**Call to Arms** Joshua Dalzelle, 2015-06-27 From Joshua Dalzelle comes the follow up to the 1 Bestseller Warship Captain Jackson Wolfe survived the initial incursion of a vicious alien species into human space barely He had assumed the juggernaut that had devastated three Terran systems was the herald for a full invasion but for the last few years it has been eerily quiet along the Frontier Jackson now struggles to convince the Confederate leadership the threat is still imminent and needs to be taken seriously While powerful factions make backroom deals he is desperate to find irrefutable proof that the invaders are coming and if humanity expects to survive they must marshal their forces and make a stand before it s too late

Warship Joshua Dalzelle, 2015 In the 25th century humans have conquered space The advent of faster than light travel has opened up hundreds of habitable planets for colonization and humans have exploited the virtually limitless space and resources for hundreds of years with impunity So complacent have they become with the overabundance that armed conflict is a thing of the past and their machines of war are obsolete and decrepit What would happen if they were suddenly threatened by a terrifying new enemy Would humanity fold and surrender or would they return to their evolutionary roots and meet force with force One ship and one captain will soon be faced with this very choice Back cover **Counterstrike**

**The Desert War** Alan Moorehead,2013-04-01 The seminal account of the battle between Montgomery s Eighth Army and Rommel s Afrika Corps amidst the endless harsh wastes of the Western Desert In 1940 Alan Moorehead was sent to cover the North Africa campaign by the Daily Express and he followed its dramatic course all the way to 1943 The three books he subsequently wrote about the Desert War later collected as his African Trilogy were swiftly acclaimed as a classic account of the tussle between Montgomery s Eighth Army and Rommel s Afrika Corps under the beating sun of the Egyptian Sahara s Western Desert Moorehead was responsible for the celebrated insight that tank battles in the desert are like battles at sea the lumbering tanks like ships lost in a vast ocean of sand The New Statesman could not have put it better when it described his achievement with this riveting book There is something of genius in the breadth and penetration of his vision which encompasses the whole panorama of war and then narrows it down to the particular the soldier stubbing out his cigarette before going into action the expression on a tank commander s face as he is hit The story of the African campaigns will go down in history as one of the great epics of mankind largely thanks to Mr Moorehead s account
