## Warriors Of Isis:

*Warriors of Isis* Jean Stewart, 1995-10-01 Fans of Return to Isis and Isis Rising will relish the third book in this memorable series. Whit, Kali, Lilith and company return in another lusty tale of high adventure and passionate romance among the Freeland Warriors. The evil sorceress Arinna Sojourner has evaded capture and now threatens the very survival of the new colony of Isis. As Whit and Kali prepare to do battle with a seemingly unbeatable foe, Danu makes her own plans to avenge a beloved friend's death at Arinna's hands. Eventually high in the Cascade Mountains they will face Arinna's terrifying magical powers. Once again, Stewart weaves a rich tapestry of an all-women's society in the twenty-first century bursting with life, lovers, villains, heroines, and a peril so great it forges a bond between all the diverse women of this unforgettable place called Isis. Originally published by Rising Tide Press, 1995.

**Romance Fiction** Kristin Ramsdell, 2012-03-02 A comprehensive guide that defines the literature and outlines the best-selling genre of all time: romance fiction. More than 2,000 romances are published annually, making it difficult for fans and librarians to keep pace with new titles, emerging authors, and constant evolution of this dynamic genre. Fortunately, romance expert and librarian Kristin Ramsdell provides a definitive guide to this fiction genre that serves as an indispensable resource for those interested in it, including fans searching for reading material as well as for library staff, scholars, and romance writers themselves. This title updates the last edition of *Romance Fiction: A Guide to the Genre*, published in 1999. While the emphasis is on newer titles, many of the important older classics are retained, keeping the focus of the book on the entire genre instead of only those titles published during the last decade. Specific changes include new chapters on linked and continuing romances, a new section on Chick Lit, in the Contemporary Romance chapter, an expansion of coverage on the alternative reality subset. This is THE romance genre guide to have.

*The New Demagogues* Joshua M. Roose, 2020-11-29 Chapter 4 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non-Commercial No Derivatives 4.0 license available at <http://www.taylorfrancis.com/books/e/9780429431197>. Focused on the emergence of US President Donald Trump, the United Kingdom's departure from the European Union, and the recruitment of Islamic State foreign fighters from Western Muslim communities, this book explores the ways in which the decay and corruption of key social institutions has created a vacuum of intellectual and moral guidance for working people and deprived them of hope and an upward social mobility long considered central to the social contract of Western liberal democracy. Examining the exploitation of this vacuum of leadership and opportunity by new demagogues, the author considers two important yet overlooked dimensions of this new populism: the mobilization of both religion and masculinity. By understanding religion as a dynamic social force that can be mobilized for purposes of social solidarity and by appreciating the sociological arguments that hyper-masculinity is caused by social injury, Roose considers how these key social factors have been particularly important in contributing to the emergence of the new demagogues and their followers. Roose identifies the challenges that this poses for Western liberal

democracy and argues that states must look beyond identity politics and exclusively rights based claims and instead consider classical conceptions of citizenship

**The Islamic State** Yonah Alexander, Dean Alexander, 2015-09-08 The so called Islamic State IS that has swept into power in parts of Syria and Iraq presents an imminent danger to the global community with its capacity as an effective ideologically motivated and bloodthirsty fighting force coupled with its expanding territorial reach on the ground and online The IS has taken on a quasi state form that mixes modernity with ancient rites and aggressively promotes sectarian violence and religious extremism with a decidedly apocalyptic bent Too it has introduced to the Middle East a new level of extremism and brutality marked by volatile fluidity with far reaching dangerously destabilizing effects on state and non state actors regionally and globally This book offers insights into the nature of the IS and what the international community can do to combat it In order to achieve this objective the origins intentions leadership capabilities and operations of the IS are explored The Islamic State s multifaceted efforts and effects in the region and beyond are described Also national regional and global strategies that are being pursued to address the new threat are examined To this end a range of recommendations are offered on specific steps that governmental intergovernmental and non governmental bodies can take to counter the IS menace Lastly additional insights are presented relevant to combating the IS and undermining its potential future capabilities

ISIS's Ideological Project (Examining ISIS's perception of religious texts through rhetorical discourse analysis) Dr. Sabah Harahsheh, 2023-12-04 This book deconstructs ISIS s narrative in order to demonstrate how ISIS appropriates the past interprets the present and visualises the future for Arab Muslims This project depends on the rhetorical analysis by taking all speeches written and delivered by Abu Muhammad al Adnani ISIS s media spokesman from 2011 until 2016 as a case study ISIS s rhetoric shows that the group has been frozen in time and space it relies on opposite dualities in managing the affairs of life and puts the laws of God against the laws of man as a belief to establish the Caliphate To do that it borrows heavily but selectively from the Isl mic laws based on the teachings of the Qur n and Sunnah and imposes the past on the present to reach the utopia it promises to establish The analysis aims to highlight the congruences if any between the view of some people and the vision of ISIS in terms of the audience s interpretations of such extremist ideology regarding the other Shar a Caliphate and Jihad The analysis acknowledges the intricate and complex network that connects extremist ideas and ideologies with existing mainstream ideas such as the anti Shi ite sentiment The analysis demonstrates the need for developing a participatory

communicative space for dialogue among people and between people and other actors be it state international organisations or civil society
