

US History Spring 2022 Final Exam Study Guide

World War II

- 1) Main WWII Nations and Their Leaders- axis- germany(hitler) italy(mosalini) Japan Allied- USA (fdr) Soviet Union(Stalin) Great Britain (Churchill)
- 2) Hitler's motivation and rationale
- 3) "Final Solution"
- 4) Appeasement policies- allowing hitler to expand into other countries unchecked
- 5) The bombing of Pearl Harbor- Japan bombed pearl harbor
- 6) Roosevelt's position on entering the war- american neutrality
- 7) Lend-Lease Act -set up a system that would allow the United States to lend or lease war supplies to any nation deemed "vital to the defense of the United States"
- 8) Japanese-American internment
- 9) Dwight D. Eisenhower - D day, During World War II, he served as Supreme Commander of the Allied Expeditionary Force in Europe, and achieved the five-star rank of General of the Army. He planned and supervised the invasion of North Africa in Operation Torch in 1942–1943 and the invasion of Normandy from the Western Front in 1944–1945.
- 10) Women and WWII- many women became nurses for the injured soldiers
- 11) Atomic bombing of Japan- the two bombs that were dropped were to make an end to the war and to make sure that they would end the war.

Post-WWII America & Cold War

- 12) GI Bill of Rights - provided World War II veterans with funds for college education, unemployment insurance, and housing
- 13) Berlin Blockade
- 14) Berlin Airlift
- 15) Korean War – Truman vs. MacArthur- Truman was firm in his commitment to keeping the conflict confined to the Korean peninsula; MacArthur insisted on a full-scale war with China.
- 16) Segregation in the military- the Army, Navy, and Marine Corps all segregated African Americans into separate units because of the belief that they were not as capable as white service members.
- 17) McCarthyism- McCarthyism (or McCarranism as some scholars have suggested) is the 'practice of making accusations of subversion and treason, especially when related to communism and socialism. looking for communist
- 18) End of the Korean War- After three years of a bloody and frustrating war, the United States, the People's Republic of China, North Korea, and South Korea agree to an armistice, bringing the fighting of the Korean War to an end. The armistice ended America's first experiment with the Cold War concept of "limited war."

Civil Rights & JFK Domestic Issues

- 19) Space race- soviets vs us
- 20) Causes of the Civil Rights Movement
- 21) Montgomery Bus Boycott

Small Teaching James M. Lang, 2016-02-16 Employ cognitive theory in the classroom every day Research into how we learn has opened the door for utilizing cognitive theory to facilitate better student learning But that s easier said than done Many books about cognitive theory introduce radical but impractical theories failing to make the connection to the classroom In Small Teaching James Lang presents a strategy for improving student learning with a series of modest but

powerful changes that make a big difference many of which can be put into practice in a single class period These strategies are designed to bridge the chasm between primary research and the classroom environment in a way that can be implemented by any faculty in any discipline and even integrated into pre existing teaching techniques Learn for example How does one become good at retrieving knowledge from memory How does making predictions now help us learn in the future How do instructors instill fixed or growth mindsets in their students Each chapter introduces a basic concept in cognitive theory explains when and how it should be employed and provides firm examples of how the intervention has been or could be used in a variety of disciplines Small teaching techniques include brief classroom or online learning activities one time interventions and small modifications in course design or communication with students [Hearts Collide, Volume 2](#) Kristine Kathryn Rusch, Dean Wesley Smith ,2024-07-18 Romance stories Check Traditional romance tropes Umm You can't keep Dean Wesley Smith or Kristine Kathryn Rusch tied to traditional genre norms Even when writing romance stories Which they delightfully are From western to humor vampires to science fiction with even a dab of literary mainstream no matter which these stories all have romance at their center You get three authors this time including Kristine Kathryn Rusch s fantasy romance pen name Kristine Grayson Featured stories include Dean Wesley Smith s highly acclaimed In The Shade of the Slowboat Man and Kristine Kathryn Rusch s award nominated Millennium Babies [Fake Slackers Vol 2](#) Mu Gua Huang,2020-12-25 After class placements were decided the school s two infamous problem youth not only shared the same class but the same desk They re clearly good at studies but pretend to be slackers Fakers from head to toe who just keep walking farther down the path of their performance Hear on the grapevine about the two big brothers who always fight over the last place in class Basically this is a serious comedy About the little matters of growing up [World Through a Stethoscope \(Volume 2\)](#) Dr Tejas Shelar,2023-11-08 World through a Stethoscope is an idea which originated amidst the gone pandemic of COVID With a simple motto of giving voice to healthcare professionals unfolding stories one at a time With 74 established authors who are healthcare professionals have enlivened the text within these pages They have unveiled the triumphs and challenges the moments of vulnerability and resilience that have shaped them as they navigate the maze of healthcare In the vast realm of medicine where every heartbeat holds a story we find ourselves at the crossroads of science and humanity Welcome to this anthology a tapestry woven by the hands minds and hearts of medical professionals The narratives in this book are frozen in time representing the authors as they were around December 2020 As we fast forward to 2023 their subsequent achievements and personal growth have taken them to new heights making their stories even more inspiring and emblematic of their remarkable journeys We hope this book encourages future doctors makes people talk about how to make things better and reminds everyone that being a doctor is not just about facts and figures it s also about being caring and kind Let s celebrate the special people who spend their lives helping others and let these stories inspire you to do good things too Wherever we originate whoever we are and wherever we may be headed our lives are woven from stories

