**THE GREEN FAIRY BOOK** Andrew Lang, 2011-02 This was meant to be the third and last of Andrew Lang's Fairy Books of many colours Fortunately for us it wasn't First there was the *Blue Fairy Book* then when Victorian children asked for more the *Red Fairy Book* and when they wanted more still the *Green Fairy Book* was put together The stories in all the books are borrowed from many countries France Germany Russia Italy Scotland England and even one rare Chinese tale However much these nations differ over policy and ideology all their children agree to liking fairy tales As we grow up we dismiss or forget the fairy tales of our youth and the lessons they taught But grandparents have long memories and the responsibility falls on them to tell them to their grandchildren and when they in their turn become grandparents they remember them and tell them also In this way these tales are older than reading and writing far older than printing The oldest fairy tales ever written down were written down in Egypt in about Joseph's time nearly three thousand six hundred years ago Other fairy stories Homer knew in Greece nearly three thousand years ago and he made them all up into a poem the *Odyssey* which all children should read some day But here you will find an enchanted watch the golden blackbird Jorinde and Joringel the shoes of swiftness that were worn later by Jack the Giant Killer and perennial favourites like the three little pigs These fairy tales are the oldest stories in the world They were first made by men who were childlike for their own amusement and so they amuse children still While these stories were made to amuse they also teach goodness unselfishness courage and morals 33% of the publisher's profit will be donated to charity

**The Green Fairy Book** Andrew Lang, 2010-10-29 Andrew Lang's urge to collect and publish fairy tales was rooted in his own experience with the folk and fairy tales of his home territory along the English Scottish border. When Lang began his efforts he was fighting against the critics and educationists of the day who judged the traditional tales' unreality, brutality and escapism to be harmful for young readers while holding that such stories were beneath the serious consideration of those of mature age. Over a generation Lang's books worked a revolution in this public perception. The Green Fairy book was written in 1892. This book contains a rich range of classic fairy tales including The Blue Beard, The Three Little Pigs and The Story of the Three Bears. No matter how far it has traveled, whether courtly entertainment or rustic yarn, each fairytale contains its lessons as well as its adventures. In Charles Deulin's The Little Soldier a soldier learns that an honest fishergirl is preferable to a greedy princess and in Madame D'Aulnoy's The Blue Bird a King and Queen learn the importance of trusting each other.

**The Green Fairy Book** Ed Andrew Lang, 2023-11 The Green Fairy Book written by Andrew Lang is an enthralling addition to Lang's famed Coloured Fairy Books series. This collection transports readers to a world of magic, excitement and wonder, complete with heroic quests, cunning tricksters and legendary creatures. The tales contained in The Green Fairy Book are frequently concerned with universal themes like bravery, kindness and the triumph of goodness over evil. His editing touch ensures that these legendary tales retain their true nature while appealing to readers of various backgrounds and generations.

**The Green Fairy Book (Classic Reprint)** Andrew Lang, 2015-07-16 Excerpt from The Green Fairy Book: Some of the stories were made not only to amuse but to teach goodness. You see in the tales how the boy who is kind to beasts and polite and generous and brave always comes best through his trials and no doubt these tales were meant to make their hearers kind, unselfish, courteous and courageous. This is the moral of them. But after all we think more as we read them of the diversion than of the lesson. There are grown up people now who say that the stories are not good for children because they are not true because there are no witches nor talking beasts and because people are killed in them especially wicked giants. But probably you who read the tales know very well how much is true and how much is only make believe and I never yet heard of a child who killed a very tall man merely because Jack killed the giants or who

was unkind to his stepmother if he had one because in fairy tales the stepmother is often disagreeable If there are frightful monsters in fairy tales they do not frighten you now because that kind of monster is no longer going about the world whatever he may have done long long ago He has been turned into stone and you may see his remains in museums Therefore I am not afraid that you will be afraid of the magicians and dragons besides you see that a really brave boy or girl was always their master even in the height of their power About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**The Green Fairy Book** Andrew Lang, 2018-04-28 This is the third and probably the last of the Fairy Books of many colours First there was the Blue Fairy Book then children you asked for more and we made up the Red Fairy Book and when you wanted more still the Green Fairy Book was put together The stories in all the books are borrowed from many countries some are French some German some Russian some Italian some Scottish some English one Chinese However much these nations differ about trifles they all agree in liking fairy tales The reason no doubt is that men were much like children in their minds long ago long

long ago and so before they took to writing newspapers and sermons and novels and long poems they told each other stories such as you read in the fairy books They believed that witches could turn people into beasts that beasts could speak that magic rings could make their owners invisible and all the other wonders in the stories Then as the world became grown up the fairy tales which were not written down would have been quite forgotten but that the old grannies remembered them and told them to the little grandchildren and when they in their turn became grannies they remembered them and told them also In this way these tales are older than reading and writing far older than printing The oldest fairy tales ever written down were written down in Egypt about Joseph s time nearly three thousand five hundred years ago Other fairy stories Homer knew in Greece nearly three thousand years ago and he made them all up into a poem the Odyssey which I hope you will read some day Here you will find the witch who turns men into swine and the man who bores out the big foolish giant s eye and the cap of darkness and the shoes of swiftness that were worn later by Jack the Giant Killer These fairy tales are the oldest stories in the world and as they were first made by men who were childlike for their own amusement so they amuse children still and also grown up people who have not forgotten how they once were children     *The Green Fairy Book (Esprios Classics)*
