Gathering Together Rodney Wallace Kennedy,Derek C. Hatch,2013-08-27 Concerned to think intentionally about liturgy in Baptist life and thought this book aims to address the practices of Christian worship in a theological light examining how each brings individual Christian believers and communities of faith to a greater understanding and embodiment of the gospel In this mode worship becomes a seamless garment that forms disciples of Christ and opens out toward the world In short theology worship and mission all intersect in the liturgical life of the body of Christ In addition to theological engagement with liturgical practices *Gathering Together* links reflection to praxis by offering sample patterns as a guide for reenvisioning the shape of Baptist and other free church worship **Meditations for every day in the year** Richard Challoner,1859 *The Publishers Weekly* ,2004 **Meeting of Religions and the Trinity** Gavin D'Costa,2000-06-29 One of the most discussed topics of our time is Christianity s relation to other religions In this important new book one of Britain s leading contemporary theologians develops a sharp and penetrating critique of the pluralist position In the tradition of Alasdair

MacIntyre and John Milbank D Costa shows that too often it masks a secularizing agenda traceable to the worst aspects of Enlightenment modernity Even by its own criteria pluralism does not succeed D Costa demonstrates this by exploring the meeting of the religions in its leading exponents from Christianity Judaism Hinduism and Buddhism He discovers the influence of Western modernist thought or else a veiled exclusivism not only in Hick Knitter Cohn Sherbok and Panikkar but even in Radhakrishnan and the Dalai Lama He then goes on to establish an alternative Trinitarian approach to interreligious prayer and tolerance drawing on recent discussions of other religions as vehicles of salvation The final section of the book represents the first major systematic theological study of interfaith prayer

The Field Hospital Church John Gonzalez, 2024-12-18 I see clearly Pope Francis said at the outset of his papacy that the thing the church needs most today is the ability to heal wounds and to warm the hearts of the faithful it needs nearness proximity I see the church as a field hospital after battle This inspiring vision by Pope Francis speaks volumes on the importance of the Catholic social tradition and the role of pastoral ministry in addressing the social issues of our time The premise for this book is the recognition that society is in a state of deep transition This social transition includes massive and daunting cultural political economic and environmental changes But for members of the Catholic Church Pope Francis' vision can inspire the need to rethink and promote parish social ministry throughout the United States This guiding metaphor can serve as an interpretive lens for the Church to become an instrument of systemic change through the parish and diocesan level After spending decades promoting social ministries at these local levels Latinx activist and scholar John Gonzalez is convinced that the Catholic church can and should play a more effective role in responding to these needs particularly if those working in the trenches have a clearer deeper understanding of Catholic social teaching This book will show the soaring aspirations of social justice in the Catholic tradition and what it means to put those aspirations into practice Drawing on the author's poignant experiences in social ministry and his occasional dark nights of the soul Catholic Social Teaching in Action is the story of how to make a difference It demonstrates that Catholic social teaching and pastoral ministry is integral

to a truly faithful Church a Church that responds to the pain and suffering in our world and lives up to the theological and ethical commitments found in the Gospels By showing Catholic social teaching in action John Gonzales reveals a Church that in the words of Pope Francis can heal wounds and warm hearts
