American Fiction challenges recent interpretations of American fiction as a secular pursuit that long ago abandoned religious faith and the idea of transcendent experiences Inspired by recent philosophical thinking on post secularism and by Northrop Frye s theorizing on the connections between the Bible and the development of Western literature Claude Le Fustec presents insightful readings of the presence of transcendence and biblical imagination in canonical novels by American writers ranging from Nathaniel Hawthorne to Toni Morrison Examining these novels through the lens of Frye s ambitious account of

literature's transcendent or kerygmatic power Le Fustec argues that American fiction has always contained the seeds of a rejection of radical skepticism and a return to spiritual experience Beyond an insightful analysis of Frye's ideas Northrop Frye and American Fiction is powerful testimony of their continued interpretive potential **ISSHE 2020** La Ino, Mirsa Umiyati, Akhmad Marhadi, Nirmalasi, Falentinus Ndruru, 2021-04-15 International Seminar on Social Science Humanities and Education ISSHE is motivated by efforts to increase the quality of research and respond to the development of studies related to social science humanities and education fields This seminar aims 1 to bring together all scientists researchers practitioners and lecturers 2 to share and discuss theoretical and practical knowledge about social science humanities and education fields The conference was held virtually by using Zoom on November 25th 2020 The host of the conference was the Faculty of Cultural Sciences of Universitas Haluoleo Kendari Indonesia in collaboration with Graduate Program of Linguistics Universitas Warmadewa Denpasar Bali Indonesia By organising the seminar it is expected it can be used as a scientific forum to accommodate discussions among young researchers originated from Indonesia in the fields of social science humanities and education Therefore the keynote speakers and invited speakers in the seminar are the researchers that are reputable and well known in the world We would like to thank the organising committee and the board of reviewers for their kind assistance and intention in reviewing all the papers We would also extend our best gratitude to keynote speakers for their invaluable contributions and worthwhile ideas shared in the seminar As a result ISSHE is expected to be able to be used as academic media to exchange ideas that will impact on conduction of any study related to social science humanities and education phenomena **F. Literary Reading, Cognition and Emotion Michael Burke,2010-10-18 This work seeks to chart what happens in the embodied minds of engaged readers when they read literature Despite the recent stylistic linguistic and cognitive advances that have been made in text processing methodology and practice very little is known about this cultural cognitive process and especially about the role that emotion plays Burk s theoretical and empirical study focuses on three central issues the role emotions play in a core cognitive event like literary text processing the kinds of bottom up and top

down inputs most prominently involved in the literary reading process and what might be happening in the minds and bodies of engaged readers when they experience intense or heightened emotions a phenomenon sometimes labelled reader epiphany This study postulates that there is a free flow of bottom up and top down affective cognitive inputs during the engaged act of literary reading and that reading does not necessarily begin or end when our eyes apprehend the words on the page Burke argues that the literary reading human mind might best be considered both figuratively and literally not as computational or mechanical but as oceanic Literary analysis for English Literature for the IB Diploma Carolyn P.
