# The Grave of Marcus Pauly

A woman with long brown hair, wearing a wide-brimmed straw hat and a light-colored, possibly leather, vest over a dark top, is shown in profile. She is looking towards the left, over a rocky, hilly landscape under a bright sky. The foreground is filled with a pile of light-colored rocks and some dry vegetation.

ways of looking at the family and private life at sex and gender and at death by analysing ancient Greek ideas and by showing how researchers presuppositions have been influenced by their own culture and experience The views of Fustel de Coulanges on the place of tomb cult in the evolution of the family in the ancient world are critically examined and related to their 19th Century context the study of the classical Athenian family is related to current historical and sociological debates on the separation between public and private life      Papers of the British School at Rome British School at Rome,1906

From the closing decades of the eighteenth century German theology has been a major intellectual force within modern western thought closely connected to important developments in idealism romanticism historicism phenomenology and hermeneutics Despite its influential legacy however no recent attempts have sought to offer an overview of its history and development Oxford History of Modern German Theology Vol I 1781 1848 the first of a three volume series provides the most comprehensive multi authored overview of German theology from the period from 1781 1848 Kaplan and Vander Schel cover categories frequently omitted from earlier overviews of the time period such as the place of Judaism in modern German society race and religion and the impact of social history in shaping theological debate Rather than focusing on individual figures alone Oxford History of Modern German Theology Vol I 1781 1848 describes the narrative arc of the period by focusing on broader intellectual and cultural movements ongoing debates and significant events It furthermore provides a historical introduction to each of the chronological subsections that divides the book Moreover unlike previous efforts to introduce this time period and geographical region the volume offers chapters covering such previously neglected topics as religious orders the influence of Romantic art secularism religious freedom and important but overlooked scholarly initiatives such as the Corpus Reformatorum Attention to such matters will make this volume an invaluable repository of scholarship and knowledge and an indispensable reference resource for decades to come      **Merlin's Veto** A.
