

1. How does Billie feel when he wakes up and discovers that everyone has left him? How is Billie changing? Do you feel that this change will continue to grow or will he return to his normal self?
2. The letter that the company leaves for Billie is like a contract. What will be provided to Billie if he participates and fulfills his role in the mission?
3. How does the setting change as the journey begins? Describe the dark-themed imagery that the party reflects. How does the setting characterize how Billie and a few other characters feel?
4. When the party can't light a fire, what do they see? Literally, what does the color red symbolize? Would you approach a red light? Why or why not? What does the party decide to do approach the red light or stay away?
5. What is the source of the red light? What does Billie communicate and how are they characterized?
6. What do Bert, Tim, and William do to Thelin and company? What happens to them and how?
7. What do Thelin and company obtain from the trailer left?
8. Where does Chasfield say he was when he was apart from the company?

## **The Hobbit Journal Questions:**

**A Guide for Using The Hobbit in the Classroom** John Carratello, Patty Carratello, 1992 Teaching literature unit based on the popular children's story The hobbit *Transforming Talk into Text—Argument Writing, Inquiry, and Discussion, Grades 6-12* Thomas M. McCann, 2014-05-23 Author Thomas McCann invites readers to rethink their approach to teaching writing by capitalizing on students' instinctive desire to talk. Drawing on extensive classroom research, he shows teachers how to craft class discussions that build students' skills of analysis, problem solving, and argumentation as a means of improving student writing. McCann demonstrates how authentic discussions immerse learners in practices that become important when they write. Chapters feature portraits of teachers at work, including transcripts that reveal patterns of talk across a set of lessons. Interviews with the teachers and samples of student writing afford readers a deeper understanding of process. Students also report on how classroom discussions supported their effort to produce persuasive, argument-driven essays. Book Features: A focus on the thinking behind the practice, as opposed to a collection of lesson ideas; Connections to important elements from the Common Core State Standards, especially arguments writing; Examples of students at work with examples of the writing that emerges from their discussions; Portraits of skilled teachers as they promote inquiry and sequence and facilitate discussions; Appendices with problem-based scenarios, interview questions for students and teachers, samples of debatable cases in the news, and more. In this important book, Tom McCann has given us not only the admonition to change, but the details about what effective change must be and what it looks like: evidence that it works effectively and details about how to bring it to pass. From the Foreword by George Hillocks Jr., Professor Emeritus, Department of English, University of Chicago. For a professional book to have an impact on the field, it needs to address a perceived need. Writing arguments for Common Core performance assessments is a HUGE need right now, that this book helps address. Carol Jago, associate director, California Reading and Literature Project, UCLA.

**Approaches to Teaching Tolkien's The Lord of the Rings and Other Works** Leslie A. Donovan, 2015-10-01 A philologist and medieval scholar, J. R. R. Tolkien never intended to write immensely popular literature that would challenge traditional ideas about the nature of great literature and that was worthy of study in colleges across the world. He set out only to write a good story, the kind of story he and his friends would enjoy reading. In *The Hobbit* and in *The Lord of the Rings*, Tolkien created an entire world informed by his vast knowledge of mythology, languages, and medieval literature. In the 1960s, his books unexpectedly gained cult status with a new generation of young countercultural readers. Today, the readership for Tolkien's absorbing secondary world, filled with monsters, magic, adventure, sacrifice, and heroism, continues to grow. Part 1 of this volume, *Materials*, introduces instructors to the rich array of resources available for teaching Tolkien, including editions and criticism of his fiction and scholarship, historical material on his life and times, audiovisual materials, and film adaptations of his fiction. The essays in part 2, *Approaches*, help instructors introduce students to critical debates around Tolkien's work, its sources, its influence, and its connection to ecology, religion,

and science Contributors draw on interdisciplinary approaches to outline strategies for teaching Tolkien in a wide variety of classroom contexts

**The Rhetoric of Literary Communication** Virginie Iché, Sandrine Sorlin, 2022-01-31 Building on the notion of fiction as communicative act this collection brings together an interdisciplinary range of scholars to examine the evolving relationship between authors and readers in fictional works from 18th century English novels through to contemporary digital fiction The book showcases a diverse range of contributions from scholars in stylistics rhetoric pragmatics and literary studies to offer new ways of looking at the author reader channel drawing on work from Roger Sell Jean Jacques Lecercle and James Phelan The volume traces the evolution of its form across historical periods genres and media from its origins in the conversational mode of direct address in 18th century English novels to the use of second person narratives in the 20th century through to 21st century digital fiction with its implicit requirement for reader participation The book engages in questions of how the author reader channel is shaped by different forms and how this continues to evolve in emerging contemporary genres and of shifting ethics of author and reader involvement This book will be of particular interest to students and scholars interested in the intersection of pragmatics stylistics and literary studies

experience of teaching Tom's ideas about what constitutes great teaching are drawn from his experiences as a teacher and a school leader over the last 30 years alongside everything he has read and all the debates he's engaged with during that time. An underlying theme of this book is that a career in teaching is a process of continual personal development and professional learning as is engaging in fundamental debates. We argue on about the kind of education we value. As you meet each new class and move from school to school your perspectives shift your sense of what seems to work adjusts to each new context. In writing this book Tom is trying to capture some of the journey he's been on. He has learned that it is ok to change your mind. More than that sometimes it is simply necessary to get your head out of the sand to change direction to admit your mistakes.

**Albany Law Journal** ,1874      **Plumbers, Gas and Steam Fitters Journal** ,1921      **Tolkien and Alterity**

Christopher Vaccaro, Yvette Kisor, 2017-10-11 This exciting collection of essays explores the role of the Other in Tolkien's fiction his life and the pertinent criticism. It critically examines issues of gender sexuality race and ethnicity language and identity in *The Lord of the Rings* *The Silmarillion* and lesser known works by Tolkien. The chapters consider characters such as Lobelia Sackville Baggins Saruman and the Orcs as well as discussions of how language and identity function in the source texts. The analysis of Tolkien's work is set against an examination of his life personal writing and beliefs. Each essay takes as its central position the idea that how Tolkien responds to that which is different to that which is Other serves as a register of his ethics and moral philosophy. In the aggregate they provide evidence of Tolkien's acceptance of alterity.

*Critical Content Analysis of Children's and Young Adult Literature* Holly Johnson, Janelle Mathis, Kathy G. Short, 2016-06-17 In this book the authors describe their strategies for critically reading global and multicultural literature and the range of procedures they use for critical analyses. They also reflect on how these research strategies can inform classrooms and children as readers. Critical content analysis offers researchers a methodology for examining representations of power and position in global and multicultural children's and adolescent literature. This methodology highlights the critical as locating power in social practices by understanding uncovering and transforming conditions of inequity. Importantly it also provides insights into specific global and multicultural books.
