The Nicaraguan Revolution** Dan La Botz,2016-09-07 This volume is a valuable re assessment of the Nicaraguan Revolution by a Marxist historian of Latin American political history It shows that the FSLN the Sandinistas with politics principally shaped by Soviet and Cuban Communism never had a commitment to genuine democracy either within the revolutionary movement or within society at large that the FSLN s lack of commitment to democracy was a key factor in the way that revolution was betrayed from the 1970s to the 1990s and that the FSLN s lack of rank and file democracy left all decision making to the National Directorate and ultimately placed that power in the hands of Daniel Ortega Pursuing his narrative into the present La Botz shows that once their would be bureaucratic ruling class project was defeated Ortega and the FSLN leadership turned to an alliance with the capitalist class *Nicaragua Footprint Handbook* Richard Arghiris,2014-04-10 Escape the crowds and uncover one of the best kept secrets of Central America with Footprint s 5th edition Nicaragua Handbook Deserted beaches sleepy towns incredible rainforests and active volcanoes all await the intrepid traveller to this emerging Latin American destination Comprehensive coverage on how to get the most from this little travelled land including amazing cultural insights all the best places to eat drink and sleep detailed advice on how to get around and how to experience the most from the adventure activities on offer Extensive coverage of Nicaragua s national parks and how to get the most from them Amazing cultural historical insight Our recommended itineraries to help you plan your trip whether you re travelling for one week or four Accommodation listings for every budget Detailed street maps for important towns and cities The lowdown on the best adventure activities including surfing windsurfing riding and trekking Detailed transport advice on how to get around
