*The Novel, Who Needs It?* Joseph Epstein, 2023-07-18 In this brief but highly engaging book Joseph Epstein argues for the primacy of fiction and specifically of the novel among all intellectual endeavors that seek to describe the behavior of human beings Reading superior fiction he holds arouses the mind in a way that nothing else quite does He shows how the novel at its best operates above the level of ideas in favor of taking up the truths of the heart No other form probes so deeply into that eternal mystery of mysteries human nature than does the novel Along the way Epstein recounts how we read fiction differently than much else we read He sets out how memory works differently in the reading of fiction than in that of other works He notes that certain novels are best read at certain ages and suggests that novels like movies might do well to carry ratings with some novels best read no later than one's early twenties others not to be read before the age of forty The knowledge one acquires from reading novels differs from all other kinds of knowledge for the subject of all superior fiction is human existence itself in all its variousness and often humbling confusion The spirit of the novel entails questioning much that others consider home truths This is demonstrated by the fact that so many important philosophers social scientists jurists and other intellectuals have been devoted readers of fiction among them Oliver Wendell Holmes Jr Michael Oakeshott Edward Shils and Clifford Geertz The Novel Who Needs It takes up those current elements in the culture that militate against the production of first rate fiction Prominent among them are the rise of online reading the expansion of creative writing programs the artistically discouraging effects of political correctness and the pervasiveness of therapeutic thinking throughout contemporary culture As for the title The Novel Who Needs It Joseph Epstein's answer is that we all do

Never Say You've Had a Lucky Life Joseph Epstein, 2024-04-16 A rich and comic portrait of the radical changes in American life and the literary world over the last eighty years An autobiography usually requires a justification The great autobiographies those by Benvenuto Cellini Jean Jacques Rousseau Benjamin Franklin and Henry Brooks Adams were justified by their authors living in interesting times harboring radically new ideas or participating in great events Joseph Epstein qualifies on none of these counts His life has been quiet lucky in numerous ways and far from dramatic But it has also been emblematic of the great changes in our country since World War II He grew up in a petit

**My Silk Purse and Yours** George Garrett, 1992 Formula critics like the formula fiction they consider can't tell a silk purse from a sow's ear George Garrett can and he isn't afraid to say so even when his judgments aren't fashionable My Silk Purse and Yours shows Garrett at his combative best as he takes on everything from New York's literary star system to the work of Kurt Vonnegut and John Barth I may be wrong writes Garrett but you cannot convince me that I do not read more novels and story collections than the entire professional staffs of the New York Times Sunday and daily and the Washington Post ditto put together The essays and reviews collected here should convince even the most skeptical reader of Garrett's claim Whether he is pondering the problems and paradoxes of literary biography taking apart the capriciousness of the publishing industry or divulging the source of the best Bloody Mary in England Garrett's voice is the voice of one who knows Garrett rarely strays from the firm grounding of his own experience as a reader Eschewing literary stars who too frequently eclipse lesser known but often more talented artists Garrett explores such underappreciated writers as Mary Johnston Madison Smartt Bell and Reynolds Price He champions writers who tackle subjects that will never make them popular Of Shelby Foote's The Civil War he writes Even assuming the good fortune of living to complete his marathon enterprise and doing it tolerably well the odds were strong if not overwhelming that in a time of instant attention and instant oblivion Foote would find himself and his work cheerfully forgotten Garrett writes of the Elizabethans Their words are not only their greatest gift to us but they are also the only true map we have to lead us to their world and safely back to our own In My Silk Purse and Yours Garrett's explorations of American literary art always lead him back to his starting point Opinionated daring and always enlightening My Silk Purse and Yours is a shrewd and entertaining celebration of the lost art of reading and the troubled art of writing

Drawing on a synthesis of theory, research and practice, this edited volume makes an innovative contribution to literature concerning language education for very young children. It explores language learning in a wide range of geographical contexts with reference to second and foreign language learning, bilingualism and plurilingualism with children under the age of 6 years old. Chapters present discussion around teacher education, policy making, international case studies, school and home based projects, code switching and language use and methodologies and approaches. *Early Years Second Language Education: International perspectives on theory and practice* will be essential reading for researchers, academics, teacher trainers and post graduate students in the fields of early years education, foreign and second language education, language didactics and teacher education.
