Organization, Policy, and Practice in the Human Services Bernard Neugeboren, 1991 Here is a timely insightful book that greatly increases the effectiveness of human service professionals and the organizations in which they function Organization Policy and Practice in the Human Services is the first such text to bring together in a systematic fashion the concepts of organizational theory policy and practice in the human services Offering a basic orientation to the structure and operations of social service

organizations Neugeboren addresses society's need for the successful operation of these complex institutions in our highly organized society. He also calls for a re-examination of what is meant by dependency and postulates new methods of dealing with the social and personal problems confronting people in contemporary society. This book is indispensable for administrators, practitioners, and students. Practitioners gain instruction in bureaucratic expertise enabling them to maximize opportunities, limit organizational constraints, reduce the likelihood of burnout, and otherwise become a good bureaucrat instead of an ineffective, if well intentioned one. Administrators will benefit from a model of organizational goals, practical guidelines for evaluating the effectiveness of an organizational structure, and methods for identifying and remedying the causes of organizational dysfunction. Neugeboren's practical ideas make a significant contribution in preparing tomorrow's social workers to deal more effectively with the world facing each of us. His theoretical insights are grounded in discussions of actual cases making them easy to apply to any human service organization.

Youth and Popular Culture in 1950s Ireland Eleanor O'Leary, 2018-04-05 Focusing on a decade in Irish history which has been largely overlooked, *Youth and Popular Culture in 1950s Ireland* provides the most complete account of the 1950s in Ireland through the eyes of the young people who contributed slowly but steadily to the social and cultural transformation of Irish society. Eleanor O'Leary presents a picture of a generation with an international outlook who played basketball, read comic books and romance magazines, listened to rock n roll music and skiffle, made their own clothes to mimic international styles, and even danced in the street when the major stars and bands of the day rocked into town. She argues that this engagement with imported popular culture was a contributing factor to emigration and the growing dissatisfaction with standards of living and conservative social structures in Ireland. As well as outlining teenagers' resistance to outmoded forms of employment and unfair work practices, she maps their vulnerability as a group who existed in a limbo between childhood and adulthood. Issues of unemployment, emigration, and education are examined alongside popular entertainments and social spaces in order to provide a full account of growing up in the decade which preceded the social upheaval of the 1960s. Examining the 1950s through the unique prism of youth culture and reconnecting the decade to the process of social and cultural transition in the second half of the 20th century, this book is a valuable contribution to the literature on 20th century Irish history.

The Jail John Irwin, 2013-09-14 Combining extensive interviews with his own experience as an inmate, John Irwin constructs a powerful and graphic description of the big city jail. Unlike prisons which incarcerate convicted felons, jails primarily confine arrested persons, not yet charged or convicted of any serious crime. Irwin argues that rather than controlling the disreputable jail disorients and degrades these people, indoctrinating new recruits to the rabble class. In a forceful conclusion, Irwin addresses the issue of jail reform and the matter of social control demanded by society. Reissued more than twenty years after its initial publication with a new foreword by Jonathon Simon, *The Jail* remains an extraordinary account of the role jails play in America's crisis of mass incarceration.
