could lead you to incredible artifacts and perhaps if you're lucky to valuable treasures **Detector Owner's Field Manual** Roy Lagal, 1976 **Metal Detecting for the Beginner** Vince Migliore, 2010 Metal Detecting for the Beginner 2nd Edition is an expanded version of the original best selling book on metal detecting. We've added more pages, more photographs and a vastly enhanced discussion of using the Internet to compliment your treasure hunting. The book includes a thorough explanation of crucial concepts for the beginner such as Discrimination and Target ID. Resources include a list of manufacturers, hobby related web sites and step by step instructions for using the Internet for planning and research.

Metal Detecting Leon Johnson, 2023-12-29 In this guide you'll learn what this hobby is all about, why it has become so popular, what you'll need to get started and so much more. Learning to use a metal detector will allow you to unearth all sorts of interesting and possibly valuable items: Coins, precious metals, jewelry, artifacts, war relics with a metal detector and a little know-how, who knows what you'll find right under your feet. You'll definitely have fun and you might even make a few bucks along the way. You will learn: How to find valuable gold, silver and jewelry from home. How to determine if the item is real or fake. How to determine the exact value of gold, silver and jewelry. How to buy valuable items for a fraction of their worth. The type of metal detector you get depends upon where you plan on going and what you want to find. Some detectors are especially effective in areas where there is lots of buried trash, while others are specifically designed to locate gold. Think about the areas you plan on traveling to in order to carry out your hunts for treasure and understand how the various frequencies of metal detectors play a role in terms of its effectiveness with certain types of ground and metals.
