This Remote Starter with Ignition Entry System has been designed to be installed on vehicles equipped with an immobilizer system.

- Do not install this remote starter on a vehicle with an immobilizer system.
- The system must be installed and wired through a safety switch so it will not start in any forward or reverse gear.
- Once you install this system, you must verify that the vehicle will not start in any forward or reverse gear, regardless of the type of vehicle.
- Read the operation manual for operating.
- Do not install any components near the engine, gas leaks or electrical wiring.
- Some vehicles have a factory installed immobilizer system that will disable the vehicle. There is a possibility that this system cannot be installed on some immobilizer-equipped vehicles.
- Start vehicles have an ABS or any system, the system can and do not cause any work of the ABS system.
- Disconnect the air battery before beginning work on the vehicle.
- Check vehicle points before wiring any other device that is wiring harness or other components are located before the points that must otherwise be damaged.
- Do not use conventional battery cable, built on any wiring. Poor wiring, or short wires will possibly introduce electricity into the alarm system and may result in false alarms or incorrect operation.
- The suggested installation of connection points, avoid the wiring, steady state, system in tested time to prevent possible damage to wires.
