Shawn M. Tomlinson,2018-03-14 I have been somewhat reluctant to write about the absolute best digital single lens reflex camera I have ever used the Nikon D800E The reason is that I like to write about older cameras that have become cheaper to buy and use for the frugal photographer Although some of the cameras I have written about were terribly expensive when first released by now they are reasonably cheap For example I ve written books about the Canon EOS 1DS 1DS Mark II the Nikon D1 and the Nikon D2X These all are pro DSLRs and as such were released at prices ranging from 6 000 to 8 000 By now however the most you will pay is around 400 for any of them In a few years the Nikon D800E too will be much cheaper and an obvious choice for the frugal photographer No matter the price the D800 and D800E are two of the best DSLRs ever made Either will change you as a photographer in fantastic ways **Mastering the Nikon D780** Darrell Young,2021-02-03 Learn to master your Nikon D780 and take full advantage of all its capabilities Mastering the Nikon D780 by Darrell Young provides a wealth of experience based information and insights for owners of the new D780 camera Darrell is determined to help the user navigate past the confusion that often comes with complex and powerful professional camera equipment This book explores the features and capabilities of the camera in a way that far surpasses the user s manual It guides readers through the camera features with step by step setting adjustments color illustrations and detailed how when and why explanations for each option Every button dial switch and menu configuration setting is explored in a user friendly manner with suggestions for setup according to various shooting styles Darrell s friendly and informative writing style allows readers to easily follow directions while feeling as if a friend dropped in to share his knowledge The information in this book goes beyond the camera itself and also covers basic photography technique *David Busch's Nikon D5600 Guide to Digital SLR Photography* David D.
