Balogun, 2023-09-20 This book assesses the challenges within the Nigerian educational system and provides a concrete plan to revitalize the low performing system by strengthening high stakes testing at all levels In Nigeria many citizens believe that the solution to the country's low performance in education is to eliminate high stakes standardized testing High stakes testing refers to applying standardized student achievement tests as a primary mechanism to evaluate students teachers and their school's performance This book argues that the poor quality of education and low ranking of Nigeria's educational system is not related to the negative consequences of high stakes testing but rather is due to many intrinsic factors By conducting a comparative analysis of six high performing education systems worldwide the book offers a comparative summative evaluation of the educational system and offers recommendations This book will be of interest to policymakers and scholars in the fields of African education higher education quality and global studies African studies management and administration leadership and professional development studies Joseph Abiodun Balogun is former Dean and retired Distinguished University Professor at the College of Health Sciences Chicago State University USA Visiting Professor Program Consultant at the Centre of Excellence in Reproductive Health Innovation University of Benin Nigeria and President CEO Joseph Rehabilitation Center Tinley Park Illinois USA **Social Policy in Post-Apartheid South Africa** Ndangwa

Noyoo, 2019-11-01 This book critically examines the current social policy in post apartheid South Africa and proposes an alternative social policy agenda to create a new development pathway for the country Taking social policy as a vehicle that will facilitate the creation of a new society altogether namely the Good Society the author argues for the adoption of policy that will socially re engineer South Africa The author shows how the policy tools and development interventions which were undertaken by the post apartheid state in driving South Africa's transformation agenda failed to emancipate many individuals families and communities from the cycle of intergenerational poverty and underdevelopment He contends that social policy interventions that foster the social re engineering of South African society must take place to untangle the inherited colonial apartheid social order This book includes comparative analyses on the Global South and Global North to present the ways in which countries such as post Second World War Great Britain and Sweden and post independence Zambia of the 1960s and 1970s were able to use social policy to create new societies altogether or places similar to the Good Society The conceptual and methodological issues that form the basis for this book reside in public policy making and the public good and will be of interest to scholars of social policy social development and South African society **Dictionary Skills 4-6** Sylvia J.
