The Gringos Annotated B M Bower, 2019-06-18 THE BEGINNING OF IT If you would glimpse the savage which normally lies asleep thank God in most of us you have only to do this thing of which I shall tell you and from some safe sanctuary where leaden couriers may not bear prematurely the tidings of man's debasement watch the world below You may see civilization swing back with a snap to savagery and worse because savagery enlightened by the civilization of centuries is a deadly thing to let loose among men Our savage forebears were but superior animals groping laboriously after economic security and a social condition that would yield most prolifically the fruit of all the world's desire happiness to day when we swing back to something akin to savagery we do it for lust of gain like our forebears but we do it wittingly So if you would look upon the unlovely spectacle of civilized men turned savage and see them toil painfully back to lawful living you have but to do this Seek a spot remote from the great centers of our vaunted civilization where Nature in a wanton gold revel of her own has sprinkled her river beds with the shining dust hidden it away under ledges buried it in deep canyons in playful miserliness and salved with its potent glow the time scars upon the cheeks of her gaunt mountains You have but to find a tiny bit of Nature's gold fling it in the face of civilization and raise the hunting cry Then from that safe sanctuary which you have chosen you may look your fill upon the awakening of the primitive in man see him throw off civilization as a sleeper flings aside the cloak that has covered him watch the savages fight whom your gold has conjured **The Gringos "Annotated"**
