not Good Enough James Robert Moore,2025-06-25 A delightful entertaining and sexy debut Matt Cain After his boyfriend of nine years betrays him Charlie s carefully constructed world crumbles At thirty something he s never navigated London s queer scene alone and he s terrified No relationship experience no dating app knowledge and absolutely no idea what he s supposed to do next But sometimes devastating endings force beautiful beginnings As Charlie stumbles through awkward first dates and a new flat share he discovers there s more to life than being someone s other half The queer community he never dared explore beckons promising friendship adventure and maybe even love If only he can silence the

nagging voice telling him he's Not Good Enough A heartwarming story about finding yourself when life forces you to start again because it's never too late to come out of your second closet and embrace who you truly are **The New Republic**