and its stories that will endure as our lasting legacy *Resources in Education* ,1997-04 **Listening to Our Students and Transcending K-12 to Save Our Nation** Alec Ostrom,Brian Hack,Don Prentice,2020-01-06 This journey will engage you in dealing with some hard truths and it will take you down a new pathway and new ways of thinking about K 12 education We now live in a nation that is struggling with deep social economic and political conflicts We are all doing our best to resolve these conflicts and to solve the critical challenges that we all face in the Digital Age but our children and young adults are having a very difficult time in dealing with the realities of their young lives We wrote this book because we want to engage all of our readers in each local community in frank honest down to earth practical conversations about our K 12 schools as the foundation for our constitutional democracy Without well educated citizens our government our economy and our society will not survive And this is true regardless of the political beliefs of our readers across the political spectrum

Creating Wicked Students Paul Hanstedt, 2023-07-03 In *Creating Wicked Students* Paul Hanstedt argues that courses can and should be designed to present students with what are known as wicked problems because the skills of dealing with such knotty problems are what will best prepare them for life after college As the author puts it this book begins with the assumption that what we all want for our students is that they be capable of changing the world When a student leaves college we want them to enter the world not as drones participating mindlessly in activities to which they've been appointed but as thinking deliberative beings who add something to society There's a lot of talk in education these days about wicked problems problems that defy traditional expectations or knowledge problems that evolve over time Zika ISIS political discourse in the era of social media To prepare students for such wicked problems they need to have wicked competencies the ability to respond easily and on the fly to complex challenges Unfortunately a traditional education that focuses on content and skills often fails to achieve this sense of wickedness Students memorize for the test prepare for the paper practice the various algorithms over and over again but when the parameters or dynamics of the test or the paper or the equation change students are often at a loss for how to adjust This is a course design book centered on the idea that the goal in the college classroom in all classrooms all the time is to develop students who are not just loaded with content but capable of using that content in thoughtful deliberate ways to make the world a better place Achieving this goal requires a top to bottom reconsideration of courses including student learning goals text selection and course structure day to day pedagogies and assignment and project design *Creating Wicked Students* takes readers through each step of the process providing multiple examples at each stage while always encouraging instructors to consider concepts and exercises in light of their own courses and students

Education for Sustainable Development in Foreign Language Learning María de la Fuente, 2021-11-29 This unique volume utilizes the UNESCO Education for Sustainable Development ESD framework to illustrate successful integration of sustainability education in post secondary foreign language FL learning Showcasing a variety of approaches to using content based instruction CBI in college level courses this text valuably demonstrates how topics relating to environmental social and cultural dimensions of sustainability can be integrated in FL curricula Chapters draw on case studies from colleges throughout the US and consider theoretical and practical concerns relating to models of sustainability based teaching and learning Chapters present examples of project problem and task based approaches as well as field work debate and reflective pedagogies to enhance students awareness and engagement with sustainable development issues as they acquire a foreign language Insights and

recommendations apply across languages and highlight the potential contribution of FL learning to promote sustainability literacy amongst learners This text will benefit researchers academics and educators in higher education with an interest in Modern Foreign Languages sustainability education training and leadership more broadly **Servicemembers**
