POLITICAL PATHOS

Political Pathos English Edition

**Liesbeth Huppes-Cluysenaer, Nuno
M.M.S. Coelho**

Political Pathos English Edition:

Political Judgement (Routledge Library Editions: Political Science Volume 20) Ronald Beiner, 2013-06-17 Originally published in 1983 One of the basic capacities of man as a political being is his faculty of judgement Yet for all the books on concepts like freedom equality and authority surprisingly little attention has been given to this topic in the tradition of Western political thought What is the nature of political judgement What endows us as human beings with the ability to make reasonable judgements about human affairs and to judge the common world we share with others By what means do we secure validity for our judgements What are the underlying conditions of this human capacity and what implications does it have for the understanding of politics These questions central as they are to any reflection on politics have rarely been addressed in a systematic way This book examines Kant's concept of taste and Aristotle's concept of prudence as well as recent works of political philosophy by Arendt Gadamer and Habermas all crucially influenced by Kant and Aristotle **The**

Political Uses of Literature Benjamin Kohlmann, Ivana Perica, 2024-01-11 Drawing on a global history of politicized writing this book explores literature's utility as a mode of activism and aesthetic engagement with the political challenges of the current moment The question of literature's uses has recently become a key topic of academic and public debate Paradoxically however these conversations often tend to bypass the rich history of engagements with literature's distinctly political uses that form such a powerful current of 20th and 21st century artistic production and critical theoretical reflection The Political Uses of Literature reopens discussion of literature's political and activist genealogies along several interrelated lines As a foundational moment it draws attention to the important body of interwar politicized literature and to debates about literature's ability to intervene in social reality It then traces the mobilization of related conversations and artistic practices across several historical conjunctures most notably the committed literature of the 1960s and our own present In mapping out these geographically and artistically diverse traditions including case studies from the Americas Europe Africa India and Russia contributors advance critical discussions in the field making questions pertaining to politicized art newly compelling to a broader and more diverse readership Most importantly this volume insists on the need to think about literature's political uses today at a time when it has become increasingly difficult to imagine any kind of political efficacy for art even as the need to do so is growing more and more acute Literature may not proffer easy answers to our political problems but as this collection suggests the writing of the 20th century holds out aesthetic resources for a renewed engagement with the dilemmas that face us now **What is Rhetoric?** Michel Meyer, 2017 This book offers a new unified approach to rhetoric a means of persuading or influencing interlocutors All the principal authors from Plato and Aristotle to contemporary theorists are integrated into Michel Meyer's problematological conception of rhetoric based on the primacy of questioning and answering in language and thought

Political Theory between Philosophy and Rhetoric Giuseppe Ballacci, 2017-11-28 This book explores the significance of rhetoric from the perspective of its complex relationship with

philosophy It demonstrates how this relationship gives expression to a basic tension at the core of politics that between the contingency of its happening and the transcendence toward which it strives The first part of the study proposes a reassessment of the ancient quarrel between philosophy and rhetoric as it was discussed by Plato Aristotle and above all Cicero and Quintilian who ambitiously attempted to bring them together creating an ideal that is at the roots of the humanist tradition It then moves to twentieth century political theory and shows how the questions that emerge from that quarrel still strongly resonate in the works of key thinkers such as H Arendt L Strauss and R Rorty The volume thus offers an original contribution that locates itself at the intersection of politics rhetoric and philosophy The Saturday Review of Politics, Literature, Science and Art ,1857 **The Saturday Review of Politics, Literature, Science, Art, and Finance** ,1911

