curriculum **Fantasies of Witnessing** Gary Weissman, 2018-07-05 *Fantasies of Witnessing* explores how and why those deeply interested in the Holocaust yet with no direct familial connection to it endeavor to experience it vicariously through sites or texts designed to make it real for nonwitnesses Gary Weissman argues that far from overwhelming nonwitnesses with its magnitude of horror the Holocaust threatens to feel distant and unreal A prevailing rhetoric of secondary memory and trauma he contends and efforts to portray the Holocaust as an immediate and personal experience are responses to an encroaching sense of unreality In America we are haunted not by the traumatic impact of the Holocaust but by its absence When we take an interest in the Holocaust we are not overcoming a fearful aversion to its horror but endeavoring to actually feel the horror of what otherwise eludes us Weissman focuses on specific attempts to locate the Holocaust in the person of Elie Wiesel the most renowned survivor and his classic memoir *Night* in videotaped survivor stories and Lawrence L Langer's celebrated book *Holocaust Testimonies* and in the films *Shoah* and *Schindler's List* These representations he explains constitute a movement away from the view popularized by Wiesel that those who did not live through the Holocaust will never be able to grasp its horror and toward re-creating the Holocaust as an experience nonwitnesses may put themselves through It is only by acknowledging the desire that gives shape to such representations and by exploring their place in the ongoing contest over who really knows the Holocaust and feels its horror that we can arrive at a more candid assessment of our current and future relationships to the Holocaust he says **Problems Unique to the Holocaust** Harry J.

Cargas, 1999-01-01 In *Problems Unique to the Holocaust* today's leading Holocaust scholars examine the difficult questions surrounding this terrible chapter in world history Is it ever legitimate to betray others to save yourself If a group of Jews is hiding behind a wall and a baby begins to cry should an adult smother the child to protect the safety of the others Should the men and women who took their own lives in the face of the Nazi onslaught be considered suicide or murder victims How guilty are the bystanders who saw what was happening but did nothing to aid the victims of persecution **Living among**

the Dead Adena Bernstein Astrowsky, Hilary Levine, 2022-01-01 An Educator's Guide is now available to assist those teaching about the Holocaust by using the book *Living among the Dead* The Guide can be used chapter by chapter to enhance the student's understanding of the narrative There are multiple suggestions and lessons to take us deeper into the history of the Holocaust and this story of strength family love community solidarity and Jewish history **Resources in Education**, 1998

Teaching Death and Dying Christopher M Moreman, 2008-10-03 The academic study of death rose to prominence during the 1960s Courses on some aspect of death and dying can now be found at most institutions of higher learning These courses tend to stress the psycho-social aspects of grief and bereavement however ignoring the religious elements inherent to the subject This collection is the first to address the teaching of courses on death and dying from a religious studies perspective *Homework Done Right* Janet Alleman, Jere Brophy, Ben Botwinski, Barbara Knighton, Rob Ley, 2015-02-03 *Homework Done Right* shows teachers how homework assignments can connect with the curriculum and how to make it

applicable to their students lives Educators will learn how to design and implement active creative assignments that promote useful skills like inquiry problem solving and critical thinking Moving beyond the current homework debate this resource is split into three sections to explain the rationale for meaningful homework how to make it relevant and how students in different grades respond to it Additionally teachers will learn about Effective homework strategies and sample assignments for all K 12 levels in numerous subject areas Do s and don ts of homework planning Promoting parent involvement Guidance on helping students develop leadership and collaboration skills through activities such as questioning evidence gathering and interviewing Classroom ready tools including homework planning forms and other reproducibles When homework assignments are challenging and relevant students have a new opportunity to engage with learning and will be able to succeed academically **Illinois English Bulletin** ,2005 **The Holocaust and the Postmodern** Robert

Eaglestone,2004-12-09 Robert Eaglestone argues that postmodernism is a response to the Holocaust He offers a range of new perspectives including new ways of looking at testimony and at and recent Holocaust fiction explores controversies in Holocaust history looks at the importance of the Holocaust for recent philosophy and asks what the Holocaust means for reason ethics and for being human **Witness Between Languages** Peter Davies,Peter J. Davies,2018 A growing body of scholarship is making visible the contribution of translators to the creation preservation and transmission of knowledge about the Holocaust The discussion has tended to be theoretical or to concentrate on exposing the distorted translations of texts by important witnesses such as Anne Frank or Elie Wiesel There is therefore a need for a positive concrete and contextually aware approach to the translation of Holocaust testimonies that acknowledges the achievements of translators while being sensitive to the consequences of particular translation strategies Peter Davies s study proceeds from the assumption that translators are active co creators whose work does not simply mediate a pre existing text but creates a representation of that text for a new readership in a specific context Translators of Holocaust testimonies then provide a form of textual commentary that works through ideas about witnessing historical truth and the meaning of the Holocaust In this way they are important co creators of knowledge about the Holocaust and its legacy The study focuses on translations between English and German and from other languages principally French Russian and Polish into English and German It works through a number of case studies showing how making translation and its effects visible contributes to a clearer understanding of how knowledge about the Holocaust has been and continues to be created and mediated Peter Davies is Professor of German at the University of Edinburgh [CliffsNotes on Wiesel's Night](#) Maryam Riess,1999-03-03 The original CliffsNotes study guides offer expert commentary on major themes plots characters literary devices and historical background In CliffsNotes on Wiesel s Night you follow the humanistic first person account of a teenage boy s incarceration by the Nazi Secret Service in World War II his experiences in the Auschwitz and Buchenwald death camps and his struggle to find meaning among the horror Covering little more than a year of the young narrator s life this study guide shares a story

about endurance loyalty and faith all nurtured by the strength of love Other features that help you figure out this important work include Life and background of the author Dr Elie Wiesel A list of characters A historical timeline of Nazi Germany A review section that tests your knowledge and suggests essay topics A selected bibliography that leads you to more great resources Classic literature or modern day treasure you ll understand it all with expert information and insight from CliffsNotes study guides

There are no Right Answers to Wrong Questions Peter C. Wilcox, 2016-06-28 Abraham Joshua Heschel said that We are closer to God when we are asking questions than when we have the answers He believed that to be a Christian is not to be a person who knows all the answers but one who lives in the part of the self where the question is constantly being born Most of us don t think very much about our questions In our culture we are accustomed to being able to find out answers to nearly any question just by typing it into Google search or asking Siri But behind any answer there is always a question Sometimes the question isn t clear to us sometimes it is not very well articulated even to ourselves But it is always there In over thirty years as a psychotherapist and spiritual director Peter C Wilcox has seen how the questions people ask themselves have shaped their lives in some very important ways This book is an invitation to see how important it is to learn how to ask the right questions about our lives This is because our choice of questions leads us on a path of discovery towards answers that help us to grow spiritually and psychologically Our questions orient our lives and give direction to us We will see that they enable us to make fifteen choices that have a tremendous impact on the kind of person we become

Religious Studies, Theology, and the University Linell E. Cady, Delwin Brown, 2002-10-10 This collection explores the highly contested relationship of religious studies and theology and the place of each if any in secular institutions of higher education The founding narrative of religious studies with its sharp distinction between teaching religion and teaching about religion grows less compelling in the face of globalization and the erosion of modernism These essays take up the challenge of thinking through the identity and borders of religious studies and theology for our time Reflecting a broad range of positions the authors explore the religious secular conceptual landscape that has dominated the modern West and in the process address the revision of the academic study of religion and theology now underway
