constant vigil on the planet Venus for any sign of its return Nibiru and 2012 Today we not only observe Venus but the entire solar system as well and what we are seeing is troubling for some In the last 75 years the effective energy output of our sun has increased 0.4% causing the most violent solar activity in recorded history According to NASA the next solar cycle will reach its maximum in 2012 and it will be stronger than the last Meanwhile as the global warming debate continues here on Earth astronomers have observed significant surface warming on Mars and Pluto at levels that could cause an extinction event here on Earth Additionally there is a sharp increase in atmospheric perturbations and a host of new X ray and radio emissions on the other planets in our solar system as well

Anunnaki Sonny Ramirez, 2017-09-13 Humankind has been attempting to answer complex questions for thousands of years Is there a God Where do we come from Is there life somewhere else Are we alone Who created us Is there an afterlife Is there hell In the early 1800s over thirty thousand tablets were found in the ancient biblical city of Nineveh that included the Assyrian palace reliefs the library of Ashurbanipal and the Enuma Elish also known as the Seven Tablets of Creation that tell the story of the formation of the world and humanity and of the Anunnaki gods who arrived from the heavens to create the human race In a comprehensive study Sonny Ramirez reveals translations of the findings as well as new discoveries in a passionate search for the truth about the origins of humankind as he attempts to piece together the Anunnaki connection and ultimately discover whether the gods of Earth men and Nibiru are still with us today Anunnaki Gods of Earth and Nibiru share and analyze ancient texts that will encourage others to open their minds imagine the unimaginable and dream of the possibilities that an endless universe can hold

Nibiru Rising, the Lost Planet of Sumerian Gods Ryan

Moorhen,2025-08-28 Across the clay tablets of Mesopotamia a name appears like a cipher from the stars Nibiru the Planet of the Crossing To the ancients it was not merely a celestial body but a threshold a cosmic judge presiding over the rise and fall of ages From the Enuma Elish to the councils of the Anunnaki from Babylonian ziggurats to modern telescopes searching for Planet Nine Nibiru has always stood at the crossroads of myth and astronomy fear and revelation Nibiru Rising journeys deep into this mystery It traces the story of Nibiru from its first appearance in Babylonian creation myths through its echoes in flood legends and divine councils into its modern rebirth as Planet X and a symbol of apocalyptic prophecy Along the way it explores how ancient sky watchers may have encoded knowledge of long celestial cycles precession eclipses comets into temples myths and rituals anticipating the return of a hidden world that brings transformation whenever it crosses near Blending ancient history comparative mythology and the latest astronomical debates this book reveals how the memory of a single enigmatic planet has shaped civilizations for thousands of years Was Nibiru a literal body beyond Neptune a lost piece of cosmic architecture or a symbolic key to understanding time itself Whether read as prophecy science or myth its legacy is undeniable In a world where the past and future seem to meet in the stars Nibiru Rising asks are we once again standing at the crossing **Nibiru's Final Servitor** John Captain Pyles,2022-02-03

Imagine earth being visited every 3600 years by an advanced culture so developed that we would be unable to comprehend Reinforced with that the ones who occupied this rogue planet had awareness that without their intervention earth would be destroyed In this narrative the ancient aliens provide earth with a protective deterrent This strategy was effective for thousands of years while the rogue planet was separated by space time and orbital proximity However before the next sequential encounter was to come about the highly advanced planet would experience a catastrophic crisis While earth continued to progress into its present day cycle the story becomes focused on a group of people on a quest for ancient artifacts One of the devises that had been constructed at the last occupation of the ancient aliens was discovered in a remote cave More is quickly learned about these fabricated units as well as a shocking revelation that earth is on an unstoppable countdown toward its eminent obliteration Even though the close proximity of the two planets produce tremendous shifts within the earth s mantle a most unusual bond develops between the life forms of the older planet and the group of earth s mortals Being the selected few people that would obtain the knowledge of preventing the earth s doom they would soon be provided with an advantage from those of the superior culture From The Vault of Schrodinger's Cat Natasha Parkinson,2023-08-02
