Encyclopaedia Britannica ,1860 **The Visible and the Invisible** Daniela Hammer-Tugendhat,2015-03-10 The book addresses the scientific debates on Rembrandt Metsu Vermeer and Hoogstraten that are currently taking place in art history and cultural studies These focus mainly on the representation of gender difference the relationship between text and image and the emotional discourse They are also an appeal for art history as a form of cultural studies that analyses the semantic

potential of art within discursive and social contemporary practices Dutch painting of the seventeenth century reflects its relationship to visible reality It deals with ambiguities and contradictions As an avant garde artistic media it also contributes to the emergence of a subjectivity towards the modern bourgeois It discards subject matter from its traditional fixation with iconology and evokes different imaginations and semantizations aspects that have not been sufficiently taken into account in previous research The book is to be understood as an appeal for art history as a form of cultural science that analyses the semantic potential of art within discursive and social contemporary practices and at the same time demonstrates its relevance today Works by Rembrandt Metsu Vermeer Hoogstraten and others serve as exemplary case studies for addressing current debates in art history and cultural studies such as representation of gender difference relationship between text and image and emotional discourse
