Exploring Psychology David G. Myers, C. Nathan DeWall, 2016-01-04 The new edition of Exploring Psychology offers outstanding currency on the research practice and teaching of psychology Myers and DeWall inspire students with fascinating findings and applications effective new study tools and technologies and a compassionate and compelling storytelling voice Their presentation is based on the same guiding principles behind the entire family of textbooks that have made David Myers the world s bestselling introductory psychology author Facilitate learning by teaching critical thinking and helping students at every step Present psychology as a science emphasizing the process of inquiry and putting facts in the service of concepts Make sure students come away with an appreciation of psychology s big ideas and with a deeper respect for humanity what drives us distinguishes us unifies us This Exploring Psychology is the first to include Myers handpicked co author Nathan DeWall shares Myers belief that instilling a sense of curiosity and inquiry about psychological science is an effective way to help students navigate the content think critically and prepare for a lifetime of learning and living The extraordinary longtime Myers ancillary author team is also here a group whose teamwork consistency and commitment again sets the industry standard for instructor and student supplements The high quality that consistently sets Myers ancillaries apart sees a new incarnation in LaunchPad This course space organizes all the book s digital resources in an online format that makes it easier for instructors to teach track and assess their students

Exploring Psychology David G. Myers, 2002-10-22 From his experience as an author and teacher David Myers has concluded that students digest material more easily when it is presented in smaller chunks Ask students whether they would prefer a 600 page book to be organized as fifteen 40 page chapters or as forty 15 page chapters and their answers will approach a consensus students prefer shorter chapters And research on learning strategies supports this preference chunked material is more easily digested Responding to student preference and learning research Myers has created a modular version of his best selling brief introductory text Exploring Psychology Exploring Psychology Fifth Edition in Modules reorganizes the 15 chapters of Exploring Psychology Fifth Edition into 40 short chapters or modules The modular organization offers instructors more freedom to pick and choose from a smorgasbord of topics Instead of deciding whether to assign the whole chapter on consciousness instructors can simply assign the module on sleep and dreams the module on hypnosis and or the module on drugs and behavior Given that each module stands alone and is not dependent upon the

content found in other modules instructors can also choose to cover the modules in any order they please Featuring the latest research and teaching innovations Myers new text reflects the author s continuing drive to discover the most effective way to communicate psychology s major ideas to an uninitiated audience Note Exploring Psychology Fifth Edition in Modules is now available saleable in two different saleable versions a A hardcover spiralbound text similar in structure to the spiralbound Myers in Modules b A perfectbound paperback text The features that have made David Myers introductory psychology textbooks such phenomenal successes compelling narrative critical thinking theme superior design are all present in Exploring Psychology Fifth Edition in Modules The way those hallmark features are presented is different This is NOT a brief version of Psychology Myers in Modules Sixth Edition Rather this new text is a Modularized version of Exploring Psychology Fifth Edition Therefore it enjoys all of the hallmark features of Exploring Psychology Fifth Edition SQ3R pedagogical system terrific writing and briefer coverage of key topics It is in fact the same writing content as can be found in Exploring Psychology Fifth Edition just with a different organization

Psychology in Modules David G. Myers, 2000-07 This new edition continues the story of psychology with added research and enhanced content from the most dynamic areas of the field cognition gender and diversity studies neuroscience and more while at the same time using the most effective teaching approaches and learning tools

Psychology Spencer A. Rathus, 2004

Exploring Psychology David G.
