Ngwenya, Thomas Olver, 2006-05-31 Wide ranging and engaging *Selves in Question* considers the various ways in which auto biographical accounts situate and question the self in contemporary southern Africa The twenty seven interviews presented here consider both the ontological status and the representation of the self They remind us that the self is constantly under construction in webs of interlocation and that its status and representation are always in question The contributors therefore look at ways in which auto biographical practices contribute to placing understanding and troubling the self and selves in postcolonies in the current global constellation They examine topics such as the contexts conducive to production processes the contents and forms of auto biographical accounts and finally their impact on the producers and the

audience In doing so they map out a multitude of variables including the specific historical juncture geo political locations social positions cultures languages generations and genders in their relations to auto biographical practices Those interviewed include the famous and the hardly known women and men writers and performers who communicate in a variety of languages Afrikaans English Xhosa isiZulu Sesotho and Yiddish An extensive introduction offers a general framework on the contestation of self through auto biography a historical overview of auto biographical representation in South Africa up to the present time an outline of theoretical and thematic issues at stake in southern Africa auto biography and extensive primary and secondary biographies Interviewees Breyten Breytenbach Dennis Brutus Valentine Cascarino Vanitha Chetty Wilfred Cibane Greig Coetzee J M Coetzee Paul Faber David Goldblatt Stephen Gray Dorian Haarhoff Rayda Jacobs Elsa Joubert K Limakatso Kendall Ester Lee Doris Lessing Sindiwe Magona Margaret McCord N Chabani Manganyi Zolani Mkiva Jonathan Morgan Es kia Mphahlele Rob Nixon Mpho Nthunya Robert Scott Gillian Slovo Alex J Thembela Pieter Dirk Uys Johan van Wyk Wilhelm Verwoerd David Wolpe D L P Yali Manisi **Drama** ,1984 Breaking Barriers C.N. van der Merwe,2023-10-16 *The Characters of Oz* Dina Schiff Massachi,2023-07-20 When L Frank Baum wrote The Wonderful Wizard of Oz he created an American myth that has endured the test of time Echoes of Dorothy and her friends are everywhere popular television shows often have an Oz episode novelists borrow character types and echo familiar scenes and every media from Broadway to The Muppets has some variation or continuation of Baum s work This collection of essays follows Baum s archetypal characters as they ve changed over time in order to examine what those changes mean in relation to Oz American culture and basic human truths Essays also serve as a bridge between academia and fandom with contributors representing a cross section of Oz scholarship from backgrounds including The International Wizard of Oz Club and the Children s Literature Association **The Fortnightly Review** ,1883 **The Fortnightly** ,1883 *The Last Post* Alwyn W. Turner,2014-10-16 A history of the military bugle call its use at the end of World War I on Armistice Day and its effect in today s culture At eleven o clock on the morning of the 11th November 1919 the entire British Empire came to a halt to remember the dead of the Great War During that first two minute silence all transport stayed still all work ceased and millions stood motionless in the streets The only human sound to be heard was the desolate weeping of those overcome by grief Then the moment was brought to an end by the playing of the Last Post A century on that lone bugle call remains the most emotionally charged piece of music in public life In an increasingly secular society it is the closest thing we have to a sacred anthem Yet along with the poppy the Cenotaph and the tomb of the Unknown Warrior its power is profoundly modern It is a response to the trauma of war that could only have evolved in a democratic age In this moving exploration of the Last Post s history Alwyn W Turner considers the call s humble origins and shows how its mournful simplicity reached beyond class beyond religion beyond patriotism to speak directly to peoples around the world Along the way he contemplates the relationship between history and remembrance and seeks out the legacy of the First World War in today s culture
