The Harlem Renaissance

By Jessica McBirney
2017

A "renaissance" is a period of great artistic and intellectual activity. The Harlem Renaissance was a cultural movement that took place in Harlem, New York City, during the 1920s. This informational text discusses how the movement developed, as well as its impact on America. As you read, take notes on the various artists of the Harlem Renaissance and how they contributed to the movement.

- [1] The Harlem Renaissance was an artistic and cultural explosion among African Americans living in Harlem in the 1920s. It produced some of the greatest artists, musicians, and writers in American history, and expanded the shared cultural identity of people who have been marginalized¹ for hundreds of years.

Why Harlem?

After the Civil War ended and slavery was abolished² in 1865, many African Americans remained in Southern states, where plantations on which their families had once been enslaved still stood. Many people found jobs as farm laborers, doing essentially the same work as before the abolishment of slavery but now for a meager wage. Over the next few decades, the federal government made some attempts to secure the rights and better the welfare of African Americans but to little impact. Particularly in the South, segregation,³ racist attitudes, and violence prevented African Americans from improving their circumstances. The governing bodies of Southern states often worsened the hardships that African Americans faced by passing racially discriminatory⁴ laws.

In the early 1900s, African Americans began moving to the North in the hopes of finding better paying jobs in city factories instead of on farms. This movement was known as The Great Migration. Black neighborhoods formed in cities all over the North, including New York City. Harlem, a neighborhood originally built for a white, upper-middle class population, was one of these. In 1910, a group of African American realtors purchased

African American Environmental Thought Kimberly K. Smith,2021-02-02 African American intellectual thought has long provided a touchstone for national politics and civil rights but as Kimberly Smith reveals it also has much to say about our relationship to nature In this first single authored book to link African American and environmental studies Smith uncovers a rich tradition stretching from the abolition movement through the Harlem Renaissance demonstrating that black Americans have been far from indifferent to environmental concerns Beginning with environmental critiques of slave agriculture in the early nineteenth century and evolving through critical engagements with scientific racism artistic primitivism pragmatism and twentieth century urban reform Smith highlights the continuity of twentieth century black politics with earlier efforts by slaves and freedmen to possess the land She examines the works of such canonical figures as Frederick Douglass Booker T Washington W E B Du Bois and Alain Locke all of whom wrote forcefully about how slavery and racial oppression affected black Americans relationship to the environment Smith s analysis focuses on the importance of freedom in humans relationship with nature According to black theorists the denial of freedom can distort one s relationship to the natural world impairing stewardship and alienating one from the land Her pathbreaking study offers the first linkage of the early conservation movement to black history the first detailed description of black agrarianism and the first analysis of scientific racism as an environmental theory It also offers a new way to conceptualize black politics by bringing into view its environmental dimension as well as a normative environmental theory grounded in pragmatism and aimed at identifying the social conditions for environmental virtue Smith s work offers a new approach to established writers and thinkers and shows that they justly deserve a place in the canon of American environmental thought African American Environmental Thought enriches our understanding of black politics and environmental history and of environmental theory in general Because slavery and racism have shaped the meaning of the American landscape this body of thought offers us fresh conceptual resources by which we can make better sense of our world

The Harlem Renaissance Remembered Arna Bontemps,1972 The distinguished man of letters Arna Bontemps was among the talented array of black writers who gravitated to New York and constituted what became known as

the Harlem Renaissance In the fields of prose poetry and drama they were the foundations upon which the younger black writers could build and made names such as Langston Hughes W E B DuBois James Weldon Johnson Jean Toomer Countee Cullen and Zora Neale Hurston along with Arna Bontemps have a permanent place in the roster of American letters As director of the Afro American program at Yale Mr Bontemps instituted a study in depth of the various aspects of the Harlem Renaissance Reproduced in this volume are the observations of participants in that study These perceptive and objective profiles and appraisals together with notes and bibliographies give a unique picture of one of the most important legacies in American literature From publisher s description

Urban Apologetics Eric Mason,2021-04-06 Urban Apologetics examines the legitimate issues that Black communities have with Western Christianity and shows how the gospel of Jesus Christ rather than popular socioreligious alternatives restores our identity African Americans have long confronted the challenge of dignity destruction caused by white supremacy While many have found meaning and restoration of dignity in the black church others have found it in ethnocentric socioreligious groups and philosophies These ideologies have grown and developed deep traction in the black community and beyond Revisionist history conspiracy theories and misinformation about Jesus and Christianity are the order of the day Many young African Americans are disinterested in Christianity and others are leaving the church in search of what these false religious ideas appear to offer a spirituality more indigenous to their history and ethnicity Edited by Dr Eric Mason and featuring a top notch lineup of contributors Urban Apologetics is the first book focused entirely on cults religious groups and ethnocentric ideologies prevalent in the black community The book is divided into three main parts Discussions on the unique context for urban apologetics so that you can better understand the cultural arguments against Christianity among the Black community Detailed information on cults religious groups and ethnic identity groups that many urban evangelists encounter such as the Nation of Islam Kemetic spirituality African mysticism Hebrew Israelites Black nationalism and atheism Specific tools for urban apologetics and community outreach Ultimately Urban Apologetics applies the gospel to black identity to show that Jesus is the only one who can restore it This is an essential resource to equip those doing the work of ministry and apology in urban communities with the best available information