Rhetoric and Politics Maria Zalewska,2011-10-18 Paradoxically the term rhetoric functions nowadays both as a name of an antique even obsolete framework of research and as a fashionable buzzword that entails virtually any form of persuasive communication Reflecting a growing scholarly interest in political discourses this volume offers systematic theoretically grounded insights into the flow of persuasion that constitutes politics today Authors combine the interest in rhetoric within politics with different disciplinary orientations *Deliberation, Rhetoric, and Emotion in the Discourse on Climate Change in the European Parliament* Vebjørn Roald,Linda Sangolt,2012 *The Politics of Friendship* Jacques Derrida,2020-10-13 The most influential of contemporary philosophers Jacques Derrida explores the idea of friendship and its political consequences past and future through writings by Aristotle Nietzsche Cicero and more Until relatively recently Jacques Derrida was seen by many as nothing more than the high priest of Deconstruction by turns stimulating and fascinating yet always somewhat disengaged from the central political questions of our time Or so it seemed Derrida s political turn marked especially by the appearance of *Specters of Marx* has surprised some and delighted others In *The Politics of Friendship* Derrida renews and enriches this orientation through an examination of the political history of the idea of friendship pursued down the ages Derrida s thoughts are haunted throughout the book by the strange and provocative address attributed to Aristotle my friends there is no friend and its inversions by later philosophers such as Montaigne Kant Nietzsche Schmitt and Blanchot The exploration allows Derrida to recall and restage the ways in which all the oppositional couples of Western philosophy and political thought friendship and enmity private and public life have become madly and dangerously unstable At the same time he dissects genealogy itself the familiar and male centered notion of fraternity and the virile virtue whose authority has gone unquestioned in our culture of friendship and our models of democracy The future of the political for Derrida becomes the future of friends the invention of a radically new friendship of a deeper and more inclusive democracy This remarkable book his most profoundly important for many years offers a challenging and inspiring vision of that future **The Politics of Tragedy and Democratic Citizenship** Robert C. Pirro,2011-03-31 This study of the political significance of theories of tragedy and ordinary language uses of tragedy offers a fresh perspective on democracy in contemporary times **The**

Saturday Review of Politics, Literature, Science and Art ,1862 The London Review and Weekly Journal of Politics, Literature, Art, & Society ,1862 **Aristotle on Emotions in Law and Politics** Liesbeth Huppes-Cluysenaer,Nuno M.M.S. Coelho,2018-02-13 In this book experts from the fields of law and philosophy explore the works of Aristotle to illuminate the much debated and fascinating relationship between emotions and justice Emotions matter in connection with democracy and equity they are relevant to the judicial enforcement of rights legal argumentation and decision making processes in legislative bodies and courts The decisive role that emotions feelings and passions play in these processes cannot be ignored not even by those who believe that emotions have no legitimate place in the public sphere A growing body of literature on these topics recognizes the seminal insights contributed by Aristotle This book offers a comprehensive analysis of his thinking in this context as well as proposals for inspiring dialogues between his works and those written by a selection of modern and contemporary thinkers As such the book offers a valuable resource for students of law philosophy rhetoric politics ethics and history but also for readers interested in the ongoing debate about legal positivism and the relevance of emotions for legal and political life in today s world *The Tragic Histories of Mary Queen of Scots, 1560-1690* John D. Staines,2009 Charting developments in public rhetoric and political writing from the Elizabethan period through the Restoration John Staines here explores the political consequences of the emotions generated by the image of Mary Queen of Scots tragic woman and queen This study identifies two basic literary traditions of her tragedy one conservative sentimental and royalist the other radical skeptical and republican *The Routledge Companion to Cinema and Politics* Yannis Tzioumakis,Claire Molloy,2016-07-01 The Routledge Companion to Cinema and Politics brings together forty essays by leading film scholars and filmmakers in order to discuss the complex relationship between cinema and politics Organised into eight sections Approaches to Film and Politics Film Activism and Opposition Film Propaganda Ideology and the State The Politics of Mobility Political Hollywood Alternative and Independent Film and Politics The Politics of Cine geographies and The Politics of Documentary this collection covers a broad range of topics including third cinema cinema after 9 11 eco activism human rights independent Chinese documentary film festivals manifestoes film policies film as a response to the post 2008 financial crisis Soviet propaganda the impact of neoliberalism on cinema and many others It foregrounds the key debates concepts approaches and case studies that critique and explain the complex relationship between politics and cinema discussing films from around the world and including examples from film history as well as contemporary cinema It also explores the wider relationship between politics and entertainment examines cinema s response to political and social transformations and questions the extent to which filmmaking itself is a political act **The Four Modes of Seeing** ElizabethCarson Pastan,2017-07-05 Borrowing its title from Madeline Harrison Caviness s influential work on the modes of seeing articulated by the twelfth century cleric Richard of Saint Victor this interdisciplinary collection brings together the work of thirty scholars from England France Germany Italy Switzerland and the United States Each author has contributed

