

Firebox® X Edge e-Series

Recommended for branch offices, wireless hotspots, and small offices with up to 50 users

The Firebox® X Edge extensible threat management (XTM) solution is a stand-alone firewall and VPN solution for small businesses, remote offices, and telecommunications.

Available in both wired and wireless versions, it's the ideal endpoint for connecting a secure VPN tunnel back to a WatchGuard XTM or Firebox X Core or Peak appliance.

Why buy an all-in-one solution?

An all-in-one network security solution slashes the time and cost associated with managing multiple single-point security products. Your IT staff has more time to focus on other areas of network administration, and your business saves money on support and hardware costs.
