The Good Place Guide:

The Good Place Erin Giannini, 2022-08-16 A light take on the darkly comic show *The Good Place* and its lasting impact on American television culture. No body is perfect or whatever the saying might be. As humans we are constantly worried about how our actions may come back to haunt us. *The Good Place* 2016-2020 is a high concept American sitcom that brought light to the dark topic of the afterlife and the show tackled this worry head on. Although it had a life span of only four seasons, *The Good Place* made a lasting impact on American television culture and garnered many accolades for producer Michael Schur, also producer of *The Office*, *Parks and Recreation*, and *Brooklyn Nine-Nine*. Author Erin Giannini argues that the show redefines the classic sitcom structure by mixing the genres of fantasy and comedy while simultaneously teaching the viewers the importance of character development through the analysis of moral and ethical principles. Giannini also analyzes the not-so-in-your-face political commentary seen in *The Good Place* as this show took place during a tumultuous time in American politics. Television studies scholars and fans of the show will enjoy Giannini's analysis of *The Good Place* as they read about the show's laughs and twists and turns.

The Good Place and Philosophy Kimberly S. Engels, 2020-09-23 Dive into the moral philosophy at the heart of all four seasons of NBC's *The Good Place* guided by academic experts including the show's philosophical consultants Pamela Hieronymi and Todd May and featuring a foreword from creator and showrunner Michael Schur. Explicitly dedicated to the philosophical concepts, questions, and fundamental ethical dilemmas at the heart of the thoughtful and ambitious NBC sitcom *The Good Place*, *Navigates the murky waters of moral philosophy in more conceptual depth to call into question what Chidi's ethics lessons and the show get right about learning to be a good person*. Features contributions from *The Good Place*'s philosophical consultants Pamela Hieronymi and Todd May and introduced by the show's creator and showrunner Michael Schur. *Parks and Recreation*, *The Office* engages classic philosophical questions including the clash between utilitarianism and deontological ethics in the Trolley Problem, Kant's categorical imperative, Sartre's nihilism, and T.M. Scanlon's contractualism. Explores themes such as death, love, moral heroism, free will, responsibility, artificial intelligence, fatalism, skepticism, virtue ethics, perception, and the nature of autonomy in the surreal, heaven-like afterlife of *The Good Place*. Led by Kimberly S. Engels, co-editor of *Westworld* and *Philosophy*.
