New Grub Street English Edition:

New Grub Street George Gissing, 2024-06-20 In late Victorian London two writers of radically different temperaments pursue contrasting approaches to the literary life The first the talented and cerebral novelist Edwin Reardon appears to be doomed by his idealistic nature to a life of impecuniousness whereas the second the driven but cynical journalist Jasper Milvain continually reaps the material rewards of a career devoted to market driven hack writing When Reardon's intransigent sense of artistic integrity leads to the breakdown of his marriage he begins to learn the true cost of his commitment to elevated principles and his refusal to pander to the demands of the marketplace as the fates of the two rivals become ever more intertwined Published in 1891 and described by Orwell as Gissing's masterpiece New Grub Street is a powerful haunting exploration of the plight of the professional writer in a philistine age and of the perennial dichotomy between literary merit and commercial success

New Grub Street George R. Gissing, 2012-06-21 The story deals with the literary world that Gissing himself had experienced Its title refers to the London street Grub Street which in the 18th century became synonymous with hack literature by Gissing's time Grub Street itself no longer existed though hack writing certainly did Its two central characters are a sharply contrasted pair of writers Edwin Reardon a novelist of some talent but limited commercial prospects and a shy cerebral man and Jasper Milvain a young journalist hard working and capable of generosity but cynical and only semi scrupulous about writing and its purpose in the modern i e late Victorian world New Grub Street opens with Milvain an alarmingly modern young man driven by pure financial ambition in navigating his literary career He accepts that he will always despise the people he writes for networks within the appropriate social circle to create opportunity and authors articles for popular periodicals Reardon on the other hand prefers to write novels of a more literary bent and refuses to pander to contemporary tastes until as a last gasp measure against financial ruin he attempts a popular novel At this venture he is of course too good to succeed and he is driven to separate from his wife Amy Reardon née Yule who cannot accept her husband's inflexibly high standards and consequent poverty The Yule family includes Amy's two uncles John a wealthy invalid and Alfred a species of critic and Alfred's daughter and research assistant Marian The friendship that develops between Marian and Milvain's sisters who move to London following their mother's death provides opportunity for the former to meet and fall in love with Milvain However much Milvain respects Marian's intellectual capabilities and strength of personality the crucial element according to him for marriage is missing money Marrying a rich woman after all is the most convenient way to speed his career Indeed Milvain slights romantic love as a key to marriage As a rule marriage is the result of a mild preference encouraged by circumstances and deliberately heightened into strong sexual feeling You of all men know well enough that the same kind of feeling could be produced for almost any woman who wasn't repulsive Eventually reason enough for an engagement is provided by a legacy of 5000 left to Marian by John Yule Life and death eventually end the possibility of this union Milvain's initial career advancement is a position on The Current a paper edited by

Clement Fadge Twenty years earlier Alfred Yule Marian's father was slighted by Fadge in a newspaper article and the resulting acerbic resentment extends even to Milvain Alfred refuses to countenance Marian's marriage but his objection proves to be an obstacle to Milvain only after Yule's eyesight fails and Marian's legacy is reduced to a mere 1500 As a result Marian must work to provide for her parent and her inheritance is no longer available to Milvain By this time Milvain already has detected a more desirable target for marriage Amy Reardon Reardon's poverty and natural disposition toward ill health culminate in his death following a brief reconciliation with his wife She besides the receipt of 10 000 upon John Yule's death has the natural beauty and grace to benefit a man in the social events beneficial to his career Eventually Amy and Milvain marry however as the narrator reveals this marriage motivated by circumstances is not lacking in more profound areas Milvain it is said has married the woman he loves although it should be noted that the narrator never states this as a fact merely reporting it as something others have said about Milvain In fact in a conversation that ends the book the reader is left to question whether Milvain is in fact haunted by his love for Marian and his ungentlemanly actions in that regard

New Grub Street George Gissing, 1891 Hailed as Gissing's finest novel *New Grub Street* portrays the intrigues and hardships of the publishing world in late Victorian England In a materialistic class conscious society that rewards commercial savvy over artistic achievement authors and scholars struggle to earn a living without compromising their standards Even as the novel chills us with its still recognizable portrayal of the crass and vulgar world of literary endeavor writes Francine Prose in her Introduction its very existence provides eloquent encouraging proof of the fact that a powerful honest writer can transcend the constraints of commerce This Modern Library Paperback Classic is set from the text of the 1891 first edition

