Building Character Through Literature Rosann Jweid, Margaret Rizzo, 2001 The book's primary purpose is to introduce novels that show strength of character. It offers guidance for opening a dialogue about character issues through the included texts. While looking for books with strong character traits, the authors also sought to include award-winning titles from authors whose general bodies of work have been acclaimed.

Service Tails Ace Collins, 2016-08-16 Not all heroic dogs wildly toss themselves into lifesaving situations. Some save lives simply by their incredible commitment to duty and service. Some lead the way to independence for people whose disabilities were supposed to limit their lives. In *Service Tails: More Stories of Man's Best Hero*, prolific author Ace Collins introduces us to leaders whose entire lives are wrapped in the banner of service. Their stories are remarkable snapshots of the value of vision and teamwork as well as devotion to duty and unconditional love and acceptance, stretching the way we see both canine and human potential. Their training was intense, their loyalty unquestioned, and each step of the way they constantly adapt to better serve those they lead. These unforgettable dogs are more than heroes; they are models from which we can learn how to love and serve unconditionally.

Literacy and Learning in the Content Areas Sharon Kane, 2017-07-05 The 3rd Edition of *Literacy Learning in the Content Areas* helps readers build the knowledge, motivation, tools, and confidence they need as they integrate literacy into their middle and high school content area classrooms. Its unique approach to teaching content area literacy actively engages preservice and practicing teachers in reading and writing and the very activities that they will use to teach literacy to their own students in middle and high school classrooms. Rather than passively learning about strategies for incorporating content area literacy activities, readers get hands-on experience in such techniques as mapping, webbing, anticipation guides, booktalks, class websites, and journal writing and reflection. Readers also learn how to integrate children's and young adult literature, primary sources, biographies, essays, poetry, and online content communities and websites into their classrooms. Each chapter offers concrete teaching examples and practical suggestions to help make literacy relevant to students' content area learning. Author Sharon Kane demonstrates how relevant reading, writing, speaking, listening, and visual learning activities can improve learning in content area subjects and at the same time help readers meet national content knowledge standards and benchmarks.

When Kids Can't Read, what Teachers Can Do G. Kylene Beers, 2003 For Kylene Beers, the question of what to do when kids can't read surfaced in 1979 when she met and began teaching a boy named George. When George's parents asked her to explain why he couldn't read and how she could help, Beers, a secondary-certified English teacher with no background in reading, realized she had little to offer. That moment sent her on a twenty-three year search for answers to the question: How do we help middle and high schoolers who can't read?
