I believe that the E Symposium on Industrial and Systems Engineering (ISSE) program and associated learning environment has an exceptionally high regard through its excellent speakers, programs, and speakers. Furthermore, its speakers and programs generate an excellent public and engineering community. Myself, I have been very involved in previous ISSE Symposiums, where I have been able to meet and interact with the engineering and technological leaders in the field. I believe that I would have the opportunity to expand on the knowledge I have obtained as an ISSE Fellow. I am excited to be able to present at the Symposium on the E Symposium on Industrial and Systems Engineering through the integration of my research, knowledge, and my personal experiences, which are unique to me and my organization.