New Grub Street George Gissing, 2015-10-28 George Gissing's portrayal of the hard facts of a literary life remains as relevant today as it was in the late 19th century First published in 1891 *New Grub Street* deals with the literary world that Gissing himself had experienced Its title refers to the London street Grub Street which in the 18th century became synonymous with hack literature by Gissing's time Grub Street itself no longer existed though hack writing certainly did Its two central characters are a sharply contrasted pair of writers Edwin Reardon a novelist of some talent but limited commercial prospects and a shy cerebral man and Jasper Milvain a young journalist hard working and capable of generosity but cynical and only semi scrupulous about writing and its purpose in the modern i e late Victorian world *New Grub Street* features as number 28 on the 100 Best Novels list published by The Guardian

New Grub Street George Gissing, 2007-09-14 *New Grub Street* is the only one of George Gissing's two dozen novels never to have gone out of print and has long been recognized as the most important novel of the nineteenth century on the subject of the writing professions Indeed no novel in the English tradition even remotely approximates the thoroughness sophistication and clear sightedness with which *New Grub Street* explores the social and economic contexts in which writing publishing and reading take place The critical introduction to this edition gives an account of Gissing's life and times and an overview of the most important stylistic and thematic features of *New Grub*

The Haunted Study P. J. Keating,2012-10-04 The Haunted Study a rare example of a work of literary history that is genuinely interdisciplinary explores how the leading novelists of the late Victorian and Edwardian periods came to develop so many of the attitudes that are now generally accepted as characteristically modern The writing of fiction is not treated as though it exists in some kind of isolation but is shown to be intimately related to other forms of social activity Conrad James Meredith and their immediate modernist successors Joyce Lawrence and Woolf may now seem to be set apart in a variety of crucial ways from say Ouida and Marie Corelli or even Gissing Wells and Bennett but all of them worked within the same rapidly changing society and were unavoidably influenced by its dominant economic political and cultural concerns These influences were not peripheral but central and formative They profoundly affected the creation of a commercially fragmented culture as well as the nature of fiction within that culture The Haunted Study covers an exceptionally large number of authors from the critically despised to the critically admired and examines the impact on their work of such factors as the professionalisation of literature the earning power of authors the emergence of new kinds of readers and disturbingly present throughout the whole period fundamental democratic change

Author Fictions Ingo Berensmeyer,2023-10-04 Fictional novelists and other author characters have been a staple of novels and stories from the early nineteenth century onwards What is it that attracts authors to representing their own kind in fiction Author Fictions addresses this question from a theoretical and historical perspective Narrative representations of literary authorship not only

reflect the aesthetic convictions and social conditions of their actual authors or their time they also take an active part in negotiating and shaping these conditions The book unfolds the history of such author fictions in European and North American texts since the early nineteenth century as a literary history of literary authorship ranging from the Victorian bildungsroman to contemporary autofiction It combines rhetorical and sociological approaches to answer the question how literature makes authors Identifying author fictions as narratives that address the fragile material conditions of literary creation in the actual and symbolic economies of production Ingo Berensmeyer explores how these texts elaborate and manipulate concepts and models of authorship This book will be relevant to English American and comparative literary studies and to anyone interested in the topic of literary authorship

The Fiction of George Gissing Lewis D. Moore,2014-01-10 Most of George Gissing s 23 novels have a certain air of autobiography despite Gissing s frequent arguments that his fictional plots bear little resemblance to his own life and experiences Starting with *Workers in the Dawn* 1880 almost all of Gissing s fictional works are set in his own time period of late Victorian England and five of his first six novels focus on the working class poor that Gissing would have encountered frequently during his early writing career While most recent criticism focuses on Gissing s works as biographical narratives this work approaches Gissing s novels as purely imaginative works of art giving him the benefit of the doubt regardless of how well his books seem to match up with the events of his own life By analyzing important themes in his novels and recognizing the power of the artist s imagination especially through the critical works of Coleridge Wordsworth Shelley and Keats the author reveals how Gissing s novels present a lived feel of the world Gissing knew firsthand The author asserts that at most Gissing used his personal experiences as a starting point to transform his own life and thoughts into stories that explain the social personal and cultural significance of such experiences
