*Political Argument in a Polarized Age* Scott F. Aikin, Robert B. Talisse, 2020-04-20 From obnoxious public figures to online trolling and accusations of fake news almost no one seems able to disagree without hostility But polite discord sounds farfetched when issues are so personal and fundamental that those on opposing sides appear to have no common ground How do you debate the enemy Philosophers Scott Aikin and Robert Talisse show that disagreeing civilly even with your sworn enemies is a crucial part of democracy Rejecting the popular view that civility requires a polite and concessive attitude they argue that our biggest challenge is not remaining calm in the face of an opponent but rather ensuring that our political arguments actually address those on the opposing side Too often politicians and pundits merely simulate political debate offering carefully structured caricatures of their opponents These simulations mimic political argument in a way designed to convince citizens that those with whom they disagree are not worth talking to Good democracy thrives off conflict but until we learn the difference between real and simulated arguments we will be doomed to speak at cross purposes Aikin and Talisse provide a crash course in political rhetoric for the concerned citizen showing readers why understanding the structure of arguments is just as vital for a healthy democracy as debate over facts and values But there s a sting in the tail no sooner have we learned rhetorical techniques for better disagreement than these techniques themselves become weapons with which to ignore our enemies as accusations like false equivalence and ad hominem are used to silence criticism Civility requires us to be eternally vigilant to the ways we disagree [How to Win a Fight With a Conservative](#) Daniel Kurtzman, 2012-06-01 Outwit and outmock those Crazy Conservatives Tired of the delusional rantings of right wing nut jobs Does the mere mention of the Tea Party or Fox News pose a clear and present danger to your sanity No matter the flavor of your misguided right wing adversary here s a survival guide for anyone who s fantasized about smacking down a

Ponce de Leon,2015-05-04 Ever since Newton Minow taught us sophisticates to bemoan the descent of television into a vast wasteland the dyspeptic chorus of jeremiahs who insist that television news in particular has gone from gold to dross gets noisier and noisier Charles Ponce de Leon says here in effect that this is misleading if not simply fatuous He argues in this well paced lively readable book that TV news has changed in response to broader changes in the TV industry and American culture It is pointless to bewail its decline That s the Way It Is gives us the very first history of American television news spanning more than six decades from Camel News Caravan to Countdown with Keith Oberman and The Daily Show Starting in the latter 1940s television news featured a succession of broadcasters who became household names even presences Eric Sevareid Walter Cronkite David Brinkley Peter Jennings Brian Williams Katie Couric and with cable expansion people like Glenn Beck Jon Stewart and Bill O Reilly But behind the scenes the parallel story is just as interesting involving executives producers and journalists who were responsible for the field s most important innovations Included with mainstream network news programs is an engaging treatment of news magazines like 60 Minutes and 20/20 as well as morning news shows like Today and Good Morning America Ponce de Leon gives ample attention to the establishment of cable networks CNN and the later competitors Fox News and MSNBC mixing in colorful anecdotes about the likes of Roger Ailes and Roone Arledge Frothy features and other kinds of entertainment have been part and parcel of TV news from the start viewer preferences have always played a role in the evolution of programming although the disintegration of a national culture since the 1970s means that most of us no longer follow the news as a civic obligation Throughout Ponce de Leon places his history in a broader cultural context emphasizing tensions between the public service mission of TV news and the quest for profitability and broad appeal     *Black Man with a Gun* Lucky Rosenbloom,2011-02-21

How many times have we questioned why our day did not go as planned We had everything in place and something or someone altered the way it played out Did we feel powerless Did we feel like this may happen again It is something we do not want to feel not once not ever There has to be a way to not only have a game plan to approach each social scenario but to use this strategy on a consistent basis there is something however it is energy We are energy and when we see ourselves as this we can channel the proper feelings and release the unnecessary one that drag us down It is vital to know that controlling this energy is what will allow us to remain in the driver s seat throughout every moment of our day *The Way-bill* ,1916
