DiLorenzo, 2022-08-16 Another entry in the best selling irreverent hard hitting Politically Incorrect Guide series Economics from a rational conservative viewpoint that is a refreshing look at how money actually works from an author who knows the score and how the law of economics are frequently broken and derailed by pernicious leftists and virtue signalling progressives **Politically Incorrect Guide to the Founding Fathers** Brion McClanahan, 2009-06-30 The truth revealed and PC myths shattered about the Founding Fathers Tom Brokaw labeled the World War II generation the Greatest Generation but he was wrong That honor belongs to the Founders the men who pledged their lives fortunes and sacred honor for the cause of liberty and independence and who established the United States This was a generation without equal and it deserves to be rescued from the politically correct textbooks teachers and professors who want to dismiss the Founders as a cadre of dead white sexist slave holding males Now a clear sighted conservative historian Dr Brion McClanahan does just that In The Politically Incorrect Guide to the Founding Fathers he profiles Washington Adams Jefferson Madison Franklin and other important Founders traces the key issues of the day and shows how they dealt with them and in the process details the Founders deep faith commitment to the cause of independence impeccable character and visionary political ideals Even better The Politically Incorrect Guide to the Founding Fathers proves that the Founders had a better understanding of the problems we face today than do our own members of Congress McClanahan shows that if you want real and relevant insights into the issues of banking war powers executive authority freedom of the press freedom of speech freedom of religion states rights gun control judicial activism trade and taxes you d be better served reading the Founders than you would be watching congressional debates on C SPAN or reading the New York Times The Politically Incorrect Guide to the Founding Fathers is a vital guide to restoring a sane sober Constitutional sense of responsibility to today s public debates **Politically Incorrect Guide to American History** Thomas E. Politically Incorrect Guide to the American Revolution Larry Schweikart, Dave Dougherty, 2017-06-26 The truth about the American Revolution is under attack Despite what you may have learned in school it wasn't a rich slaveholder's war fought to maintain white privilege In fact the War of Independence wasn't about maintaining any status quo it was the world's first successful bottom up revolution by the people ushering in a new dawn of liberty that history had never seen before But with left wingers dominating the teaching of history where can you go for the true story of the unprecedented events that made the United States the world's greatest nation Now bestselling historian Larry Schweikart has teamed up with author Dave Dougherty to write the ground breaking patriotic history you've always wanted to read about the foundation of our unique nation The Politically Incorrect Guide to the American Revolution reveals Four key factors that applied only in America making it impossible to replicate the Revolution anywhere else Why it matters that the Patriot fighting force was overwhelmingly Scotch Irish The key role of Protestantism which denominations tended to become Patriots and which Tories How Americans were different from the Europeans and English even at the outset of the Revolution How the casualties of the deadliest war in

American history are routinely underreported How our Revolution became a model for hundreds of others that all failed

Incorrect Guide to the Middle East** Martin Sieff, 2008-01-28 The Middle East is almost never off the front pages yet most
Americans know little about the region Why The mainstream media and Ivy League academics instead of helping only make
matters worse by casting everything in the usual politically correct mold Arab terrorists are just desperate freedom fighters
and the region's one free democracy Israel is the oppressor not least because of its alliance with America And if Islamic
extremism is a problem the establishment tells us it's only because it's rooted in that source of all evils religion A different
strain of political correctness has seeped into some minds on the right most notably the Bush administration which so ready
to buy into the egalitarian myths we are all taught believed that Western style democracy could flourish anywhere Now in
The *Politically Incorrect Guide to the Middle East* veteran Middle East correspondent Martin Sieff puts the lie to all these
myths and clichés giving you everything you need to know about the region to understand its past its present and its possible

future **The Politically Incorrect Guide to Pandemics** Steven W. Mosher, 2022-07-26 Deadly plagues have ripped across the globe for centuries and will continue to do so in the future From the Black Death to Smallpox and the Hong Kong flu seven of the ten worst plagues in history originated in China But the Covid 19 pandemic was something entirely new a genetically engineered pathogen that was deliberately released upon the world for the geopolitical profit of a Communist government In *The Politically Incorrect Guide to Pandemics* Steven Mosher a leading authority on China devastates politically correct narratives about the Covid 19 pandemic and the deadliest plagues in history With expert insight he reveals Mountains of evidence that the Covid 19 pandemic originated in a Wuhan lab and not a wet market What life was like under plagues of the past and how these compare to the Covid 19 pandemic How Communist governments benefit economically and strategically from international plagues Chinese Communist Party source documents revealing viruses bioengineered to wreak global havoc The next pandemic may be the most devastating plague of all time *The Politically Incorrect Guide to Pandemics* sounds the alarm to prepare for a dangerous pandemic future **The Golden Revolution** John

Butler, 2012-04-10 Why the gold standard is due for a comeback A reserve currency can only function as such if there is a general consensus that it provides a stable store of value Without this trust money no matter what form it takes will be abandoned either suddenly in a crisis or gradually over time in favor of something else *The Golden Revolution* looks at how the world is rapidly moving toward some form of global metallic standard in which money at least in official international transactions is linked directly to gold silver or both The practical reality of the transition to the coming global gold or bimetallic standard is going to be substantially different from the global fiat monetary and financial regime of today It is not just money that is going to change The nature and business of banking will also be affected as will finance in general Incisive and thoughtful *The Golden Revolution* is a treatise on the broad effects of the current and future monetary structure Looks at why the world is headed inexorably back towards a metallic money standard Explores what the transition period might look like including some historical examples of both orderly and disorderly transitions Examines how the world of banking finance and investment including asset valuation and portfolio management techniques will work under a future gold standard and which industries countries and markets are likely to benefit and which are likely to suffer Full of advice on how investors can profit and protect themselves during this critical time of change the book knows that those who are prepared will prosper while those who won't stand to lose it all *Politically Incorrect Guide to Immigration* John Zmirak, Al Perrotta, 2018-05-21

America's immigration crisis is out of control Unregulated immigration has led to an increase in crime a loss of working class jobs an inflated welfare state and an elevated amount of terror threats on our home territory The clash of differing emotions facts and opinions reveal that this issue is not simply a nationwide disagreement it is an American crisis In *The Politically Incorrect Guide to Immigration* authors John Zmirak and Al Perrotta debunk the Left's most deceptive myths on this complex policy issue and reveal the huge implications that lie ahead for our nation's future Zmirak and Perrotta set the record
