B. Cameron, 2022-12-29 Overviewing what makes the intersection between emotion and ethics so confusing this book surveys an older wisdom in how to manage it using a range of Christian theologians and sources More important even than managing we begin to see a vision for a better set of affections to grow within and among us In this vision emerges a practical and nuanced account of what the Christian tradition sometime summarises as love How may we recover a deep affection for what matters both within ourselves and together in groups This book also dialogues with a new movement in moral psychology social intuitionism Cameron argues that researchers in this discipline have interests and conclusions that sometimes overlap with Christian sources even where their respective lenses differ In this way the book overviews recent trends in moral psychology against a recent historical and contemporary cultural backdrop whilst assaying major sources in Christian theology that offer guidance on moral psychology The Seductiveness of Virtue John J. Fitzgerald, 2016-12-15 John J. Fitzgerald addresses here one of life s enduring questions how to achieve personal fulfillment and more specifically whether we can do so through ethical conduct He focuses on two significant twentieth century theologians Rabbi Abraham Joshua Heschel and Pope John Paul II seeing both as fitting dialogue partners given the former's influence on the Second Vatican Council's deliberations on the Jews and the latter's groundbreaking overtures to the Jews in the wake of his experiences in Poland before and during World War II Fitzgerald demonstrates that Heschel and John Paul II both suggest that doing good generally leads us to growth in various components of personal fulfillment such as happiness meaning in life and freedom from selfish desires There are however some key differences between the two theologians John Paul II emphasizes more strongly the relationship between acting well and attaining eternal life whereas Heschel wrestles more openly with the possibility that religious commitment ultimately involves anxiety and sadness By examining historical and contemporary analyses including the work of the Fourteenth Dalai Lama the philosopher Peter Singer and some present day psychologists Fitzgerald builds a narrative that shows the promise and limits of Heschel's and John Paul II's views The Happy Dog Owner Carri Westgarth, 2021-11-09 Carri Westgarth s unique combination of scholarship and practical experience with dogs
