Fantasies of Neglect Pamela Robertson Wojcik, 2016-09-19 In our current era of helicopter parenting and stranger danger an unaccompanied child wandering through the city might commonly be viewed as a victim of abuse and neglect. However from the early twentieth century to the present day countless books and films have portrayed the solitary exploration of urban spaces as a source of empowerment and delight for children. *Fantasies of Neglect* explains how this trope of the self-sufficient mobile urban child originated and considers why it persists even as it goes against the grain of social reality. Drawing from a wide range of films, children's books, adult novels and sociological texts, Pamela Robertson Wojcik investigates how cities have simultaneously been demonized as dangerous spaces unfit for children and romanticized as wondrous playgrounds that foster a child's independence and imagination. Charting the development of free-range urban child characters from Little Orphan Annie to Harriet the Spy to Hugo Cabret and from Shirley Temple to the Dead End Kids, she considers the ongoing dialogue between these fictional representations and shifting discourses on the freedom and neglect of children. While tracking the general concerns Americans have expressed regarding the abstract figure of the child, the book also examines the varied attitudes toward specific types of urban children: girls and boys, blacks and whites, rich kids and poor ones, loners and neighborhood gangs. Through this diverse selection of sources, *Fantasies of Neglect* presents a nuanced chronicle of how notions of American urbanism and American childhood have grown up together. 1,471 ACT Practice Questions Jonathan Chiu (Content director), Princeton Review, Princeton Review (Firm), 2017 Contains three full-length ACTs to prepare for the actual testing experience. *Untaming Girlhoods* Cristina Santos, 2023-03-31 This is an interdisciplinary examination of depictions of girlhoods through a comparative study of foundational fairy tales revised and reimagined in popular narrative film and television adaptations. The success of franchises such as *The Hunger Games*, *Twilight* and *Divergence* have re-presented the young heroine as an empowered female and often a warrior hero in her own right. Through a selection of popular culture touchstones, this empowerment is questioned as a manipulation of feminist ideals of equality and a continuation of the traditional vision of female awakening centering on issues of personal choice, agency, physical violence, purity and beauty. By investigating re-occurring storytelling frameworks and archetypes, *Untaming Girlhoods* examines different portrayals of girlhoods in the 20th and 21st-century Anglo-American cultural imaginary that configure modern girlhoods beyond the fairy-tale princess or the damsel in distress into refigurations that venture away from the well-trodden path for a new breakaway path to authentic selfhood. This will be a useful and enlightening text for students and researchers in Girlhood Studies, Gender Studies, Film Studies, Popular Culture and Media Studies. **Cambridge Technicals Level 3 Digital Media** Victoria Allen, Karl Davis, Richard Howe, Ian Marshall, Kevin Wells, 2016-11-08 Exam Board: Cambridge Level KS4 Subject: Digital Media First Teaching: September 2016 First Exam: June 2018 Support your teaching of the new Cambridge Technicals 2016 suite with Cambridge Technical Level 3 Digital Media, developed in partnership between OCR and Hodder Education.
