brings together the recollections and thoughts of some of the main protagonists from the very early days of NLP In 1971 Richard Bandler and Frank Pucelik were students at Kresge College at the University of California Santa Cruz They had a strong mutual interest in Gestalt Therapy Frank because of his traumatic time in Vietnam and because he had been working with some disaffected and drug addicted kids and Richard because he had been working with Science and Behavior Books on transcribing and editing Fritz Perls seminal work *The Gestalt Approach and Eyewitness to Therapy* They started a local Gestalt group and ran 2-3 sessions a week collaborating and experimenting with the language of therapy They started achieving some brilliant results but were having problems transferring their skills to others and so Richard invited one of their college professors John Grinder to observe what they were doing in order that he would hopefully be able to deconstruct what they were doing that was so effective John was a professor of Linguistics and was instantly impressed with the work that they were doing He was able to add more structure and in due course the three of them formalised what is now known as the Meta Model NLP or Meta as it was known then was born *Neuro-Linguistic Programming* P. Tosey, J. Mathison, 2009-11-12 Addressing the need for a discerning research based discussion of NLP this book seeks to answer the many questions that clients potential users and practitioners ask including what is NLP and what can it best be used for This book looks at the research and theory behind NLP also exploring claims that it is a pseudoscience **Nlp: The Best Methods, Tricks, and Steps for Successful Neuro-linguistic Programming (Complete Nlp Training to Build Mental Resources and Change Your Habits)** Edward Vaknin, Enough with trying out new routines that never seem to stick Get down to the deepest level of your programming and create lasting change from the inside out with these simple but extremely powerful tools Take control of your life today You Will Learn What NLP is What are hypnotic language patterns Higher level of thinking Uses of NLP in your personal professional and lives Strategies to free your skills and how to better manage your feelings instead of being dominated by them How to release your skills in difficult situations Effective communication skills and much more What if you knew the tactics and techniques that allowed you to penetrate through your customer's conscious faculty and reach them on a deep and influential level What if you knew exactly how to produce the emotional reaction that would cause them to buy What if you knew how to read your customer's body language so well that you could lead them to the decision you wanted with ease **Encyclopedia of Information Science and Technology, Third Edition** Khosrow-Pour, D.B.A., Mehdi, 2014-07-31 This 10 volume compilation of authoritative research based articles contributed by thousands of researchers and experts from all over the world emphasized modern issues and the presentation of potential opportunities prospective solutions and future directions in the field of information science and technology Provided by publisher NLP And Education : Unlocking Young Minds Divya Agarwal, 2025-04-29 Within the confines of the human brain lie untold secrets These secrets hold the key to basically everything we see understand grasp and respond If we understand how the brain actually works in the learning process we will be able to alter that process where needed to our