Educating Harlem Ansley T. Erickson,Ernest Morrell,2019-11-12 Over the course of the twentieth century education was a key site for envisioning opportunities for African Americans but the very schools they attended sometimes acted as obstacles to black flourishing Educating Harlem brings together a multidisciplinary group of scholars to provide a broad consideration of the history of schooling in perhaps the nation s most iconic black community The volume traces the varied ways that Harlem residents defined and pursued educational justice for their children and community despite consistent neglect and structural oppression Contributors investigate the individuals organizations and initiatives that fostered educational visions underscoring their breadth variety and persistence Their essays span the century from the Great Migration and the Harlem Renaissance through the 1970s fiscal crisis and up to the present They tell the stories of Harlem

residents from a wide variety of social positions and life experiences from young children to expert researchers to neighborhood mothers and ambitious institution builders who imagined a dynamic array of possibilities from modest improvements to radical reshaping of their schools Representing many disciplinary perspectives the chapters examine a range of topics including architecture literature film youth and adult organizing employment and city politics Challenging the conventional rise and fall narratives found in many urban histories the book tells a story of persistent struggle in each phase of the twentieth century Educating Harlem paints a nuanced portrait of education in a storied community and brings much needed historical context to one of the most embattled educational spaces today Marketing William M. Pride, O. C. Ferrell, 2003

A Qualitative Study of Black Atheists Daniel Swann, 2020-01-22 A Qualitative Study of Black Atheists Don't Tell Me You're One of Those is an interdisciplinary examination of a group that is rarely the study of inquiry Black Atheists Using in depth qualitative interviews Daniel Swann builds a foundation for understanding Black Atheist identities how Black Atheists conceive of themselves how they perceive internalize and manage stigma how they view in group belonging and how they understand their experiences as Atheists to be racialized The author argues these unique circumstances have produced a distinctive identity at this particular intersection of race and religion **ÖABT - İNGİLİZCE ÖĞRETMENLİĞİ - SORU BANKASI** Komisyon, The Oxford Critical and Cultural History of Modernist Magazines Peter Brooker, Andrew Thacker, 2009 This volume contains 44 original essays on the role of periodicals in the United States and Canada Over 120 magazines are discussed by expert contributors completely reshaping our understanding of the construction and emergence of modernism The Truth about Crime Jean Comaroff, John L. Comaroff, 2016-12-05 This new book by the well known anthropologists Jean and John L. Comaroff explores the global preoccupation with criminality in the early twenty first century a preoccupation strikingly disproportionate in most places and for most people to the risks posed by lawlessness to the conduct of everyday life Ours in an epoch in which law making law breaking and law enforcement are ever more critical registers in which societies construct contest and confront truths about themselves an epoch in which criminology broadly defined has displaced sociology as the privileged means by which the social world knows itself They also argue that as the result of a tectonic shift in the triangulation of capital the state and governance the meanings attached to crime and with it the nature of policing have undergone significant change also that there has been a palpable muddying of the lines between legality and illegality between corruption and conventional business even between crime and policing which exist nowadays in ever greater hyphenated complicity Thinking through Crime and Policing is therefore an excursion into the contemporary Order of Things or rather into the metaphysic of disorder that saturates the late modern world indeed has become its leitmotif It is also a meditation on sovereignty and citizenship on civility class and race on the law and its transgression on the political economy of representation *Omnicompetent Modernists* Matthew Hofer, 2022-10-25 A study of modernist poets who finding both support and stimulation in popular political theory were

committed to transforming their art in and through attempts to engage the evolving concept of the public sphere **John F. Kennedy, Barack Obama, and the Politics of Ethnic Incorporation and Avoidance** Robert C. Smith, 2013-02-19

Political analysts and journalists often draw analogies between John F Kennedy the first Catholic Irish president and Barack Obama the first African American president Their election to the nation s highest office was historic but for reasons not fully appreciated In John F Kennedy Barack Obama and the Politics of Ethnic Incorporation and Avoidance Robert C Smith provides a fascinating comparison of the challenges both men faced in their bid for the presidency while at the same time providing comparative histories of the Catholic Irish and African American struggles to overcome racial and religious subordination in America Kennedy s Catholicism was an explicit issue in the 1960 election and once elected he was extremely careful to avoid appearing either too Irish or too Catholic While Obama s race was not an explicit issue in the 2008 election he was just as careful to avoid appearing too black Paradoxically religion thanks to rumors and lies about whether Obama was a Muslim became a substitute for race allowing Republican strategists to otherize Obama by raising the issue of religion in the context of national security and terrorism **Cracking the Texas EOC** Jeff Mandell, 2000 Contains strategies and techniques designed to help students score higher on the Texas EOC exam in United States history
