history politics and economics he interrogates the complexities of dynastic rule in Iran and considers its enduring legacy Developing innovative interpretations and utilizing original primary sources this book illuminates the impact of the monarchy's rule and ultimate collapse on Iranian history as well as Iran's subsequent politics and revolution Triumph and Despair Mehran Kamrava, 2022-11-01 Triumph and Despair tells the dramatic story of post revolutionary Iran's first four decades from its establishment in 1979 until today The revolutionary coalition that overthrew the monarchy was at once democratic populist and Islamic The Islamists and the Khomeinists in particular were able to capitalize effectively on prevailing conditions on the ground to frame the new republic's constitution capture nascent institutions and consolidate their power by eliminating opponents through a reign of terror Once the war with Iraq was over and after the death of the new order's charismatic founder Ayatollah Khomeini the Islamic Republic was consolidated first by tweaking its institutional arrangements and then by fostering economic development and post war reconstruction A reformist interlude then followed reversed unceremoniously by a return of populism and a broader authoritarian retrenchment Today Iran remains at odds with itself its economy too deeply political to yield meaningful developmental results its foreign relations too conflicted to allow it a productive place in the community of nations As Iran's nationalities and its women and youth carve out spaces for themselves in the broader narrative competing identities religious national and otherwise abound After forty years the Islamic Republic remains a country in search of itself **Foreign Policy of the Islamic Republic of Iran** Przemyslaw Osiewicz, 2020-11-29 Providing a well balanced and impartial perspective on the foreign policy of the Islamic Republic of Iran this book contributes to a better understanding of the current foreign policy of Iran especially its internal and external determinants Combining theoretical and practical aspects it provides readers with a short analysis of Iranian foreign policy The first part is dedicated to the Pahlavi era between 1925-1979 The second consists of three chapters covering issues relating to ideological and institutional aspects of Iranian foreign policy after 1979 The last part incorporates eight case studies which best present both regional and global dimensions This comprehensive study contains a synthesis of views and opinions of commentators and scholars who often represent contradictory perspectives Serving as a key reference and starting point for further studies this book will be of interest to students and researchers studying Iranian foreign policy international relations and Middle Eastern studies *Power and Change in Iran* Daniel Brumberg, Farideh Farhi, 2016-04-04 By a wide margin this book is the most sophisticated treatment of the internal dynamics and paradoxes of Iranian politics that I know of Nader Hashemi Director of the Center for Middle East Studies This volume provides an unparalleled and timely look at political social economic and ideological dynamics in contemporary Iran Through chapters on social welfare and privatization university education the role and authority of the Supreme Leader the rule of law the evolving electoral system and the intense debate over human rights within and outside the regime the contributors offer a comprehensive overview of Iranian politics Their case studies reveal a society whose multiple vectors of contestation negotiation and

competition are creating possibilities for transformation that are yet to be realized but whose outcome will affect the Islamic Republic the region and relations with the United States Offers a realistic nuanced and perceptive analysis of Iran s complex and evolving political system This book would be appropriate as required or recommended reading for any courses dealing with the Islamic Republic of Iran or with the politics of the Middle East both at the undergraduate and graduate levels