an original article that engages with ideas formulated in Caviness's wide-ranging scholarship. The historiographic introduction discusses themes in Caviness's publications and their importance for art historical and medieval studies today. The book's thematic matrix groups together essays concerned with The Material Object, Documentary Reconstruction, Post-Disciplinary Approaches, Multiple Readings, Gender and Reception, Performativity, Text and Image, Collecting and Consumption, and Politics and Ideology. The contributors include curators, art historians, historians, and literary scholars. Their subjects range from medieval stained glass to the nineteenth-century Gothic Revival, the *Sachsenspiegel* and Mel Gibson's *The Passion of the Christ*. Many foreground issues of gender, reception, and textuality which have permeated Caviness's scholarship. Some also present approaches to sites that have been the subject of important studies by Caviness, including Canterbury, Chartres, Reims, Saint Denis, Sens, and Troyes. The volume offers a broad range of methodological approaches to key topics in the study of medieval imagery and thus highlights the vitality of the field today.

Amos Oz's Two Pens Arie M. Dubnov, 2023-02-28 The Hebrew novelist and political essayist Amos Oz (1939–2018) arguably Israel's leading intellectual was fond of describing himself as using two different pens: the first used to write works of prose and fiction, and the other to criticize the government and advocate for a political change. This volume revisits the two-pens parable. It brings together scholars from various disciplines who assess Amos Oz's dual role in Israeli culture and society as an immensely popular novelist and a leading public intellectual. Next to offering an intellectual portrait, the chapters in this book highlight some of Oz's seminal works, examine their reception, evaluate key political and literary debates he was involved in, as well as trace some of the connections between the two realms of his activity. This book is a fascinating read for students, researchers, and academics of Israeli politics, history, literature, and culture. The chapters in this book were originally published as a special issue of the *Journal of Israeli History* and are accompanied by a new afterword by the Israeli novelist Lilah Nethanel.

The Saturday Review of Politics, Literature, Science and Art, 1893 *The Saturday Review of Politics, Literature, Science and Art*, 1931 *Romantic Interactions* Susan J. Wolfson, 2010-10-18 In *Romantic Interactions*, Susan J. Wolfson examines how interaction with other authors, whether on the bookshelf in the embodied company of someone else writing or in relation to literary celebrity, shaped the work of some of the best-known and less well-known writers in the English language. Working across the arc of Long Romanticism from the 1780s to the 1840s, this lively study involves writing by women and men in poetry and prose. Combining careful readings with sophisticated literary, historical, and cultural criticism, Wolfson reveals how various writers came to define themselves as author. The story unfolds not only in deft textual analyses but also by provocatively placing writers in dialogue with what they were reading with one another and with the community of readers and writers. Their writings helped bring into being Mary Wollstonecraft and Charlotte Smith in the Revolution-riled 1790s; William Wordsworth and Dorothy Wordsworth in the society of the Lake District; Lord Byron, a magnet for writers everywhere; inspired, troubled, but always arrested by what he and his scandal-ridden celebrity represented. This fresh, informative account

of key writers important texts and complex cultural currents promises keen interest for students and scholars literary critics and cultural historians

Political Pathos English Edition Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the ability of words has be more evident than ever. They have the capability to inspire, provoke, and ignite change.
